# FORM OF INTELLECTUAL PROPERTY ASSIGNMENT AND ASSUMPTION AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AND ASSUMPTION AGREEMENT ("Assignment") is effective on the 15<sup>th</sup> day of March, 2002 by and between Code-Alarm, Inc., a Michigan corporation ("Assignor"), and Code Systems, Inc., a Delaware corporation ("Assignee").

WHEREAS, pursuant to an Asset Purchase Agreement of even date herewith by and among Assignor and Assignee ("Purchase Agreement"), Assignee has agreed to purchase substantially all of the assets of Assignor;

WHEREAS, pursuant to the Purchase Agreement, Assignor agreed to irrevocably assign to Assignee Assignor's entire right, title and interest in and to the Intellectual Property (as defined below) that are Purchased Assets (as defined in the Purchase Agreement);

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein and in the Purchase Agreement and intending to be legally bound hereby, the parties hereto agree as follows:

## DEFINITIONS

All undefined, capitalized terms used herein shall have the meaning given to them in the Purchase Agreement. Additionally, the following definitions shall apply to this Assignment:

"Copyrights" means all United States and foreign registered copyrights, copyright applications, and unregistered copyrights, including, without limitation, the registrations and applications set forth on Exhibit C.

"Intellectual Property" means Patents, Trademarks, and Copyrights.

"Patents" mean all letters patent and pending applications for patents of the United States and all countries foreign thereto owned by Assignor, including regional patents, certificates of invention and utility models, all inventions (whether patentable or unpatentable and whether or not reduced to practice) and all improvements thereto that have been conceived and reduced to practice as of the date of this Assignment, and all reissues, divisions, continuations and extensions thereof, including, without limitation, the patents and patent applications set forth on Exhibit A.

"Trademarks" means all United States and foreign registered trademarks and service marks, the domain name, www.codl.com, and all trademark and service mark applications, unregistered trademarks and service marks, including, without limitation, the trademarks and service marks, set forth on Exhibit B.

## COPYRIGHTS

1. Assignor hereby sells, assigns and transfers to Assignee all of Assignor's right, title and interest in and to the Copyrights, including but not limited to renewal rights therein, the right to obtain registrations of the Copyrights in the United States and throughout the world, and the right to sue and recover any and all damages and profits, and any and all other remedies, for past, present or future infringements or violations thereof, all in Assignee's sole name.

2. Assignee hereby accepts the foregoing assignment but shall only assume all liabilities, debts and obligations associated with the Copyrights to the limited extent set forth in the Purchase Agreement; provided, however, that Assignee does not agree to assume any liability, debt, or obligation other than one which may constitute a Retained Liability (as defined in the Purchase Agreement).

3. Assignor shall cooperate with Assignee in any action Assignee reasonably requests that Assignor take in order to effectuate, carry out, or fulfill the parties' intent and/or Assignor's obligations hereunder, including, without limitation, the execution of any instruments and papers that are necessary or desirable, in Assignee's sole discretion, to consolidate, confirm, vest and/or record Assignee's full and complete ownership of the Copyrights with, for example, the U.S. Copyright Office or equivalent foreign offices.

## TRADEMARKS

4. Assignor hereby sells, assigns and transfers to Assignee all of Assignor's right, title and interest in and to the Trademarks, together with the goodwill of the business(es) that is/are symbolized by the Trademarks, including but not limited to renewal rights therein, the right to obtain registrations of the Trademarks in the United States and throughout the world, and the right to sue and recover any and all damages and profits, and any and all other remedies, for past, present or future infringements or violations thereof, all in Assignee's sole name.

5. Assignee hereby accepts the foregoing assignment but shall only assume all liabilities, debts and obligations associated with the Trademarks to the limited extent set forth in the Purchase Agreement; provided, however, that Assignee does not agree to assume any liability, debt, or obligation other than one which may constitute a Retained Liability (as defined in the Purchase Agreement).

6. Assignor shall cooperate with Assignee in any action Assignee reasonably requests that Assignor take in order to effectuate, carry out, or fulfill the parties' intent and/or Assignor's obligations hereunder, including, without limitation, the execution of any instruments and papers that are necessary or desirable, in Assignee's sole discretion, to consolidate, confirm, vest and/or record Assignee's full and complete ownership of the Trademarks with, for example, the U.S. Patent and Trademark Office or equivalent foreign offices, or with domain name registrars.

## PATENTS

7. Assignor hereby sells, assigns and transfers to Assignee all of Assignor's right, title and interest in and to the Patents, including but not limited to renewal rights therein, the right to obtain patent or equivalent protection therein in the United States and throughout the world, and the right to sue and recover any and all damages and profits, and any and all other remedies, for past, present, or future infringements or violations thereof, all in Assignee's sole name.

8. Assignee hereby accepts the foregoing assignment but shall only assume all liabilities, debts and obligations associated with the Patents to the limited extent set forth in the Purchase Agreement; provided, however, that Assignee does not agree to assume any liability, debt, or obligation other than one which may constitute an Assumed Liability (as defined in the Purchase Agreement).

9. Assignor shall cooperate with Assignee in any action Assignee reasonably requests that Assignor take in order to effectuate, carry out, or fulfill the parties' intent and/or Assignor's obligations hereunder, including, without limitation, the execution of any instruments and papers that are necessary or desirable, in Assignee's sole discretion, to consolidate, confirm, vest and/or record Assignee's full and complete ownership of the Patents with, for example, the U.S. Patent and Trademark Office or equivalent foreign offices.

## GENERAL

10. Entire Agreement. This Assignment and the Purchase Agreement contain the entire agreement of the parties with respect to the subject matter of this Assignment. No prior agreement or understanding pertaining to any such matter shall be effective. This Assignment may only be modified in a written instrument executed by the parties.

11. Binding Assignment. This Assignment shall be binding upon and inure to the benefit of each of the parties hereto, their successors and permitted assigns.

12. Governing Law. This Assignment shall be governed by and construed under the laws of the State of Michigan, excluding any conflicts of laws rule or principle that might refer the governance or construction of this Assignment to the law of another jurisdiction.

13. Severability. If any provision of this Assignment shall be deemed invalid or unenforceable by any court of competent jurisdiction, then such portion shall be deemed severed, and the remainder thereof shall be enforceable in accordance with its terms.

14. Notices. All notices that are required or may be given pursuant to the terms of this Assignment shall be in writing and shall be sent by registered or certified mail, postage prepaid or sent by overnight courier addressed to the party to be notified at the respective addresses set forth below, or to such other address as may be furnished in writing to the notifying party:
