The balance from time to time in the Collateral Account shall constitute part of the Collateral hereunder and shall not constitute payment of the Secured Obligations until applied as hereinafter provided. Except as expressly provided in the next sentence, the Administrative Agent shall remit the collected balance standing to the credit of the Collateral Account to or upon the order of the respective Obligor as such Obligor through the Company shall from time to time instruct. However, at any time following the occurrence and during the continuance of an Event of Default, the Administrative Agent may (and, if instructed by the Lenders as specified in the Credit Agreement, shall) in its (or their) discretion apply or cause to be applied (subject to collection) the balance from time to time standing to the credit of the Collateral Account to the payment of the Secured Obligations in the manner specified in Section 5.09. The balance from time to time in the Collateral Account shall be subject to withdrawal only as provided herein.

4.02 Proceeds of Accounts. All payments made to the Administrative Agent, as provided in the preceding sentence, shall be immediately deposited in the Collateral Account. In addition to the foregoing, each Obligor agrees that if the proceeds of any Collateral hereunder (including the payments made in respect of Accounts) shall be received by it, such Obligor shall as promptly as possible deposit such proceeds into the Collateral Account. Until so deposited, all such proceeds shall be held in trust by such Obligor for and as the property of the Administrative Agent and shall not be commingled with any other funds or property of such Obligor.

4.03 Investment of Balance in Collateral Account. The cash balance standing to the credit of the Collateral Account shall be invested from time to time in such Permitted Investments as the respective Obligor through the Company (or, after the occurrence and during the continuance of a Default, the Administrative Agent) shall determine, which Permitted

Security Agreement

NY3:#7229138v5

Investments shall be held in the name and be under the control of the Administrative Agent (and, if the Collateral Account is a securities account, credited to the Collateral Account), provided that at any time after the occurrence and during the continuance of an Event of Default, the Administrative Agent may (and, if instructed by the Lenders as specified in the Credit Agreement, shall) in its (or their) discretion at any time and from time to time elect to liquidate any such Permitted Investments and to apply or cause to be applied the proceeds thereof to the payment of the Secured Obligations in the manner specified in Section 5.09.

4.04 Cover for LC Exposure. Amounts deposited into the Collateral Account as cover for LC Exposure under the Credit Agreement pursuant to Section 2.06(k) thereof shall be held by the Administrative Agent in a separate sub-account (designated "LC Exposure Sub-Account") and all amounts held in such sub-account shall constitute collateral security first for the LC Exposure outstanding from time to time and second as collateral security for the other Secured Obligations hereunder.

Section 5. Further Assurances; Remedies. In furtherance of the grant of the pledge and security interest pursuant to Section 3, the Obligors hereby jointly and severally agree with each Lender and the Administrative Agent as follows:

5.01 Delivery and Other Perfection. Each Obligor shall:

(a) if any of the shares, securities, moneys or property required to be pledged by such Obligor under clauses (a), (b) and (c) of Section 3 are received by such Obligor, forthwith either (x) transfer and deliver to the Administrative Agent such shares or securities so received by such Obligor (together with the certificates for any such shares and securities duly endorsed in blank or accompanied by undated stock powers duly executed in blank), all of which thereafter shall be held by the Administrative Agent, pursuant to the terms of this Agreement, as part of the Collateral or (y) take such other action as the Administrative Agent shall deem necessary or appropriate to duly record the Lien created hereunder in such shares, securities, moneys or property in said clauses (a), (b) and (c);

(b) deliver and pledge to the Administrative Agent any and all Instruments, endorsed and/or accompanied by such instruments of assignment and transfer in such form and substance as the Administrative Agent may request; provided, that so long as no Event of Default shall have occurred and be continuing, such Obligor may retain for collection in the ordinary course any Instruments received by such Obligor in the ordinary course of business and the Administrative Agent shall, promptly upon request of such Obligor through the Company, make appropriate arrangements for making any Instrument pledged by such Obligor available to such Obligor for purposes of

(d) without limiting the obligations of such Obligor under Section 5.04(c), upon the request of the Administrative Agent, cause the Administrative Agent to be listed as the lienholder on certificates of title covering any Motor Vehicles and within 120 days of such request, and to deliver evidence of the same to the Administrative Agent;

(e) keep full and accurate books and records relating to the Collateral, and stamp or otherwise mark such books and records in such manner as the Administrative Agent may reasonably require in order to reflect the security interests granted by this Agreement;

(f) furnish to the Administrative Agent from time to time (but, unless a Default shall have occurred and be continuing, no more frequently than quarterly) statements and schedules further identifying and describing the Copyright Collateral, the Patent Collateral and the Trademark Collateral, respectively, and such other reports in connection with the Copyright Collateral, the Patent Collateral and the Trademark Collateral as the Administrative Agent may reasonably request, all in reasonable detail;

(g) promptly upon request of the Administrative Agent, following receipt by the Administrative Agent of any statements, schedules or reports pursuant to clause (f) above, modify this Agreement by amending Annexes 2, 3 and/or 4, as the case may be, to include any Copyright, Patent or Trademark that becomes part of the Collateral under this Agreement;

Security Agreement

NY3:#7229138v5

(h) permit representatives of the Administrative Agent, upon reasonable notice, at any time during normal business hours to inspect and make abstracts from its books and records pertaining to the Collateral, and permit representatives of the Administrative Agent to be present at such Obligor's place of business to receive copies of all communications and remittances relating to the Collateral, and forward copies of any notices or communications received by such Obligor with respect to the Collateral, all in such manner as the Administrative Agent may require; and

(i) upon the occurrence and during the continuance of any Event of Default, upon request of the Administrative Agent, promptly notify (and such Obligor hereby authorizes the Administrative Agent so to notify) each account debtor in respect of any Accounts or Instruments that such Collateral has been assigned to the Administrative Agent hereunder, and that any payments due or to become due in respect of such Collateral are to be made directly to the Administrative Agent.

5.02 Other Financing Statements and Liens. Except as otherwise permitted under Section 7.02 of the Credit Agreement, without the prior written consent of the Administrative Agent (granted with the authorization of the Lenders as specified in the Credit Agreement), no Obligor shall file or suffer to be on file, or authorize or permit to be filed or to be on file, in any jurisdiction, any financing statement or like instrument with respect to the Collateral in which the Administrative Agent is not named as the sole secured party for the benefit of the Lenders.

5.03 Preservation of Rights. The Administrative Agent shall not be required to take steps necessary to preserve any rights against prior parties to any of the Collateral.

5.04 Special Provisions Relating to Certain Collateral.

(a) Stock Collateral.

(1) Except with respect to a Foreign Subsidiary, the Obligors will cause the Stock Collateral to constitute at all times 100% of the total number of shares of each class of capital stock of each Issuer then outstanding. Collateral in any manner that is inconsistent with the terms of this Agreement, the Credit Agreement or any such other instrument or agreement; and the Administrative Agent shall execute and deliver to the Obligor or cause to be executed and delivered to the Obligor all such proxies, powers of attorney, dividend and other orders, and all such instruments, without recourse, as the Obligor may reasonably request for the purpose of enabling the Obligor to exercise the rights and powers that they are entitled to exercise pursuant to this Section 5.04(a)(2).

(3) Unless and until an Event of Default has occurred and is continuing, the Obligor shall be entitled to receive and retain any dividends on the Stock Collateral paid in cash out of earned surplus.

(4) If any Event of Default shall have occurred, then so long as such Event of Default shall continue, and whether or not the Administrative Agent or any Lender exercises any available right to declare any Secured Obligation due and payable or seeks or pursues any other relief or remedy available to it under applicable law or under this Agreement, the Credit Agreement or any other agreement relating to such Secured Obligation, all dividends and other distributions on the Stock Collateral shall be paid directly to the Administrative Agent and retained by it in the Collateral Account as part of the Stock Collateral, subject to the terms of this Agreement, and, if the Administrative Agent shall so request in writing, each Obligor agrees to execute and deliver to the Administrative Agent appropriate additional dividend, distribution and other orders and documents to that end, provided that if such Event of Default is cured, any such dividend or distribution theretofore paid to the Administrative Agent shall, upon request of such Obligor (except to the extent theretofore applied to the Secured Obligations), be returned by the Administrative Agent to such Obligor.

(b) Intellectual Property.

(1) For the purpose of enabling the Administrative Agent to exercise rights and remedies under Section 5.05 at such time as the Administrative Agent shall be lawfully entitled to exercise such rights and remedies, and for no other purpose, each Obligor hereby grants to the Administrative Agent, to the extent assignable, an irrevocable, non-exclusive license (exercisable without payment of royalty or other compensation to such Obligor) to use, assign, license or sublicense any of the Intellectual Property now owned or hereafter acquired by such Obligor, wherever the same may be located, including in such license reasonable access to all media in which any of the licensed items may be recorded or stored and to all computer programs used for the compilation or printout thereof.

(2) Notwithstanding anything contained herein to the contrary, but subject to the provisions of Section 7.03 of the Credit Agreement that limit the rights of the Obligor to dispose of their property, so long as no Event of Default shall have occurred and be continuing, the

Security Agreement

NY3:#7229138v5

Obligors will be permitted to exploit, use, enjoy, protect, license, sublicense, assign, sell, dispose of or take other actions with respect to the Intellectual Property in the ordinary course of the business of the Obligors. In furtherance of the foregoing, unless an Event of Default shall have occurred and be continuing the Administrative Agent shall from time to time, upon the request of the respective Obligor, execute and deliver any instruments, certificates or other documents, in the form so requested, that such Obligor through the Company shall have certified are appropriate (in its judgment) to allow it to take any action permitted above (including relinquishment of the license provided pursuant to clause (1) immediately above as to any specific Intellectual Property). Further, upon the payment in full of all of the Secured Obligations (other than contingent indemnification obligations) and cancellation or termination of the Commitments and LC Exposure or earlier expiration of this Agreement or release of the Collateral, the Administrative Agent shall grant back to the Obligors the license granted pursuant to clause (1) immediately above. The exercise of rights and remedies under Section 5.05 by the Administrative Agent shall not terminate the rights of the holders of any licenses or sublicenses theretofore granted by the Obligors in accordance with the first sentence of this clause (2).

(c) Motor Vehicles.

(1) At any time after the occurrence and during the continuance of an Event of Default, each Obligor, shall, upon the request of the Administrative Agent, deliver to the Administrative Agent originals of the certificates of title or ownership for the Motor Vehicles owned by it with the Administrative Agent listed as lienholder and take such other action as the Administrative Agent shall deem appropriate to perfect the security interest created hereunder in all such Motor Vehicles; provided, however, if the Motor Vehicle to be acquired is subject to a purchase money security interest, the Administrative Agent shall be listed as a junior lienholder to the Person holding such purchase money security interest.

(2) Without limiting Section 5.10, each Obligor hereby appoints the Administrative Agent as its attorney-in-fact, effective the date hereof and terminating upon the termination of this Agreement, for the purpose of (i) executing on behalf of such Obligor title or ownership applications for filing with appropriate state agencies to enable Motor Vehicles now owned or hereafter acquired by such Obligor to be retitled and the Administrative Agent listed as lienholder thereon, (ii) filing such applications with such state agencies and (iii) executing such other documents and instruments on behalf of, and taking such other action in the name of, such Obligor as the Administrative Agent may deem necessary or advisable to accomplish the purposes hereof (including, without limitation, the purpose of creating in favor of the Administrative Agent a perfected lien on the Motor Vehicles and exercising the rights and remedies of the Administrative Agent under Section 5.05). This appointment as attorney-in-fact is irrevocable and coupled with an interest.

Security Agreement

NY3:#7229138v5

(3) Any certificates of title or ownership delivered pursuant to the terms hereof shall be accompanied by odometer statements for each Motor Vehicle covered thereby.

5.05 Events of Default, Etc. During the period during which an Event of Default shall have occurred and be continuing:

(a) each Obligor shall, at the request of the Administrative Agent, assemble the Collateral owned by it at such place or places, reasonably convenient to both the Administrative Agent and such Obligor, designated in its request;

(b) the Administrative Agent may make any reasonable compromise or settlement deemed desirable with respect to any of the Collateral and may extend the time of payment, arrange for payment in installments, or otherwise modify the terms of, any of the Collateral;

(c) the Administrative Agent shall have all of the rights and remedies with respect to the Collateral of a secured party under the Uniform Commercial Code (whether or not said Code is in effect in the jurisdiction where the rights and remedies are asserted) and such additional rights and remedies to which a secured party is entitled under the laws in effect in any jurisdiction where any rights and remedies hereunder may be asserted, including, without limitation, the right, to the maximum extent permitted by law, to exercise all voting, consensual and other powers of ownership pertaining to the Collateral as if the Administrative Agent were the sole and absolute owner thereof (and each Obligor agrees to take all such action as may be appropriate to give effect to such right);

(d) the Administrative Agent in its discretion may, in its name or in the name of the Obligors or otherwise, demand, sue for, collect or receive any money or property at any time payable or receivable on account of or in exchange for any of the Collateral, but shall be under no obligation to do so; and

(e) the Administrative Agent may, upon ten Business Days' prior written notice to the Obligors of the time and place, with respect to the Collateral or any part thereof that shall then be or shall thereafter come into the possession, custody or control of the Administrative Agent, the Lenders or any of their respective agents, sell, lease, assign or otherwise dispose of all or any part of such Collateral, at such place or places as the Administrative Agent deems best, and for cash or for credit or for future delivery (without thereby assuming any credit risk), at public or private sale, without demand of performance or notice of intention to effect any such disposition or of the time or place thereof (except such notice as is required above or by applicable statute and cannot be waived), and the Administrative Agent or any Lender or anyone else may be the

Security Agreement

NY3:#7229138v5

purchaser, lessee, assignee or recipient of any or all of the Collateral so disposed of at any public sale (or, to the extent permitted by law, at any private sale) and thereafter hold the same absolutely, free from any claim or right of whatsoever kind, including any right or equity of redemption (statutory or otherwise), of the Obligors, any such demand, notice and right or equity being hereby expressly waived and released. In the event of any sale, assignment, or other disposition of any of the Trademark Collateral, the goodwill connected with and symbolized by the Trademark Collateral subject to such disposition shall be included, and the Obligors shall supply to the Administrative Agent or its designee, for inclusion in such sale, assignment or other disposition, all Intellectual Property relating to such Trademark Collateral. The Administrative Agent may, without notice or publication, adjourn any public or private sale or cause the same to be adjourned from time to time by announcement at the time and place fixed for the sale, and such sale may be made at any time or place to which the sale may be so adjourned.

The proceeds of each collection, sale or other disposition under this Section 5.05, including by virtue of the exercise of the license granted to the Administrative Agent in Section 5.04(b), shall be applied in accordance with Section 5.09.

The Obligors recognize that, by reason of certain prohibitions contained in the Securities Act of 1933, as amended, and applicable state securities laws, the Administrative Agent may be compelled, with respect to any sale of all or any part of the Collateral, to limit purchasers to those who will agree, among other things, to acquire the Collateral for their own account, for investment and not with a view to the distribution or resale thereof. The Obligors acknowledge that any such private sales may be at prices and on terms less favorable to the Administrative Agent than those obtainable through a public sale without such restrictions, and, notwithstanding such circumstances, agree that any such private sale shall be deemed to have been made in a commercially reasonable manner and that the Administrative Agent shall have no obligation to engage in public sales and no obligation to delay the sale of any Collateral for the period of time necessary to permit the respective Issuer or issuer thereof to register it for public sale.

5.06 Deficiency. If the proceeds of sale, collection or other realization of or upon the Collateral pursuant to Section 5.05 are insufficient to cover the costs and expenses of such realization and the payment in full of the Secured Obligations, the Obligors shall remain liable for any deficiency to the extent the Obligors are obligated under this Agreement.

5.07 Removals, Etc. Without at least 30 days' prior written notice to the Administrative Agent, no Obligor shall (i) maintain any of its books and records with respect to the Collateral at any office, or maintain its principal place of business at any place, or permit any Inventory or Equipment to be located anywhere, other than at the address indicated beneath the signature of the Company to the Credit Agreement or at one of the locations identified in

Security Agreement

NY3:#7229138v5

Annex 6 under its name or in transit from one of such locations to another or (ii) change its name, or the name under which it does business, from the name shown on the signature pages hereto.

5.08 Private Sale. The Administrative Agent and the Lenders shall incur no liability as a result of the sale of the Collateral, or any part thereof, at any private sale pursuant to Section 5.05 conducted in a commercially reasonable manner. Each Obligor hereby waives any claims against the Administrative Agent or any Lender arising by reason of the fact that the price at which the Collateral may have been sold at such a private sale was less than the price that might have been obtained at a public sale or was less than the aggregate amount of the Secured Obligations, even if the Administrative Agent accepts the first offer received and does not offer the Collateral to more than one offeree.

5.09 Application of Proceeds. Except as otherwise herein expressly provided and except as provided below in this Section 5.09, the proceeds of any collection, sale or other realization of all or any part of the Collateral pursuant hereto, and any other cash at the time held by the Administrative Agent under Section 4 or this Section 5, and (as provided in the respective German Security Documents) the proceeds of any collection, sale or other realization upon any collateral security pursuant to any German Security Document, shall be applied by the Administrative Agent:

First, to the payment of the costs and expenses of such collection, sale or other realization, including reasonable out-of-pocket costs and expenses of the Administrative Agent and the fees and expenses of its agents and counsel, and all expenses incurred and advances made by the Administrative Agent in connection therewith;

Next, to the payment in full of the Secured Obligations, in each case equally and ratably in accordance with the respective amounts thereof then due and owing or as the Lenders holding the same may otherwise agree; and

Finally, to the payment to the respective Obligor, or their respective successors or assigns, or as a court of competent jurisdiction may direct, of any surplus then remaining.

Notwithstanding the foregoing, the proceeds of any cash or other amounts held in the "LC Exposure Sub-Account" of the Collateral Account pursuant to Section 4.04 shall be applied first to the LC Exposure outstanding from time to time and second to the other Secured Obligations in the manner provided above in this Section 5.09.

As used in this Section 5, "proceeds" of Collateral means cash, securities and other property realized in respect of, and distributions in kind of, Collateral, including any

Security Agreement

NY3:#7229138v5

thereof received under any reorganization, liquidation or adjustment of debt of the Obligor or any issuer of or obligor on any of the Collateral.

5.10 Attorney-in-Fact. Without limiting any rights or powers granted by this Agreement to the Administrative Agent while no Event of Default has occurred and is continuing, upon the occurrence and during the continuance of any Event of Default the Administrative Agent is hereby appointed the attorney-in-fact of each Obligor for the purpose of carrying out the provisions of this Section 5 and taking any action and executing any instruments that the Administrative Agent may deem necessary or advisable to accomplish the purposes hereof, which appointment as attorney-in-fact is irrevocable and coupled with an interest. Without limiting the generality of the foregoing, so long as the Administrative Agent shall be entitled under this Section 5 to make collections in respect of the Collateral, the Administrative Agent shall have the right and power to receive, endorse and collect all checks made payable to the order of any Obligor representing any dividend, payment or other distribution in respect of the Collateral or any part thereof and to give full discharge for the same.

5.11 Perfection. Prior to or concurrently with the execution and delivery of this Agreement, each Obligor shall (i) execute and deliver for filing such financing statements and other documents in such offices as the Administrative Agent may request to perfect the security interests granted by Section 3 of this Agreement and (ii) deliver to the Administrative Agent all certificates identified in Annex 1, accompanied by undated stock powers duly executed in blank.

5.12 Termination. When all Secured Obligations (other than contingent indemnification obligations) shall have been paid in full and the Commitments of the Lenders under the Credit Agreement and all LC Exposure shall have expired or been terminated, this Agreement shall terminate, and the Administrative Agent shall forthwith cause to be assigned, transferred and delivered, against receipt but without any recourse, warranty or representation whatsoever, any remaining Collateral and money received in respect thereof, to or on the order of the respective Obligor and to be released and canceled all licenses and rights referred to in Section 5.04(b). The Administrative Agent shall also execute and deliver to the respective Obligor upon such termination such Uniform Commercial Code termination statements, certificates for terminating the Liens on the Motor Vehicles and such other documentation as shall be reasonably requested by the respective Obligor to effect the termination and release of the Liens on the Collateral.

5.13 Further Assurances. Each Obligor agrees that, from time to time upon the written request of the Administrative Agent, such Obligor will execute and deliver such further documents and do such other acts and things as the Administrative Agent may reasonably request in order fully to effect the purposes of this Agreement (including, without limitation, in order to create or perfect, in favor of the Administrative Agent and the Lenders, liens with respect to Intellectual Property in foreign countries).

Section 6. Miscellaneous.

6.01 Notices. All notices, requests, consents and demands hereunder shall be in writing and telecopied or delivered to the intended recipient at its "Address for Notices" specified pursuant to Section 10.01 of the Credit Agreement and shall be deemed to have been given at the times specified in said Section 10.01.

6.02 No Waiver. No failure on the part of the Administrative Agent or any Lender (or any agent of any thereof) to exercise, and no course of dealing with respect to, and no delay in exercising, any right, power or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by the Administrative Agent or any Lender (or any agent of any thereof) of any right, power or remedy hereunder preclude any other or further exercise thereof or the exercise of any other right, power or remedy. The remedies herein are cumulative and are not exclusive of any remedies provided by law.

6.03 Amendments, Etc. The terms of this Agreement may be waived, altered or amended only by an instrument in writing duly executed by each Obligor and the Administrative Agent (with the consent of the Lenders as specified in the Credit Agreement). Any such amendment or waiver shall be binding upon the Administrative Agent and each Lender, each holder of any of the Secured Obligations and each Obligor.

6.04 Expenses. The Obligors jointly and severally agree to reimburse each of the Lenders and the Administrative Agent for all reasonable costs and expenses of the Lenders and the Administrative Agent (including, without limitation, the reasonable fees and expenses of legal counsel) in connection with (i) any Default and any enforcement or collection proceeding resulting therefrom, including, without limitation, all manner of participation in or other involvement with (w) performance by the Administrative Agent of any obligations of the Obligors in respect of the Collateral that the Obligors have failed or refused to perform, (x) bankruptcy, insolvency, receivership, foreclosure, winding up or liquidation proceedings, or any actual or attempted sale, or any exchange, enforcement, collection, compromise or settlement in respect of any of the Collateral, and for the care of the Collateral and defending or asserting rights and claims of the Administrative Agent in respect thereof, by litigation or otherwise, including expenses of insurance, (y) judicial or regulatory proceedings and (z) workout, restructuring or other negotiations or proceedings (whether or not the workout, restructuring or transaction contemplated thereby is consummated) and (ii) the enforcement of this Section 6.04, and all such costs and expenses shall be Secured Obligations entitled to the benefits of the collateral security provided pursuant to Section 3.

Security Agreement

NY3:#7229138v5

6.05 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the respective successors and assigns of each Obligor, the Administrative Agent, the Lenders and each holder of any of the Secured Obligations (provided, however, that no Obligor shall assign or transfer its rights or obligations hereunder without the prior written consent of the Administrative Agent).

6.06 Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one and the same instrument and any of the parties hereto may execute this Agreement by signing any such counterpart.

6.07 Governing Law. This Agreement shall be governed by, and construed in accordance with, the law of the State of New York.

6.08 Captions. The captions and section headings appearing herein are included solely for convenience of reference and are not intended to affect the interpretation of any provision of this Agreement.

6.09 Agents and Attorneys-in-Fact. The Administrative Agent may employ agents and attorneys-in-fact in connection herewith and shall not be responsible for the negligence or misconduct of any such agents or attorneys-in-fact selected by it in good faith.

6.10 Severability. If any provision hereof is invalid and unenforceable in any jurisdiction, then, to the fullest extent permitted by law, (a) the other provisions hereof shall remain in full force and effect in such jurisdiction and shall be liberally construed in favor of the Administrative Agent and the Lenders in order to carry out the intentions of the parties hereto as nearly as may be possible and (b) the invalidity or unenforceability of any provision hereof in any jurisdiction shall not affect the validity or enforceability of such provision in any other jurisdiction.

6.11 Additional Obligors. As contemplated in Section 6.11(a) of the Credit Agreement, any new Domestic Subsidiary formed or acquired after the date hereof shall become a "Subsidiary Guarantor" under the Credit Agreement and an "Obligor" under this Agreement, by executing and delivering to the Administrative Agent a Guarantee Assumption Agreement in the form of Exhibit C to the Credit Agreement. Accordingly, upon the execution and delivery of any such Guarantee Assumption Agreement by any such Subsidiary, such new Subsidiary shall automatically and immediately, and without any further action on the part of any Person, become an "Obligor" for all purposes of this Agreement, and each of the Annexes hereto shall be supplemented in the manner specified in such Guarantee Assumption Agreement.

Meltblown fiber battery separator

W. Böhnstedt, J. K. Whear, E. M. Peters

Nonwoven of ultrafine polymeric fibers (10 % of the fibers have diameter of less than one micron) and an average pore size of less than 3 microns of the mat. The mat is formed by meltblowing. The polymeric fibers can be combined with inorganic fillers like silica, tale or glass fibers. The inorganic material or organic particles can be added during the meltblown process or in a secondary process before hot calendaring. The average particle size of added particles is from 2 to 70 microns. The amount of particles added can range from 10 % to 90 %, preferable from 50 - 55 %.

A recombinant battery separator made from a mat of meltblown, ultrafine (metallocene catalyzed) polymer fibers treated with an agent to render them permanently wettable. At least 10 % of the fibers have a diameter of less than one micron and the majority of the fibers have a diameter of less than five microns. The mat has a porosity of at least 90 % and a surface of at least 1.0 m²/g.

Battery electrolyte pad with gelling agents and method

February 28, 1996

J. Zucker

Battery separator consisting of small envelopes, which contain gel forming ingredients (i.e. fumed silica, super absorbent polymer) is placed between the battery electrodes. When exposed to electrolyte, the separator will expand as a result of gel formation. Advantage compared to the current system: No injection of gel required, i.e. fewer steps during the battery manufacturing process, and thus less risk of voids, which can occur in current method.

Compressible separator

W. Böhnstedt, W. Lindenstruth

In fully automated battery assembly lines there is no possibility to adjust thickness tolerance variations of the components by adding spacers into the cells. Profile ribs which are on both sides of the separator and not directly back-to-back (rib groups of three ribs) will allow compression and relaxation, while simultaneously maintaining a minimum overall thickness.
