**AMENDED AND RESTATED INTELLECTUAL PROPERTY SECURITY
AGREEMENT FOR PATENTS AND TRADEMARKS**

This Amended and Restated Intellectual Property Security Agreement for Patents and Trademarks ("Agreement") dated September 12, 2002 is between Revenue Technologies Corporation ("Grantor") and Adams Capital Management, III, L.P. ("Lenders' Agent").

RECITALS

A. Lenders' Agent and other lenders made advances to Grantor ("Loans") as described in (i) the Loan Agreement dated August 12, 2002 between Grantor, Lenders' Agent and the other lenders named therein (the "Original Loan Agreement"), and (ii) the Addendum and Amendment to Loan Agreement, Security Agreement, Intellectual Property Security Agreement for Patents and Trademarks and Intellectual Property Security Agreement for Copyrights and Mask Works dated August 28, 2002 (the "Addendum"). Grantor has granted Lenders' Agent for the benefit of the lenders under the Original Loan Agreement and the Addendum, a security interest in all of its right, title and interest, presently existing or later acquired to all of the Collateral described in the Security Agreement dated August 12, 2002 (the "Original Security Agreement") executed by Grantor and Lenders' Agent contemporaneously with the Original Loan Agreement. In connection therewith, Grantor and Lenders' Agent executed and delivered an Intellectual Property Security Agreement for Patents and Trademarks dated August 12, 2002, as amended by the Addendum.

B. Grantor, Lenders' Agent and the lenders named therein (the "Lenders") are executing and delivering an Amended and Restated Loan Agreement (the "Loan Agreement") and an Amended and Restated Security Agreement (the "Security Agreement"), each dated September 12, 2002. In connection therewith, Grantor and Lenders' Agent desire to amend and restate the Intellectual Property Security Agreement for Patents and Trademarks dated August 12, 2002, as amended by the Addendum, as hereinafter set forth.

NOW THEREFORE, in consideration of the mutual promises, covenants, conditions, representations, and warranties hereinafter set forth and for other good and valuable consideration, and intending to be legally bound, the parties hereto mutually agree as follows:

1. DEFINITIONS

Capitalized terms used but not defined herein shall have the meanings given to them in the Loan Agreement and the Security Agreement. In addition, the following terms, as used in this Agreement, have the following meanings:

"Intellectual Property Collateral" means:

(i) Each of the patents and patent applications which are presently, or in the future may be, owned, issued, acquired, or used (whether pursuant to a license or otherwise) by Grantor (including all of Grantor's right, title, and interest, in and to the patents and patent applications listed on Exhibit A, attached hereto, as the same may be updated hereafter from time to time), in whole or in part, and all patent rights with respect thereto throughout the world, including all proceeds thereof (including license royalties and proceeds of infringement suits), foreign filing rights, and rights to extend such patents and patent rights;

(ii) All of Grantor's right, title, and interest in all patentable inventions, and to file applications for patent under federal patent law or regulation of any foreign country, and to request reexamination and/or reissue of the patents, the right (without obligation) to sue or bring interference proceedings in the name of Grantor or in the name of Lenders' Agent for past, present, and future infringements of the patents, and all rights (but not obligations) corresponding thereto in the United States and any foreign country;

(iii) Each of the trademarks and rights and interest which are capable of being protected as trademarks (including all of Grantor's right to the trademark registrations listed on Exhibit B, attached hereto, as the same may be updated hereafter from time to time and all other trademarks, service marks, designs, logos, indicia, tradenames, corporate names, company names, business names, fictitious business names, trade styles, and other source or business identifiers, and applications pertaining thereto), which are presently, or in the future may be, owned, created, acquired, or used (whether pursuant to a license or otherwise) by Grantor, in whole or in part, and all trademark rights with respect thereto throughout the world, including all goodwill associated therewith and all proceeds thereof (including license royalties and proceeds of infringement suits), and rights to renew and extend such trademarks and trademark rights;

(iv) All of Grantor's right, title and interest to register trademark claims under any state or federal trademark law or regulation of any foreign country and to apply for, renew, and extend the trademark registrations and trademark rights, the right (without obligation) to sue or bring opposition or cancellation proceedings in the name of Grantor or in the name of Lenders' Agent for past, present, and future infringements of the trademarks, registrations, or trademark rights and all rights (but not obligations) corresponding thereto in the United States and any foreign country;

(ix) All general intangibles relating to the foregoing; and

(x) All proceeds of any and all of the foregoing (including, without limitations, license royalties and proceeds of infringement suits) and, to the extent not otherwise included, all payments under insurance, or any indemnity, warranty, or guaranty payable by reason of loss or damage to or otherwise with respect to the Collateral.

Notwithstanding the foregoing, "Intellectual Property Collateral" shall not include any license, property or contract right the granting of a security interest in which would be prohibited by law or contract.

"Notes" means the Demand Notes issued and delivered by Grantor to the Lenders dated August 12, 2002, the Demand Notes issued and delivered by the Grantor to the Lenders dated August 28, 2002 and the Demand Notes executed and delivered by Grantor to the Lenders pursuant to the Loan Agreement, and any other promissory note or notes issued by Grantor to evidence borrowings by Grantor from the Lenders.

"Obligations" means the obligations of the Grantor as defined in the Loan Agreement, the Security Agreement, and the Notes, and the obligations of Grantor hereunder.

2. GRANT OF SECURITY INTEREST.

Grantor hereby grants Lenders' Agent, for the benefit of the Lenders, a first-priority security interest in all of Grantor's right, title, and interest in and to the Intellectual Property Collateral to secure the Obligations.

This security interest is granted in conjunction with the security interest granted under the Loan Agreement and Security Agreement, and under the Amended and Restated Intellectual Property Security Agreement for Copyrights and Mask Works (the "Intellectual Property Security Agreement for Copyrights and Mask Works"). Lenders' Agent's rights and remedies in the security interest are in addition to those in the Loan Agreement, the Security Agreement, the Intellectual Property Security Agreement for Copyrights and Mask Works, and those available in law or equity. Lenders' Agents' rights, powers and interests are cumulative with every right, power or remedy provided hereunder. Lenders' Agent's exercise of its rights, powers or remedies in this Agreement, the Loan Agreement or any other Loan Document (as defined in the Loan Agreement), and does not preclude the simultaneous or later exercise of any or all other rights, powers or remedies.

3. REPRESENTATIONS, WARRANTIES AND COVENANTS.

Grantor hereby represents, warrants, and covenants that:

3.1 Patents; Trademarks; Service Marks

(i) A true and complete schedule setting forth all patent and patent applications owned or controlled by Grantor or licensed to Grantor, together with a summary description and full information in respect of the filing or issuance thereof is set forth on Exhibit A:

(ii) A true and complete schedule setting forth all federal and state trademark and service mark registrations owned or controlled by Grantor or licensed to Grantor, together with a summary description and full information in respect of the filing or issuance thereof is set forth on Exhibit B;

3.2 Validity; Enforceability. To the best of Grantor's knowledge and belief, each of the patents, service marks, and trademarks is valid and enforceable, and Grantor is not presently aware of any past, present, or prospective claim by any third party that any of the patents, service marks, or trademarks are invalid or unenforceable, or that the use of any patents, service marks, or trademarks violates the rights of any third person, or of any basis for any such claims;

3.3 Title. To the best of Grantor's knowledge and belief, each Grantor is the sole and exclusive owner of the entire and unencumbered right, title, and interest in and to each of the patents, patent applications, service marks, service mark registrations, trademarks, and trademark registrations free and clear of any liens, charges, and encumbrances, including pledges and assignments, or has the rights to use the same under a valid license; provided, however, that it is understood and agreed that Grantor has not done exhaustive prior art searches or other searches with respect to such property;

3.4 Notice. To the best of Grantor's knowledge and belief, Grantor has used and will continue to exercise reasonable efforts to use proper statutory notice in connection with its use of each of the patents, service marks, and trademarks;

3.6 Perfection of Security Interest. Except for the filing of a financing statement with the Secretary of State of Georgia and filings with the United States Patent and Trademark Office necessary to perfect the security interests created hereunder, to the best of Grantor's knowledge and belief no authorization, approval, or other action by, and no notice to or filing with, any governmental authority or regulatory body is required either for the grant by Grantor of the security interest hereunder or for the execution, delivery, or performance of this Agreement by Grantor or for the perfection of or the exercise by Lenders' Agent of its rights hereunder to the Intellectual Property Collateral in the United States.

4. AFTER-ACQUIRED PATENT, SERVICE MARK, OR TRADEMARK RIGHTS.

Grantor shall commence and diligently prosecute in its own name, as the real party in interest, for its own benefit, and its own expense, such suits, administrative proceedings, or other actions for infringement or other damages as are in its reasonable business judgment necessary and appropriate to protect the Intellectual Property Collateral. Grantor shall provide to Lenders' Agent any information with respect thereto requested by Lenders' Agent. Following Grantor's becoming aware thereof, Grantor shall notify Lenders' Agent of the institution of, or any adverse determination in, any proceeding in the United States Patent and Trademark Office, or any United States, state, or foreign court regarding Grantor's claim of ownership in any of the patents, service marks, or trademarks, its right to apply for the same, or its right to keep and maintain such patent, service mark, or trademark right.

To the extent it does not adversely affect the validity of the Intellectual Property Collateral, Grantor grants Lenders' Agent power of attorney, coupled with an interest, having the full authority, and in the place of Grantor and in the name of Grantor, from time to time during the occurrence and continuance of an Event of Default in Lenders' Agent's discretion, to take any action and to execute any instrument which Lenders' Agent may deem necessary or advisable to accomplish the purposes of this Agreement, including, without limitation, as may be subject to the provisions of this Agreement: to endorse Grantor's name on all applications, documents, papers, and instruments necessary for Lenders' Agent to use or maintain the Intellectual Property Collateral; to ask, demand, collect, sue for, recover, impound, receive, and give acquittance and receipts for money due or to become due under or in respect of any of the Intellectual Property Collateral; to file any claims or take any action or institute any proceedings that Lenders' Agent may deem necessary for the collection of any of the Intellectual Property Collateral or otherwise to enforce the Lenders' rights with respect to any of the Intellectual Property Collateral and to assign, pledge, convey, or otherwise transfer title in or dispose of the Intellectual Property Collateral to any person.

7. EVENTS OF DEFAULT.
