To Whom It May Concern:

I am responding to the three concerns for the mark with the serial number: 76/432728. The letter requested a drawing that I have enclosed with the way I wish to identify the mark. It also contains my name and address.

The examining attorney asked for more specificity for the mark. Therefore, I would like it to say the mark is for: "Computer software for converting organizational and workforce performance measures into line, box and button graphs in international class 9."

Finally, the examining attorney wanted to know who would own the mark. I would like it to be owned by myself, Keith Denton, an individual, and citizen of the United States.

Sincerely,

D. Keith Denton
