# INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the "**IP Security Agreement**") dated November 15, 2002, is made by BROADWING INC. (f/k/a Cincinnati Bell Inc.) the "**Grantor**") in favor of WILMINGTON TRUST COMPANY and JOHN M. BEESON, as Collateral Trustees (together, the "**Collateral Trustees**") under the Collateral Trust Agreement dated November 9, 1999, as amended and restated July 17, 2002 (the "**Collateral Trust Agreement**") among the Grantor and the Collateral Trustees.

WHEREAS, the Grantor and Broadwing Communication Services, Inc. (f/k/a IXC Communications Services, Inc.), a Delaware corporation (together, the "**Borrowers**"), have entered into an Amendment and Restatement of the Credit Agreement originally dated as of November 9, 1999, as amended and restated as of January 12, 2000, and amendments thereto dated as of May 17, 2000, November 3, 2000, June 12, 2001, June 27, 2001, December 13, 2001, March 1, 2002, March 15, 2002, April 18, 2002 and May 1, 2002 (said Amendment and Restatement of the Credit Agreement, as it may hereafter be amended, amended and restated, supplemented or otherwise modified from time to time, being the "**Credit Agreement**") with the Lender Parties, the Agents, the Co-Documentation Agents and the Co-Arrangers (each as defined therein). Terms defined in the Credit Agreement and the Collateral Trust Agreement and not otherwise defined herein are used herein as defined in the Credit Agreement and the Collateral Trust Agreement, as applicable.

WHEREAS, the Grantor has entered into an Amendment and Restatement of the Shared Collateral Security Agreement, originally dated November 9, 1999 and amended and restated July 17, 2002 (said Amendment and Restatement of the Shared Collateral Security Agreement, as it may hereafter be amended, amended and restated, supplemented or otherwise modified, the "**Security Agreement**") with the Collateral Trustees to secure the payment of all of the Shared Collateral Obligations.

WHEREAS, under the terms of the Security Agreement, the Grantor has granted to the Collateral Trustees, for the ratable benefit of the Secured Holders, a security interest in, among other property, certain intellectual property of the Grantor, and has agreed as a condition thereof to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office, the United States Copyright Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

1. Grant of Security. The Grantor hereby grants to the Collateral Trustees for the ratable benefit of the Secured Holders a security interest in all of the Grantor's right, title and interest in and to the following (the "Collateral"):
  1. the patents and patent applications set forth in Schedule A hereto (the "**Patents**");
  2. the trademark and service mark registrations and applications set forth in Schedule B hereto (provided that no security interest shall be granted in United

States intent-to-use trademark applications until a Statement of Use or an Amendment to Allege Use has been accepted by the U.S. Patent and Trademark Office), together with the goodwill symbolized thereby (the “**Trademarks**”);

3. all copyrights, whether registered or unregistered, now owned or hereafter acquired by the Grantor, including, without limitation, the copyright registrations and applications and exclusive copyright licenses set forth in Schedule C hereto (the “**Copyrights**”);
  4. all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of the Grantor accruing thereunder or pertaining thereto;
  5. any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
  6. any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.
2. **Security for Obligations.** The grant of a security interest in the Collateral by the Grantor under this IP Security Agreement secures the payment of all of the Shared Collateral Obligations of the Grantor under or in respect of this Agreement, the other Shared Collateral Documents and the Secured Indebtedness Agreements, in each case, now or hereafter existing, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, fees, premiums, penalties, indemnifications, contract causes of action, costs, expenses or otherwise, and the performance by the Grantor of, and compliance by the Grantor with, all of the covenants and conditions of this Agreement, the other Shared Collateral Documents and the Secured Indebtedness Agreements to be performed or complied with by it (all such Obligations being the “**Secured Obligations**”). Without limiting the generality of the foregoing, this Agreement secures the payment of all amounts that constitute part of the Secured Obligations and would be owed by the Grantor to any Secured Holder under the applicable Secured Indebtedness Agreement but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Loan Party.
3. **Recordation.** The Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer record this IP Security Agreement.

4. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.
5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Trustees with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.
6. Governing Law. This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

IN WITNESS WHEREOF, the Grantor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
