## INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT made this 8<sup>th</sup> day of May, 2001 ("Agreement"), by and between STAMPS.COM, INC., a Delaware corporation ("Assignor"), and iSHIP, INC., a Delaware corporation ("Assignee");

### WITNESSETH:

WHEREAS, the Assignor and United Parcel Service General Services Co., a Delaware corporation and an affiliate of the Assignee ("UPS General Services") entered into a certain Asset Purchase Agreement as of May 3, 2001, as amended May 18, 2001 (the "Purchase Agreement"), pursuant to which UPS General Services was to acquire, among other rights and assets, certain of the intellectual property assets and associated goodwill of Assignor as described in the Purchase Agreement;

WHEREAS, UPS General Services assigned to the Assignee all of its right, title and interest in and to the Purchase Agreement on May 18, 2001;

WHEREAS, the Assignor and Assignee have entered into a certain Intellectual Property Joint Ownership Agreement dated as of the date hereof (the "Patent Agreement") whereby Assignor is granting Assignee certain interests and rights to a certain portion of the patent portfolio of Assignor as detailed in the Patent Agreement;

WHEREAS, the Assignor is the owner of trademark and service mark registrations and applications which are listed on Schedule A attached hereto, which forms a part hereof (the "Assigned Marks");

WHEREAS, the Assignor is the owner of the copyrights which are listed on Schedule B attached hereto, which forms a part hereof (the "Assigned Copyrights");

WHEREAS, the Assignor is the registrant of top level domain names which are listed on Schedule C attached hereto, which forms a part hereof (the "Assigned Domain Names");

WHEREAS, the Assignor is the owner of trade names, trade secrets, know-how, formulae, processes, inventions, general intangibles, associated goodwill and other proprietary information used in the iShip Business (as the term is defined in the Purchase Agreement) (the "Other Intellectual Property", together with the Assigned Marks, Assigned Copyrights and Assigned Domain Names, the "Intellectual Property Assets");

NOW, THEREFORE, for the consideration described and provided for in the Purchase Agreement, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. **Assignment of Trademarks.** The Assignor does hereby grant, assign, transfer and set over to the Assignee all right, title and interest whatsoever throughout the world in and to the Assigned Marks, to the full extent of the scope of use thereof, together with the goodwill of the business connected with the use of and symbolized by the Assigned Marks and the right to sue for all past, present and future infringements of the Assigned Marks, in perpetuity (or for the longest period of time otherwise permitted by law).

2. **Assignment of Copyrights.** The Assignor does hereby grant, assign, transfer and set over to the Assignee all right, title and interest whatsoever throughout the world in and to any and all Assigned Copyrights, to the full extent of the scope of use thereof, together with the goodwill of the business connected with the use of and symbolized by the Assigned Copyrights and the right to sue for all past, present and future infringements or misappropriation of the Assigned Copyrights, in perpetuity (or for the longest period of time otherwise permitted by law).

3. **Change of Registrant Name.** Assignor acknowledges that its Assigned Domain Names are registered with Network Solutions, Inc. ("NSI"). Assignor hereby affirms and acknowledges that it has delivered to Assignee an executed and notarized "Registrant Name Change Agreement (Version 3.0 - Transfers)" for the Assigned Domain Names, in the form attached hereto as Attachment 1. Assignor further agrees that it will execute and deliver to Assignee any other updated, additional or alternate forms as may be required by the registration authority in order for NSI to accept Assignee as the "Registrant" for the Assigned Domain Names.

4. **Assignment of Other Intellectual Property.** Subject to the terms of the Patent Agreement, the Assignor does hereby grant, assign, transfer and set over to the Assignee all right, title and interest whatsoever throughout the world in and to any and all Other Intellectual Property, to the full extent of the scope of use thereof, together with the goodwill of the business connected with the use of and symbolized by the Other Intellectual Property and the right to sue for all past, present and future infringements or misappropriation of the Other Intellectual Property, in perpetuity (or for the longest period of time otherwise permitted by law).

5. **Technical Documentation.** The Assignor does hereby grant, assign, transfer and set over to the Assignee all right, title and interest whatsoever in all technical and descriptive materials relating to the Intellectual Property Assets; provided, however, that Assignor shall have the right to maintain copies of such materials for archival purposes.

6. **Authorizations.** The Assignor does hereby grant, assign, transfer and set over to the Assignee all right, title and interest whatsoever in all governmental approvals, authorizations, certifications, consents, variances, permissions, licenses and permits to or from, or filings, notices or recordings to or with, states and other jurisdictions outside of the United States, as well as U.S. federal, state, and local governmental authorities with

...ct to the Intellectual Property Assets, but subject to the procurement and execution  
...eds and other instruments of conveyance, transfer or assignment required by federal  
...right, patent or trademark laws or the laws of the U.S. states and non-U.S.  
...dictions in which the Intellectual Property Assets are located.

7. **Claims.** Subject to the terms of the Patent Agreement, the Assignor does  
...by grant, assign, transfer and set over to the Assignee all right, title and interest  
...whatsoever, in all claims Assignor may have against any person relating to or arising  
...from the Intellectual Property Assets, including rights to recoveries and chooses in action,  
...contract and other rights to sue for infringement upon the Intellectual Property Assets and  
...enforce all other rights relating to the Intellectual Property Assets, but explicitly  
...cluding those certain claims as set forth in the Purchase Agreement. These claims  
...clude all right, title and interest Assignor may have in the opposition actions set forth in  
...chedule C attached hereto, which forms a part hereof.

8. **Further Assurances.** Without further consideration, Assignor and  
...ssignee shall take all such other action and shall procure or execute, acknowledge, and  
...eliver all such further certificates, conveyance instruments, consents, and other  
...ocuments as Assignee or its counsel, or Assignor or its counsel, as the case may be, may  
...easonably request to vest in Assignee, and perfect and protect Assignee's right, title, and  
...interest in, and enjoyment of, the Intellectual Property Assets.

9. **Transfer of Documents.** Assignor will deliver to Assignee in a timely  
...and orderly manner all governmental approvals, authorizations, certifications, consents,  
...variances, permissions, licenses, permits, filings, and notices and all contracts,  
...agreements, licenses, technical material, and other documents in the possession of  
...Assignor relating to the Intellectual Property Assets including, but not limited to,  
...trademark certificates of registration or application. Assignor will use its best efforts to  
...deliver trademark certificates of registration and application at the execution of this  
...Assignment; provided, however, that such documents shall be delivered to Assignee no  
...later than (30) days thereafter. Assignor will undertake to assist Assignee in the  
...procurement of all other documents relating to the Intellectual Property Assets in the  
...possession of third parties.

10. **Covenant Not to Sue.** Notwithstanding anything to the contrary in this  
...Agreement, Assignee covenants not to sue or maintain any claim, cause of action,  
...demand, cross-action, counterclaim, third-party action or other form of pleading against  
...Assignor for infringement by Assignor of the Intellectual Property Assets arising solely  
...out of or related to (i) marketing materials traded in compact disc format up to one  
...hundred twenty (120) days after the Closing Date, and (ii) other marketing materials used  
...and activities performed up to sixty (60) days after the Closing Date, provided that such  
...trading, uses and activities were initiated by Assignor prior to the Closing Date.

11. **Duration.** This Assignment is made unto Assignee, its successors and  
...assigns, for the full duration of all such rights, and any renewals or extensions thereof.

12. **No Conflict.** Nothing contained in this Agreement shall be deemed to supersede, enlarge on or modify any provision of the Purchase Agreement or the Patent Agreement, all of which survive the execution and delivery of this Agreement as provided and subject to the limitations set forth in the Purchase Agreement and the Patent Agreement. If any conflict exists between the terms of this Agreement and the Purchase Agreement or the Patent Agreement, then the terms of the Purchase Agreement and/or the Patent Agreement, as applicable, shall govern and control.

13. **Counterparts.** This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one and the same instrument.
