## INTELLECTUAL PROPERTY COLLATERAL AGREEMENT

This 25th day of November, 2002, Promark International, Inc. (d/b/a Smith-Victor Corp.), an Illinois corporation ("*Debtor*") with its principal place of business and mailing address at 301 N. Colfax Street, Griffith, Indiana 46319-2849, in consideration of ten dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, assigns, mortgages and pledges to Harris Trust and Savings Bank, an Illinois banking corporation with its mailing address at 111 West Monroe Street, Chicago, Illinois 60603 and its successors and assigns ("*Secured Party*"), and grants to Secured Party a continuing security interest in, the following property:

(i) Each trademark, trademark registration, trademark application, patent and patent application listed on Schedule A-1 hereto, and all of the goodwill of the business connected with the use of, and symbolized by, each such trademark, trademark registration and trademark application and all of the inventions described and claimed in connection with each such patent and patent application and any and all reissues, continuations, continuations-in-part or extensions thereof; and

(ii) Each trademark license and patent license listed on Schedule A-2 hereto and all royalties and other sums due or to become due under or in respect of each such trademark license and patent license, together with the right to sue for and collect all such royalties and other sums; and

(iii) All proceeds of the foregoing, including without limitation any claim by Debtor against third parties for damages by reason of past, present or future infringement of any trademark, trademark registration or patent listed on Schedule A-1 hereto or of any trademark or patent licensed under a trademark license or patent license, as applicable, listed on Schedule A-2 or by reason of injury to the goodwill associated with any such trademark, trademark registration or trademark license, in each case together with the right to sue for and collect said damages;

to secure the performance of all Obligations of Debtor as set out in that certain Security Agreement dated November 25, 2002 between the Debtor and the Secured Party (as may be from time to time amended or modified, the "*Security Agreement*"). Notwithstanding anything herein to the contrary, this Agreement shall not operate as a sale, transfer, conveyance or other assignment to Secured Party of any applications by Debtor for a trademark based on an intent to use the same if and so long as such application is pending and not matured into a registered trademark (such pending applications which are based on intent to use being hereinafter referred to collectively as "*Intent-To-Use Applications*"), but rather, if and so long as Debtor's Intent-To-Use Application is pending this Agreement shall operate only to create a security interest for collateral purposes in favor of Secured Party on such Intent-To-Use Application as collateral security for the Obligations.

Debtor does hereby further acknowledge and affirm that the rights and remedies of Secured Party with respect to the assignment, mortgage, pledge and security interest in the

trademarks, trademark registrations, trademark applications, trademark licenses, patents, patent applications and patent licenses made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

All terms defined in the Security Agreement, whether by reference or otherwise, when used herein, shall have their respective meanings set forth therein, unless the context requires otherwise.

This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Dated as of the date first above written.
