A G R E E M E N T

NOW, THEREFORE, for valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Guarantors and Secured Parties agree as follows:

1. SECURITY INTEREST. Each Guarantor hereby grants to Secured Parties, for the ratable benefit of all of the Purchasers, a security interest in:

(a) All of each Guarantor's now existing or hereafter acquired right, title, and interest in and to: (1) all of Guarantors' trademarks, trade names, trade styles and service marks; (2) all prints and labels on which such trademarks, trade names, trade styles and service marks appear, have appeared or will appear, and all designs and general intangibles of a like nature; (3) all applications, registrations and recordings relating to the foregoing in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof, any political subdivision thereof or in any other countries; and (4) all reissues, extensions and renewals thereof including those trademarks, terms, design and applications described in Schedule A hereto (collectively, the "Trademarks");

(b) The goodwill of the business symbolized by each of the Trademarks, including, without limitation, all customer lists and other records relating to the distribution of products or services bearing the Trademarks; and

(c) Any and all proceeds of any of the foregoing, including, without limitation, any claims by Guarantor against third parties for infringement of the Trademarks or of any licenses with respect thereto (all of the foregoing are collectively referred to herein as the "Collateral"). It is the intention of the parties to this Agreement that the security interests granted hereby are a continuation and reaffirmation of the security interests granted under the original Securities Purchase Agreement dated as of November 20, 2001 and the Guarantor Trademark Security Agreement dated as of November 20, 2001.

2. OBLIGATIONS SECURED. The security interests granted to Secured Parties, for the ratable benefit of all of the Purchasers, in this Agreement shall secure the prompt and indefeasible payment and performance of the Obligations.

3. WARRANTIES AND COVENANTS. Each Guarantor hereby covenants, represents and warrants that (all of such covenants, representations and warranties being continuing in nature so long as any of the Obligations (excluding any inchoate expense reimbursements or indemnification obligations) are outstanding):

(a) All of the existing Collateral is valid and subsisting in full force and effect to each Guarantor's knowledge, and the Guarantors own sole, full, and clear title thereto, and have (subject to potential third party prior rights in confusingly similar marks, of which the Company is currently not aware) the right and power to grant the security interests granted hereunder. The Guarantors will, at Guarantors' expense, perform all acts and execute all documents reasonably necessary to maintain the existence of the Collateral as valid and

subsisting and maintain the trademark registration and issued patents, including, without limitation, the filing of any renewal affidavits and applications. The Collateral is not subject to any Lien, except the security interest granted hereunder, the licenses, if any, which are specifically described in Schedule B hereto and Permitted Liens.

(b) Other than Permitted Liens, the Guarantors will not assign, sell, mortgage, lease, transfer, pledge, hypothecate, grant a security interest in or Lien upon, encumber, grant an exclusive or non-exclusive license relating to any of the Collateral, except to Secured Parties, or otherwise dispose of any of the Collateral without the prior written consent of Secured Parties.

(c) The Guarantors will, at Guarantors' expense, perform all acts and execute all documents reasonably requested at any time by Secured Parties to evidence, perfect, maintain, record, or enforce the security interest in the Collateral granted hereunder or to otherwise further the provisions of this Agreement. Each Guarantor hereby authorizes Secured Parties to execute and file one or more financing statements (or similar documents) with respect to the Collateral. Each Guarantor further authorizes Secured Parties to have this Agreement or any other similar security agreement filed with the Commissioner of Patents and Trademarks or other appropriate federal, state or government office.

(d) Each Guarantor will, concurrently with the execution and delivery of this Agreement, execute and deliver to Secured Parties five (5) originals of a Power of Attorney in the form of Exhibit 1 annexed hereto for the implementation of the assignment, sale or other disposition of the Collateral pursuant to Secured Parties' collective exercise of the rights and remedies granted to Secured Parties hereunder. Secured Parties agree they will only exercise the Power of Attorney upon the occurrence and during the continuation of an Event of Default under the Purchase Agreement.

(e) Secured Parties may, in their sole discretion, pay any amount or do any act which the Guarantors fail to pay or do as required hereunder or as reasonably requested by Secured Parties to maintain and preserve the Collateral, defend, protect, record, amend or enforce the Obligations, the Collateral, or the security interest granted hereunder including but not limited to, the payment of all filing or recording fees, court costs, collection charges and reasonable attorneys' fees. The Guarantors will be liable to Secured Parties for any such payment, which payment shall be deemed a borrowing by the Guarantors from Secured Parties, and shall be payable on demand together with interest at the rate set forth in the Notes and shall be part of the Obligations secured hereby.

(f) As of the date hereof, the Guarantors do not have any Trademarks registered, or subject to pending applications, in the United States Patent and Trademark Office or any similar office or agency in the United States other than those described in Schedule A annexed hereto.

(g) The Guarantors shall notify Secured Parties in writing of the filing of any application for the registration of a Trademark with the United States Patent and Trademark Office or any similar office or agency in the United States or any state therein within fifteen (15) days of such filing. Upon request of Secured Parties, each Guarantor shall execute and deliver to

Secured Parties any and all amendments to this Agreement as may be reasonably requested by Secured Parties to evidence the security interests of Secured Parties in such Trademark.

(h) The Guarantors have not abandoned any of the Trademarks material to the conduct of the business and the Guarantors will not do any act, nor omit to do any act, whereby the Trademarks material to the conduct of the business may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable. The Guarantors shall notify Secured Parties immediately if the Guarantors know or have reason to know of any reason why any application, registration, or recording of a material Trademark may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable.

(i) The Guarantors will take such actions in any proceeding before the United States Patent and Trademark Office, any federal or state court, or any similar office or agency in the United States or any state therein or any other country as are reasonably necessary to maintain such application and registration of the material Trademarks as the Guarantors' exclusive property and to protect Secured Parties' interest therein, including, without limitation, filing of renewals, affidavits of use, affidavits of incontestability and opposition, interference, and cancellation proceedings.

(j) The Guarantors will promptly notify Secured Parties if the Guarantors (or any affiliate or subsidiary thereof) learn of any use by any person of any term or design likely to cause confusion with any material Trademark or of any use by any person of any other process or product which infringes upon any material Trademark. The Guarantors, at Guarantors' expense, shall take such action as is necessary for the protection of Secured Parties' interest in and to the Trademarks.

(k) The Guarantors will maintain the quality of the products associated with the Trademarks at a level consistent with the quality at the time of this Agreement. Each Guarantor hereby grants to Secured Parties the right to visit each Guarantor's nurseries and facilities which grow or store products sold under any of the Trademarks and to inspect the products and quality-control records relating thereto at such times as permitted in the Investment Documents.

4. **RIGHTS AND REMEDIES.** Upon the occurrence and during the continuance of a Default or Event of Default under the Purchase Agreement and during the continuance thereof, in addition to all other rights and remedies of Secured Parties, whether provided under applicable law, the Investment Documents or otherwise, and after expiration of any grace period, Secured Parties, collectively, shall have the following rights and remedies which may be exercised without notice to, or consent by, the Guarantors, except as such notice or consent is expressly provided for hereunder:

(a) Secured Parties may make use of any Trademarks for the sale of goods or rendering of services in connection with enforcing any other security interest granted to Secured Parties by the Guarantors or any subsidiary of the Guarantors.

(b) Secured Parties may grant such license or licenses relating to the Collateral for such term or terms, on such conditions, and in such manner as Secured Parties

shall deem reasonably appropriate, except that Secured Parties agree to provide the Guarantors with ten (10) days prior written notice of any proposed license of the Collateral. Such license or licenses may be general, special, or otherwise and may be granted on an exclusive or non-exclusive basis throughout all or any part of the United States of America, its territories and possessions, and all foreign countries.

(c) Secured Parties may assign, sell, or otherwise dispose of the Collateral or any part thereof, either with or without special conditions or stipulations, except that Secured Parties agrees to provide the Guarantors with ten (10) days prior written notice of any proposed disposition of the Collateral. Secured Parties shall have the power to buy the Collateral or any part thereof, and Secured Parties shall also have the power to execute assurances and perform all other acts which Secured Parties may, in Secured Parties' sole discretion, deem appropriate or proper to complete such assignment, sale or disposition. In any such event, the Guarantors shall be liable for any deficiency.

(d) In addition to the foregoing, in order to implement the assignment, sale, or other disposition of any of the Collateral pursuant to subparagraph 4(c) hereof, Secured Parties may at any time execute and deliver on behalf of Guarantor, pursuant to the authority granted in the Powers of Attorney described in subparagraph 3(d) hereof, one or more instruments of assignment of the Trademarks (or any application, registration, or recording relating thereto), in form suitable for filing, recording or registration. The Guarantors agree to pay Secured Parties on demand all costs incurred in any such transfer of the Collateral, including, but not limited to, any taxes, fees, and reasonable attorneys' fees.

(e) Secured Parties may apply the proceeds actually received from any such license, assignment, sale or other disposition of Collateral first to the reasonable costs and expenses thereof, including, without limitation, reasonable attorneys' fees and all legal, travel, and other expenses which may be incurred by Secured Parties. Thereafter, Secured Parties may apply any remaining proceeds to such of the Obligations on a pro rata basis as Secured Parties may in their sole discretion determine. The Guarantors shall remain liable to Secured Parties for any expenses or obligations remaining unpaid after the application of such proceeds, and the Guarantors will pay Secured Parties on demand any such unpaid amount, together with interest at the default rate set forth in the Note.

(f) In the event that any such license, assignment, sale or disposition of the Collateral (or any part thereof) is made after the occurrence and during the continuance of an Event of Default, the Guarantors shall supply to Secured Parties or Secured Parties' designee the Guarantors' knowledge and expertise relating to the manufacture and sale of the products and services bearing the Trademarks and the Guarantors' customer lists and other records relating to the Trademarks and the distribution thereof.

Nothing contained herein shall be construed as requiring Secured Parties to take any such action at any time. All of Secured Parties' rights and remedies, whether provided under law, the Agreements, this Agreement, or otherwise, shall be cumulative and none is exclusive. Such rights and remedies may be enforced alternatively, successively, or concurrently.

5. NOTICES. All notices or demands by any party hereto shall be in writing and shall be sent as provided in the Purchase Agreement.

6. INDEMNIFICATION. The Guarantors, jointly and severally, shall indemnify Secured Parties for any and all claims and liabilities, and for damages which may be awarded or incurred by Secured Parties, and for all reasonable attorney fees, legal expenses, and other out-of-pocket expenses incurred in defending such claims, arising from or related in any manner to the negotiation, execution, or performance by Secured Parties of this Agreement, except to the extent any such claim has been caused by such Secured Party's willful misconduct or gross negligence.

Except as otherwise provided in the Purchase Agreement, Secured Parties shall have the sole and complete control of the defense of any such claims. Secured Parties are hereby authorized to settle or otherwise compromise any such claims as Secured Parties in good faith determines shall be in their best interests.

7. TERMINATION. Upon the full and final payment in cash of the Obligations (excluding any inchoate expense reimbursements or indemnification obligations) to Purchasers, Secured Parties shall promptly terminate and release their security interest in the Collateral, execute and deliver any necessary financing statement terminations or releases, and return to the Guarantors any Collateral that was in the possession of Secured Parties, provided that, with respect to any loss or damage that Purchasers may incur as a result of dishonored checks or other items of payment received by Purchasers and applied to the Obligations to Purchasers, Secured Parties, collectively, shall, at their option, (i) have received a written agreement, executed by the Guarantors (as required by Secured Parties in their sole discretion) and by any person whose loans or other advances to the Guarantors are used in whole or in part to satisfy the Obligations to Purchasers, indemnifying Purchasers from any such loss or damage; or (ii) have retained such monetary reserves or Liens on the Collateral for such period of time as Secured Parties, in their reasonable discretion, may deem necessary to protect Purchasers from any such loss or damage. All reasonable expenses incurred by Secured Parties in connection with the termination of the security interests granted to Secured Parties in connection with this Security Agreement shall be the sole expense of the Guarantors.

8. REINSTATEMENT. Notwithstanding anything to the contrary herein contained, this Agreement and the security interest provided for herein shall continue to be effective or be reinstated, as the case may be, if at any time any payment, or any part thereof, of any or all of the Obligations is rescinded, invalidated, declared to be fraudulent or preferential or otherwise required to be restored or returned by Purchasers in connection with any bankruptcy, reorganization or similar proceeding involving the Guarantors, any other party liable with respect to the Obligations or otherwise, if the proceeds of any Collateral are required to be returned by Purchasers under any such circumstances, or if Purchasers elect to return any such payment or proceeds or any part thereof in their sole discretion, all as though such payment had not been made or such proceeds not been received.

9. MISCELLANEOUS.

(a) Any failure or delay by Secured Parties to require strict performance by the Guarantors of any of the provisions, warranties, terms and conditions contained herein or in any other agreement, document, or instrument, shall not affect Secured Parties' right to demand strict compliance and performance therewith, and any waiver of any Event of Default shall not waive or affect any other Event of Default, whether prior or subsequent thereto, and whether of the same or of a different type.
