Background:

- (A) The Assignor has agreed to assign the Marks to the Assignee.

The parties agree that:

1. **Interpretation**

- 1.1 In this Agreement, the following expressions shall have the following meanings:

"Encumbrances" includes any interest or equity of any person (including any right to acquire, option or right of pre-emption), any mortgage, charge, pledge, lien, assignment, hypothecation, security interest (including any created by law) or other security agreement or arrangements or any agreement to create such interest, agreement or arrangement.

"Key Marks" means the registered trade marks and trade mark applications details of which appear in schedule 1, including any goodwill or common law rights which are connected with or attached to the same.

"Marks" means the registered trade marks and trade mark applications outside of the Republic of Ireland details of which appear in schedule 2, including any goodwill or common law rights which are connected with or attached to the same.

2. **Assignment**

- 2.1 The Assignor assigns all its right, title and interest in (i) the Key Marks free from all Encumbrances and with full title guarantee and (ii) the Marks (other than the Key Marks) in each case to the Assignee, including, without limitation:

- (A) all rights to bring any proceedings and obtain any remedy in respect of any infringement of the Marks which has occurred prior to the date of this Agreement;
- (B) all rights to claim priority from the Marks; and
- (C) all rights to any extensions, renewals or amendments of the Marks,

to hold the same to the Assignee, its successors and assigns absolutely.

3. **Consideration**

- 3.1 In consideration for the assignment in clause 2.1, the Assignee pays to the Assignor the sum of £37,000,000.00, receipt of which is acknowledged by the Assignor.

4. **VAT**

4.1 Any sum payable under this Agreement is expressed exclusive of any amount in respect of applicable VAT.

5. **Further Assistance**

5.1 The Assignor shall promptly do all such things and execute all such documents as may be reasonably required by the Assignee in order:

- (A) to perfect or confirm the Assignee's ownership of the Marks;
- (B) to ensure that the Assignee is registered as the registered proprietor of the Marks with the relevant trade marks registries; and
- (C) to give the Assignee the full benefit of this Agreement.

5.2 The Assignee shall reimburse the Assignor for any reasonable disbursements incurred by the Assignor in complying with the requirements of the Assignee under clause 5.1, except for any costs relating to the execution of any documents by the Assignor.

6. **Law and Jurisdiction**

6.1 This Agreement shall be governed by and construed in accordance with English law.

6.2 In relation to any legal action or proceedings to enforce this Agreement or arising out of or in connection with this Agreement ("Proceedings"), each of the parties irrevocably submits to the exclusive jurisdiction of the English Courts and waives any objection to Proceedings in such courts on the grounds of venue or on the grounds that the Proceedings have been brought in an inappropriate forum.
