Re: **Mark: LL**  
**Registration No.: 1,208,254**  
**Registrant: Lancaster Laboratories, Inc., a Minnesota corporation**

Dear Sir or Madam:

On March 11, 2003, the two Assignments enclosed were recorded by your office. When the Notices of Recordation was received by our office, we noted that our office had transposed the registration number for our mark. The correct registration number is 1,208,254 for the mark "LL." Consequently, we have enclosed the following two (2) recordation filings along with the appropriate filing fees to be recorded with your office to correct the registration number. Specifically, we have enclosed the following:

1. A **corrected** recordation evidencing the merger of Thermo Analytical Inc., the present registrant of the mark, with and into Lancaster Laboratories LLC, a Delaware limited liability company. This recordation filing must be filed first in order to show that Lancaster Laboratories LLC is the successor by merger to Thermo Analytical Inc.; and
2. A **corrected** recordation evidencing the assignment by Lancaster Laboratories LLC, a Delaware limited liability company, to Lancaster Laboratories, Inc., a Minnesota corporation. The recordation filing must be filed after the aforementioned filing to evidence the assignment from the Delaware limited liability company to Lancaster Laboratories, Inc., a Minnesota corporation, the present owner of the mark.

Please process the filing of the enclosed corrected recordation filings, and provide our office with evidence of each recorded document so that we can satisfy the outstanding requirements of the Combined Section 8 Affidavit and Section 9 Renewal that was submitted to the Patent and Trademark Office on September 16, 2002.
