TRADEMARK ASSIGNMENT

THIS ASSIGNMENT, entered into as of April 16, 2004, is made by and between Cox Technologies, Inc., a North Carolina corporation ("Assignor") and Cox Acquisition Corp., a Delaware corporation ("Assignee").

WHEREAS, Assignor has adopted, used and is using, and is the owner of the marks set forth on Exhibit A attached hereto (the "Marks");

WHEREAS, Assignor has agreed to assign to Assignee Assignor's entire right, title and interest in and to the Marks including any registrations therefor, and Assignee desires to receive from Assignor said right, title and interest; and

WHEREAS, it is the purpose of this document to memorialize the aforementioned assignment and transfer in a form suitable for recordation in the United States Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby assign to Assignee all of its legal and equitable right, title, and interest throughout the world in and to the Marks, all registrations and applications for registrations of the Marks therefor, including the registrations and applications identified on Exhibit A, together with the goodwill of the business symbolized by the Marks, and together with all of Assignor's right to sue and recover for past, present and future infringements of the Marks (collectively, the "Assigned Property"), free and clear of all liens, claims, charges, security interests, and other interests or encumbrances, the same to have and to hold by Assignee as fully and entirely as the same would have been held by Assignor had this assignment not been made.

Assignor hereby agrees as to all Assigned Property to assist the Assignee in every proper way (but at the Assignee's expense) to obtain and from time to time enforce trademarks and other rights and protections relating to the Assigned Property in any and all countries, and to that end Assignor will execute all documents for use in applying for and obtaining such trademarks and other rights and protections and maintaining and enforcing the same, as Assignee may

desire, together with any assignments thereof to Assignee or persons designated by it. In the event Assignee is unable, after reasonable effort, to secure Assignor's signature on any document or documents needed to apply for, prosecute or maintain any trademark, or other right or protection relating to any Assigned Property, for any reason whatsoever, Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents as Assignor's agent and attorney-in-fact to act for and on Assignor's behalf to execute and file any such application or applications and to do all other lawfully permitted acts to further the prosecution of any trademarks, or similar protections thereon with the same legal force and effect as if executed by Assignor.
