3. Nature of conveyance: Sections 7 through 11 and Exhibit C of the Security Agreement.

"7. Security Interest.

(a) To secure prompt and complete payment and performance of the Obligations (as defined below), except as otherwise provided herein, the Company hereby pledges, assigns, transfers and grants to Holder a continuing security interest in all of the properties, assets and rights of the Company listed on Exhibit C hereto, whether now owned or at any time hereafter acquired by the Company, but which shall exclude any agreements between the Company and the Founding Medical Societies, as defined by the Rights Agreement (hereinafter, collectively called the "*Collateral*").

(b) The Company expressly acknowledges that the security interest granted hereunder shall remain as security for payment and performance of the Obligations, whether now existing or which may hereafter be incurred by future advances, or otherwise. The notice of the continuing grant of this security interest therefore shall not be required to be stated on the face of any document representing any such Obligations, nor otherwise identify it as being secured hereby.

(c) For purposes of this Note, "*Obligations*" shall mean any and all payment obligations hereunder owing by the Company to the Holder, whether payment of principal, interest or premium, whether due or to become due, absolute or contingent, now existing or hereafter incurred or arising, whether or not otherwise guaranteed or secured and whether evidenced by any note or draft or documented on the books and records of the Holder or otherwise on open account, including all reasonable costs, expenses, fees, charges and attorneys' and other professional fees incurred by the Holder in connection with, involving or related to the administration (other than in the ordinary course of business), protection, modification, collection, enforcement, preservation or defense of any of the Holder's rights with respect to any of the Obligations, the Collateral or any agreement, instrument or document evidencing, governing, securing or relating to any of the foregoing, including all costs and expenses incurred in connection with any "workout" or default resolution negotiations involving legal counsel or other professionals and any re-negotiation or restructuring of any of the Obligations. All capitalized terms not otherwise defined herein shall have the meanings given under the Uniform Commercial Code as in effect from time-to-time in the State of Delaware (the "*UCC*").

(d) All Collateral which the Holder may at any time acquire from the Company or from any other source in connection with any of the Obligations shall constitute collateral for each and every Obligation, without apportionment or designation as to particular Obligations, and all Obligations, however and whenever incurred, shall be secured by all Collateral, however and whenever acquired, provided, however, that those Holders of at least (and under no circumstance less than) 50.1% in interest of the outstanding principal amount of all Notes shall have the right, in their sole discretion, to determine the order in which the Holder's rights in, or remedies against, any Collateral are to be exercised, and which type or which portions of

Collateral are to be proceeded against and the order of application of Proceeds of Collateral as against particular Obligations.

1. **Events of Default.** The Company shall be in default under this Note upon the happening of any of the following events or conditions (herein individually called an "**Event of Default**" and collectively called "**Events of Default**"):

(a) the failure by the Company to perform any of its other obligations under this Note that has not been cured within fifteen (15) days following notice by Holder of such failure;

(b) the material breach by the Company of any representation or warranty by the Company made herein;

(c) such time as the Holder's security interest in the Collateral is not prior to all other security interests in the Collateral (other than Permitted Liens);

(d) an acceleration of payment owed pursuant to Section 6; or

(e) the occurrence and continuation of an event of default by the Company under any other Note.

2. **Rights of the Holder.** Upon the occurrence of any Event of Default and for so long as such Event of Default is continuing, including an acceleration of payment owed pursuant to Section 6, those Holders of at least (and under no circumstance less than) 50.1% in interest of the outstanding principal amount of all Notes shall have the right to act on behalf of all Holders to declare all of the Obligations to be immediately due and payable and shall then have the rights and remedies of a secured party under the UCC or under any other applicable law, including the right to take possession of the Collateral, and in addition thereto, the right to enter upon any premises on which the Collateral or any part thereof may be situated and remove the same therefrom and the right to occupy the Company's premises for the purposes of liquidating Collateral. Unless the Collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, such Holders will give the Company at least ten (10) business days' prior written notice at the address of the Company set forth below (or at such other address or addresses as the Company shall specify in writing to the Holders) of the time and place of any public sale thereof or of the time after which any private sale or any other intended disposition thereof is to be made. Any such notice shall be deemed to meet any requirement hereunder or under any applicable law (including the UCC) that reasonable notification be given of the time and place of such sale or other disposition. After deducting all costs and expenses of collection, storage, custody, sale or other disposition and delivery (including reasonable attorneys' fees) and all other reasonable charges against the Collateral, the residue of the Proceeds of any such sale or disposition shall be applied pro rata among the Holders to the payment of the obligations owed by the Company on each of the outstanding Notes in such order of priority as those Holders of at least 50.1% in interest of the outstanding principal amount of all Notes shall determine and any surplus shall be returned to the Company or to any person or party lawfully entitled thereto. In the event the Proceeds of any sale, lease or other disposition of the Collateral hereunder, including without limitation, the Proceeds from the collection of Accounts, are insufficient to pay all of the Obligations in full, the Company will be

liable for the deficiency, together with interest thereon, and the costs and expenses of collection of such deficiency, including (to the extent permitted by law) attorneys' fees, expenses and disbursements.

3. Right of the Holder to Use and Operate Collateral, Etc. Upon the occurrence of any Event of Default and for so long as such Event of Default is continuing, those Holders of at least (and under no circumstance less than) 50.1% in interest of the outstanding principal amount of all Notes shall have the right and power to act on behalf of all Holders to take possession of all or any part of the Collateral, and to exclude the Company and all persons claiming under the Company wholly or partly therefrom, and thereafter to hold, store, and/or use, operate, manage and control the same. Upon any such taking of possession, such Holders shall have the right but shall not be obligated, from time to time, at the expense of the Company, make all such repairs, replacements, alterations, additions and improvements to the Collateral as they may deem proper. The Company hereby expressly waives any obligation of the Holders to process and/or prepare any Collateral prior to any sale or other disposition thereof. Upon any taking of possession of all or any part of the Collateral, those Holders of at least (and under no circumstance less than) 50.1% in interest of the outstanding principal amount of all Notes shall have the right to manage and control the Collateral and to carry on the business and to exercise all rights and powers of the Company in respect thereto as such Holders shall reasonably deem best, including the right to enter into any and all such agreements with respect to the operation of the Collateral or any part thereof as they may see fit; and they shall have the right and be entitled to collect and receive all issues, profits, fees, revenues and other income of the same and every part thereof. Such issues, profits, fees, revenues and other income shall be applied to pay the expenses of holding and operating the Collateral and of conducting the business thereof, and of all maintenance, repairs, replacements, alterations, additions and improvements, and to make all payments which such Holders may be required or may elect to make, if any, for taxes, assessments, insurance and other charges upon the Collateral or any part thereof, and all other payments which such Holders may be required or authorized to make under any provision of the Notes (including legal costs and attorneys' fees). The remainder of such issues, profits, fees, revenues and other income shall be applied to the payment of the obligations owed by the Company on each of the outstanding Notes in such order of priority as those Holders of at least 50.1% in interest of the outstanding principal amount of all Notes shall determine.

4. Perfection. The Holder may at any time and from time to time, at the Company's expense, file financing statements, continuation statements and amendments thereto that describe the Collateral and which contain any other information required by the UCC for the sufficiency or filing office acceptance of any financing statement, continuation statement or amendment, including whether the Company is an organization, the type of organization and any tax and/or organization identification number issued to the Company. The Company agrees to furnish any such information to the Holder promptly upon request. Any such financing statements, continuation statements or amendments may be signed, if so required, by the Holder on behalf of the Company and may be filed at any time in any jurisdiction as necessary. The Company hereby irrevocably appoints the Holder, through any of its chosen agents or designees, as its Attorney-In-Fact, coupled with an interest, for the purposes hereof. The Company shall at any time and from time to time, at the Holder's expense, take such steps as the Holder may reasonably request for the Holder (a) to obtain an acknowledgement, in form and substance satisfactory to the Holder, of any bailee having possession of any of the Collateral that the bailee

holds such Collateral for the Holder, (b) to obtain "**control**" of any Investment Property, Deposit Accounts, Letter-Of-Credit Rights or electronic Chattel Paper, with any agreements establishing control to be in form and substance satisfactory to the Holder, (c) to obtain possession of all or any portion of the Collateral if necessary to perfect its security interest therein in addition to the filing of a financing statement, and (d) to take such other action as becomes necessary to insure the continued perfection and priority of the Holder's security interest in any of the Collateral, and of the preservation of its rights therein."
