**SERIES C-2 SECURITY HOLDER
ACKNOWLEDGEMENT AND RELEASE
OF SECURITY INTEREST IN INTELLECTUAL PROPERTY**

This Series C-2 Security Holder Acknowledgement and Release of Security Interest in Intellectual Property (this "*Acknowledgement and Release*") is made this 16th day of August, 2004, by and among Gyration, Inc., a California corporation ("*Company*"), Thomson Inc., a Delaware corporation ("*Parent*") and each entity or person listed in Exhibit B (collectively and each a "*Releasor*"), each a "*Party*" and together the "*Parties*".

RECITALS

WHEREAS, Company and Releasor entered into that certain Security Agreement and that certain Intellectual Property Security Agreement, each dated as of December 2, 2003 (together, the "*Security Agreements*"), pursuant to which Company granted a security interest to Releasors in Company's intellectual property, which intellectual property included Company's patents and trademarks, to secure payment and performance of Company's obligations under those certain Subordinated Convertible Secured Promissory Notes (the "*Notes*") issues pursuant to the Note and Warrant Purchase Agreement, dated of even date therewith (the "*Note Agreement*"), between Company and Releasors.

WHEREAS, the Company has entered into that certain Agreement and Plan of Merger and Reorganization, dated as of July 19, 2004, by and among Thomson, Inc., a Delaware corporation ("*Thomson*"), Revolution Merger Sub., Inc., a California corporation ("*Merger Sub*"), the Company and Scott Burri as Shareholders' Agent (the "*Merger Agreement*"), pursuant to which, and pursuant to the closing under which (the "*Closing*"), Merger Sub will merge with and into the Company.

WHEREAS, pursuant to those certain Series C-2 Security Holder Termination and Release Agreements entered into pursuant to the Merger Agreement between the Company Thomson and each of the Releasors (the "*Series C-2 Releases*"), Releasors agreed that, contingent upon and effective immediately prior to the Closing and upon conversion of the outstanding balances of the Notes into shares of Series C-2 Preferred Stock, that all security interests granted to Releasors directly and indirectly in the Security Agreements would be terminated and released. Company and Releasors are entering into this Acknowledgement and Release to evidence that, upon the Closing, the Security Interests are released as set forth in the Series C-2 Releases.

NOW, THEREFORE, in consideration of the premises and covenants contained herein, and the substantial economic benefit that Releasor expects to derive from the consummation of the Merger, the Parties agree as follows:

1. Contingent upon and effective immediately prior to the Closing under the Merger Agreement (the "*Effective Time*"), Releasor hereby acknowledges that on and as of such date any and all liens, encumbrances, and security interests, in and to any Company intellectual property granted to the Company pursuant to the Security Agreements terminated, and that

Releasor holds no further interest therein. The Closing and effectiveness of the Merger will be evidenced for filing purposes with the Patent and Trademark Office by the presentation for filing along with this Acknowledgement and Consent of an executed copy of an Agreement and Plan of Merger, by and among Thomson, Merger Sub and the Company entered into pursuant to the Merger Agreement, which copy is filed with and file-stamped by the California Secretary of State.

2. At the Effective Time, Releasor hereby releases and acknowledges the release of all remaining liens, encumbrances, and security interests, if any, in and to any and all patents and trademarks (including but not limited to those certain patents, trademarks, and applications therefor enumerated in attached Exhibit A and to all patents, trademarks, and applications legally related thereto), copyrights, servicemarks and tradename rights and all related applications and associated goodwill granted Releasor under any agreement between the Parties, including but not limited to the Security Agreements.

3. Releasor hereby acknowledges that Parent will rely on this Acknowledgement and Release and will use it as evidence of satisfaction of Company obligations and release of all liens before the United States Patent and Trademark Office and other Federal and state governmental authorities.

4. From and after the Effective Time, Releasor will reasonably assist and cooperate in all respects with Parent, and will execute documents and take such further actions reasonably requested by Parent to effect the above releases and to clear, release, and remove all notices and liens of record related to Company or Parent intellectual property.

5. This Acknowledgement and Release (a) will be governed by and construed in conformity with the laws of the State of California applicable to residents of California without giving effect to choice of law rules, without regard to its otherwise applicable principles of conflicts of laws, and (b) may be executed in multiple counterparts, each of which will be considered an original and all of which together will constitute one instrument.
