## DEED OF TRADEMARK ASSIGNMENT

This Deed of Trademark Assignment ("Agreement"), effective as of this 31 day of July, 2003 ("Effective Date"), is from **GENERAL ELECTRIC COMPANY**, a corporation organized and existing under the laws of the State of New York, and **GE SPECIALTY CHEMICALS, INC.**, a corporation organized and existing under the laws of the State of New York (collectively, "Assignor") to **CROMPTON CORPORATION**, a corporation organized and existing under the laws of the State of Delaware, formerly known as CK Witco Corporation, a successor by merger to Witco Corporation, a successor by merger to OSi Specialties Holding Company, a successor by merger to OSi Specialties, Inc. ("Assignee").

WHEREAS, Assignor is the beneficial owner of the entire right, title and interest, whether statutory or common law rights, in and to the trademarks and trademark applications listed in the attached Schedule A (the "Assigned Trademarks").

WHEREAS, Assignee is desirous of acquiring the entire right, title interest in and to the Assigned Trademarks, and the goodwill of the business with which the Assigned Trademarks are used and which is symbolized by the Assigned Trademarks.

NOW, THEREFORE, for good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged:

1. Assignor does hereby sell, assign, transfer, convey and deliver unto the Assignee, its successors and assigns, the entire worldwide right, title and interest, whether statutory or common law rights, in and to the Assigned Trademarks and the registrations thereof without limitation, the right to any renewals and extensions that may be granted thereon, the right to prosecute any applications therefor, together with the goodwill of the business with which the Assigned Trademarks are used and which is symbolized by the Assigned Trademarks, the same to be held and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its successors, assigns or other legal representatives, to the end of the term or terms for which the Assigned Trademarks are granted or reissued or extended as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, as assignee of its entire right, title and interest therein and in and to all income, royalties, damages and payments now or hereafter due or payable with respect thereto in and to all causes of action (either in law or in equity); together with the right to sue, counterclaim, and recover for past, present and future infringement of the rights assigned or to be assigned under this Agreement.
2. Assignor represents and warrants that it has good and marketable title to, and owns outright the Assigned Trademarks and in each case free and clear of all liens, mortgages,

pledges, conditional sales contracts, charges, leases, administrative orders or decrees or encumbrances whatsoever, and it has full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreements inconsistent herewith.

3. Assignor agrees to, and at any time upon request, without further or additional consideration, shall cause its employees, agents and consultants to, execute any and all additional documents and to take such other actions as may be reasonably necessary in the opinion of counsel for Assignee to perfect the transfer of rights set forth herein.
