## INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT is entered into as of December 23, 2004 by and between VERIMATRIX, INC., a California Corporation, (“GRANTOR”) and the secured parties listed on the signature page hereof (the “SECURED PARTIES”).

### RECITALS

A. Secured Parties have made and may in the future make certain advances of money to Grantor (the “*Loans*”) in the amounts and manner set forth in those certain Convertible Secured Promissory Notes executed by Grantor in favor of Secured Parties (collectively, as the same may be amended, modified or supplemented from time to time, the “*Notes*”). Secured Parties are willing to make the Loans to Grantor, but only upon the condition, among others, that Grantor shall grant to Secured Parties a security interest in certain Copyrights, Trademarks and Patents to secure the obligations of Grantor under the Notes.

B. Pursuant to the terms of that certain Security Agreement, dated of even date herewith, by and between Grantor and Secured Parties (as the same may be amended, modified or supplemented from time to time, the “*Security Agreement*”), Grantor has granted to Secured Parties a security interest in all of Grantor’s right, title and interest in, to or under all of the Grantor’s assets. All capitalized terms used but not otherwise defined herein shall have the respective meanings assigned to them in the Security Agreement.

### AGREEMENT

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Notes and the Security Agreement (collectively, the “*Loans Documents*”), Grantor hereby represents, warrants, covenants and agrees as follows:

To secure its obligations under the Loans Documents and under all other agreements now existing or hereafter arising between Grantor and Secured Parties, Grantor grants and pledges to Secured Parties a security interest in all of Grantor’s right, title and interest in, to and under its Intellectual Property (including without limitation those Copyrights, Patents and Trademarks listed on Schedules A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof.

This security interest is granted in conjunction with the security interest granted to Secured Parties under the Security Agreement. The rights and remedies of Secured Parties with respect to the security interest granted hereby are subject to the terms of the Security Agreement and are in addition to those set forth in the Security Agreement and the other Loans Documents, and those which are now or hereafter available to Secured Parties as a matter of law or equity. Each right, power and remedy of Secured Parties provided for herein or in the Security Agreement or any of the Loans Documents, or now or hereafter existing at law or in equity shall be cumulative and

concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by Secured Parties of any one or more of the rights, powers or remedies provided for in this Intellectual Property Security Agreement, the Security Agreement or any of the other Loans Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Secured Parties, of any or all other rights, powers or remedies.

Grantor represents and warrants that Exhibits A, B, and C attached hereto set forth any and all intellectual property rights in connection to which Grantor has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office, as applicable.
