Attachments

From this page users may select a TIFF file for attachment from their computer workstations. One or more attachments may be provided. The TIFF files should be attached in the page order of the assignment. Attached TIFF files will be recorded in the order shown on the screen.

NOTE: Change of Name assignment does not require attachments.

Validation

This web page is used to validate all entered assignment data. The data displayed should be carefully reviewed to prevent errors in your recordation. This is the last opportunity to make data entry corrections. Assignment Services Division personnel may not recall your submission in order to prevent recordation nor will changes to the data be performed by the USPTO. If data presented is recorded and is in error, a new assignment filing along with the necessary fees for recording will be required to implement corrections. The fee payment process is the next step prior to the USPTO receiving the assignment. When the fee payment process begins, corrections to entered data may not be performed. This is the last review available.

Payment

The fee payment process is controlled by the U. S. Patent and Trademark Office Revenue Accounting and Management System. Questions or concerns about the fee payment process should be directed to the Office of Finance at daadmin@uspto.gov or (703)-305-4631.

Confirmation of Receipt

This screen will be displayed upon completion of the fee payment process. Fee payment amount is shown at the bottom of the Confirmation Receipt. Additionally, a unique identifier has been assigned to the electronically filed assignment and a record of this number, namely ETAS ID, should be retained in the event it is necessary to contact the Assignment Services Division regarding your submission. This Confirmation Receipt will be sent to the e-mail address provided.
