Exhibit A

TRADEMARK ASSIGNMENT

This Trademark Assignment (this "**Assignment**") is entered into by Argonaut Technologies, Inc., a Delaware corporation, with its principal place of business at 220 Saginaw Drive, Redwood City, California 94063 ("**Assignor**"), and Biotage AB, a corporation organized under the laws of Sweden ("**Assignee**")

WHEREAS, Assignor is the owner of the trademark registrations and applications set forth on Schedule A hereto (collectively the "**Marks**");

WHEREAS, Assignor and Assignee have entered into that certain Amended and Restated Stock and Asset Purchase Agreement dated as of March 17, 2005 (as modified by the letter agreement dated as of the date hereof, the "**Agreement**");

WHEREAS, pursuant to the Agreement, Assignor agreed, among other things, to sell, transfer, convey, assign and deliver to Assignee or its applicable Designated Purchaser, and Assignee has agreed to or to cause its applicable Designated Purchaser to purchase and acquire, all of Assignor's right, title and interest in, to and under the Transferred Assets, including the Intellectual Property (as defined in the Agreement), in each case all upon the terms and subject to the conditions set forth in the Agreement;

WHEREAS, Assignor and Assignee have entered into that certain Assignment of Intellectual Property Agreement dated as of June 3, 2005, whereby Assignor has sold, transferred, conveyed, assigned and delivered to Assignee all of Assignor's right, title and interest in, to and under the Intellectual Property, including without limitation the Marks; and

WHEREAS, **Assignee**, is desirous of acquiring all right, title and interest in, to and under the Marks, together with the goodwill of the business associated therewith or symbolized thereby;

NOW, THEREFORE, for good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign unto Assignee all of Assignor's right, title, and interest in, to and under the Marks, and all registrations therefor in the country of registration and throughout the world, as applicable, together with all common law rights and the goodwill of the business associated therewith or symbolized thereby, and all other rights, privileges and priorities of Assignor provided under the laws of the United States, or any state, commonwealth or territory of the foregoing with respect to the foregoing, including without limitation common-law rights, trade dress rights and rights under the laws of unfair competition, all rights to obtain renewals of registrations or other legal protections pertaining to the Marks, and the right to sue in Assignee's own name on all claims for past damages and all other legal and equitable relief for infringement, misappropriation or dilution of any of such Marks, or unfair competition pertaining to any of such Marks, that may have accrued to Assignor prior to the date of this Assignment, including the right to receive all proceeds and damages therefrom; the Marks to be held solely by Assignee, its successors or assigns. The parties intend that any U.S. "intent to use" trademark application for which a verified Statement of Use has not been

filed under 15 U.S.C. § 1051(d) shall be deemed assigned hereunder to a successor of the business of Assignor, or portion thereof, to which the mark pertains, and such business is ongoing and existing, and that this Agreement therefore complies with 15 U.S.C. § 1060(a)(1).

Assignor undertakes at the reasonable request of Assignee and at Assignee's expense to do all acts and execute all documents which may be reasonably necessary to confirm the title of the Assignee to the Marks, whether in connection with any registration or otherwise.

Assignor hereby constitutes and appoints Assignee as Assignor's true and lawful attorney in fact, with full power of substitution in Assignor's name and stead, to take any and all steps, including proceedings at law, in equity or otherwise, to execute, acknowledge and deliver any and all instruments and assurances necessary or expedient in order to vest or perfect the aforesaid rights and causes of action more effectively in Assignee or to protect the same or to enforce any claim or right of any kind with respect thereto. This includes, but is not limited to, any rights with respect to the Marks that may have accrued in Assignor's favor from the respective date of first use of any of the Marks to the Effective Date of this Assignment. Assignor hereby declares that the foregoing power is coupled with an interest and as such is irrevocable.
