This TRADEMARK, DOMAIN NAME AND COPYRIGHT ASSIGNMENT (this "*Assignment*") is made and entered into as of July 13, 2005, by and among iDefense, Inc., a Delaware corporation ("*Assignor*"), and VeriSign, Inc., a Delaware corporation ("*Assignee*").

RECITALS

A. Pursuant to the Agreement and Plan of Merger, dated as of July 13, 2005, by and among Assignee, iDefense Acquisition Corporation, a Delaware corporation and a wholly owned subsidiary of Assignee, Assignor, and John Watters, as Representative (the "*Purchase Agreement*"), iDefense Acquisition Corporation will merge with and into Assignor, the separate existence of iDefense Acquisition Corporation will cease and Assignor will be the surviving corporation.

B. Assignor owns certain trademarks, service marks, trade names, names, slogans, titles, logos, copyrights, domain name registrations and other designations related to its business, together with the good will associated with and symbolized by those items, and the applications and registrations listed in Schedule 1 attached hereto (collectively, the "*Assigned Intellectual Property*").

C. Pursuant to Section 8.26 of the Purchase Agreement, Assignor desires to transfer and assign to Assignee all of Assignor's worldwide right, title and interest in and to said Assigned Intellectual Property and all worldwide right, title and interest under said applications and registrations related thereto which are set forth in Schedule 1 attached hereto from Assignor to Assignee.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor and the Assignee each hereby agree as follows:

1. Ownership. Without limiting or amending Assignor's representations and warranties made in the Purchase Agreement, Assignor represents and warrants to Assignee, its successors, transferees and assignees that it (a) owns all right, title and interest in and to the Assigned Intellectual Property and the applications and registrations related thereto, and (b) has the full power to enter into and perform this Assignment and to make the transfers of the Assigned Intellectual Property and the applications and registrations related thereto.

1. Assignment. Immediately prior to Closing, Assignor hereby assigns, transfers, conveys and delivers to the Assignee and its successors and assigns, and the Assignee hereby accepts from the Assignor, all of Assignor's right, title and interest in, to and under the Assigned Intellectual Property, including, without limitation, all common law trademarks for the Assigned Intellectual Property for which no applications or registrations exist, all applications to register any of the Assigned Intellectual Property, and any registrations that have been or may be granted for any of the Assigned Intellectual Property, together with all common law rights associated with such applications and registrations, and all goodwill associated with the Assigned Intellectual Property and symbolized thereby, together with the right to sue and recover damages for future, present and past infringements of the Assigned Intellectual Property and to fully and entirely stand in the place of the Assignor in all matters related to the Assigned Intellectual Property.

2. Further Assurances. The Assignor agrees to execute and deliver such other documents and to take all such other actions which the Assignee, its successors and/or assigns may reasonably request to effect the terms of this Assignment, and to execute and deliver any and all affidavits, testimonies, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required
