ARTICLE 3 Protection of Intellectual Property By Grantors.

Except as set forth below in this Article 3, the Grantors shall undertake the following with respect to each of the items respectively described in Section 2(a)(i) through (v), inclusive, and Section 2(b)(i) through (v), inclusive (collectively, the "Intellectual Property"):

3.1 Pay all renewal fees and other fees and costs associated with maintaining the Necessary Intellectual Property and with the processing of the Necessary Intellectual Property and take all other reasonable and necessary steps to maintain each registration of the Necessary Intellectual Property in the United States.

3.2 Take all actions reasonably necessary to prevent any of the Necessary Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way.

3.3 At the Grantors' sole cost, expense, and risk, pursue the prompt, diligent processing of each application for registration of Necessary Intellectual Property and not abandon or delay any such efforts.

3.4 At the Grantors' sole cost, expense, and risk, take any and all action which the Grantors reasonably deem appropriate under the circumstances to protect the Necessary Intellectual Property from infringement, misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions.

Notwithstanding the foregoing, so long as no Event of Default has occurred and is continuing, and no Material Adverse Effect would result therefrom, no Grantor shall have an obligation to use or to maintain any Intellectual Property (i) that relates solely to any product or service that has been discontinued, abandoned or terminated, or (ii) that has been replaced with Intellectual Property substantially similar to the Intellectual Property that may be abandoned or otherwise become invalid, so long as the failure to use or maintain such Intellectual Property does not materially adversely affect the validity of such replacement Intellectual Property and so long as such replacement Intellectual Property is subject to the lien created by this Agreement.

ARTICLE 4 Grantor's Representations and Warranties

The Grantors represent and warrant that:

4.1 Exhibit A is a true, correct and complete list of all registered Copyrights owned by the Grantors and material Copyright Licenses held by the Grantors as of the date hereof.

4.2 Exhibit B is a true, correct and complete list of all registered or applied for Patents owned by the Grantors, and material Patent Licenses held by the Grantors as of the date hereof.

4.3 Exhibit C is a true, correct and complete list of all registered or applied for Trademarks owned by the Grantors and material Trademark Licenses held by the Grantors as of the date hereof.

4.4 Except as set forth in Exhibits A, B and C, none of the Necessary Intellectual Property is the subject of any licensing or franchise agreement pursuant to which any Grantor is the licensor or franchisor.

4.5 All IP Collateral is, and shall remain, free and clear of all Liens, encumbrances, or security interests in favor of any Person, other than Permitted Encumbrances, Liens in favor of the Collateral Agent (for the benefit of the Term B Secured Parties and the Term C Secured Parties, respectively) and Liens permitted by Section 6.02 of the Term Loan Agreement.

4.6 Each Grantor owns, has rights to use, or is licensed to use, all Necessary Intellectual Property. To the knowledge of the Grantors, no material claim has been asserted in writing and is pending by any Person challenging the use by any Grantor of any of the Intellectual Property owned by any Grantor or the validity of any of the Intellectual Property owned by any Grantor, nor does any Grantor know of any valid basis for any such claim, except as otherwise set forth in Schedule 3.06(b) to the Term Loan Agreement. To the knowledge of the Grantors, the use by the Grantors of the Intellectual Property does not infringe the rights of any Person in any material respect. To the knowledge of the Grantors, no holding, decision or judgment has been rendered by any Governmental Authority which would limit or cancel any Grantor's rights in, any Intellectual Property in any respect that could reasonably be expected to have a Material Adverse Effect on the business or the property of any Grantor.

4.7 The Grantors shall give the Collateral Agent written notice (with reasonable detail) on or before the last business day of each calendar quarter of the occurrence of any of the following during such calendar quarter:

(a) The Grantors' obtaining the registration of or filing applications for registration of, any new Intellectual Property, or otherwise acquiring ownership of any newly registered Intellectual Property (other than the Grantors' right to sell products containing the trademarks of others in the ordinary course of the Grantors' business).

(c) The Grantors' entering into any new Licenses which would constitute Necessary Intellectual Property or the occurrence of any License becoming Necessary Intellectual Property.

4.8 The Grantors shall give the Collateral Agent written notice (with reasonable detail) within twenty (20) days following the occurrence of the Grantors' knowing that any application or registration relating to any Necessary Intellectual Property may become forfeited, abandoned or dedicated to the public, or of any adverse determination or development materially affecting the application, registration or validity of any Necessary Intellectual Property, or the Grantors' right to own and maintain any Necessary Intellectual Property (including, without limitation, the institution of, or any such determination or development in, any opposition or

cancellation proceeding in the PTO, the Copyright Office or any court or tribunal against Grantors).

ARTICLE 5 Agreement Applies to Future Intellectual Property.

5.1 The provisions of this Agreement shall automatically apply to any such additional IP Collateral or rights described in subsections (a), (b) and (c) of Section 4.7, above, all of which shall be deemed to be and treated as "Intellectual Property" within the meaning of this Agreement. Upon the acquisition by any Grantor of any IP Collateral, such Grantor shall deliver an updated Exhibit A, B, and/or C, as applicable, to this Agreement to the Collateral Agent and hereby authorizes the Collateral Agent to file, at such Grantor's expense, such updated Exhibit as set forth in Section 5.2.

5.2 Upon the reasonable request of the Collateral Agent, the Grantors shall execute and deliver, and record or have recorded, any and all agreements, instruments, documents and papers as the Collateral Agent may request to evidence the Collateral Agent's security interests in any Copyright, Patent or Trademark owned by such Grantor (including, without limitation, filings with the PTO, The Copyright Office or any similar office), and the Grantors hereby constitute the Collateral Agent as their attorney-in-fact to execute and file all such writings for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; provided, however, the Collateral Agent's taking of such action shall not be a condition to the creation or perfection of the security interests created hereby.

ARTICLE 6 Grantors' Rights To Enforce Intellectual Property.

Prior to the occurrence of an Event of Default, the Grantors shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property including the right to seek injunctions and/or money damages, in an effort by the Grantors to protect the Intellectual Property against encroachment by third parties, provided, that

6.1 The Grantors shall provide the Collateral Agent with prior written notice of the Grantors' institution of any legal proceedings for enforcement of any Necessary Intellectual Property.

6.2 Any money damages awarded or received by the Grantors on account of such suit (or the threat of such suit) shall constitute IP Collateral.

6.3 Following the occurrence of any Event of Default, the Collateral Agent, by notice to the Grantors may terminate or limit the Grantors' rights under this Article 6.

ARTICLE 7 Collateral Agent's Actions To Protect Intellectual Property.

In the event of:

(a) the Grantors' failure, within fifteen (15) days of written notice from the Collateral Agent, to cure any failure by the Grantors to observe or perform any of the Grantors' covenants, agreements or other obligations hereunder; and/or

- (b) the occurrence and continuance of any other Event of Default,

the Collateral Agent, acting in its own name or in that of the Grantors, may (but shall not be required to) act in the Grantors' place and stead and/or in the Collateral Agent's own right in connection therewith.

ARTICLE 8 Rights Upon Default.

Upon the occurrence of any Event of Default, in addition to all other rights and remedies of the Collateral Agent set forth in the other Loan Documents, the Collateral Agent shall be entitled to exercise all rights and remedies of a secured party under the UCC as adopted in the State of New York, with respect to the Intellectual Property, in addition to which the Collateral Agent may sell, license, assign, transfer, or otherwise dispose of the Intellectual Property in any manner, in whole or in part, as the Collateral Agent may determine from time to time in its discretion. Any person may conclusively rely upon an affidavit of an officer of the Collateral Agent that an Event of Default has occurred and that the Collateral Agent is authorized to exercise such rights and remedies.

ARTICLE 9 Collateral Agent As Attorney In Fact.

9.1 The Grantors hereby irrevocably constitute and designate the Collateral Agent, and any officer or agent of the Collateral Agent as the Collateral Agent may select in its sole discretion, as and for the Grantors' attorney in fact, with full power of substitution and with the power to endorse each such Grantor's name, effective following the occurrence and during the continuance of an Event of Default:

(a) To supplement and amend from time to time Exhibits A, B and C of this Agreement to include any new or additional Intellectual Property of the Grantors.

(b) To exercise any of the rights and powers of the Collateral Agent referenced herein.

(c) To execute all such instruments, documents, and papers as the Collateral Agent determines to be appropriate in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Intellectual Property.

9.2 The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated in writing by a duly authorized officer of the Collateral Agent.

9.3 The Collateral Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by Section 9.1, but if the Collateral Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to any Grantor for any act or omission to act except for any act or omission to act as to which there is a final determination made in a judicial proceeding (in which proceeding the Collateral Agent has had an opportunity

to be heard) which determination includes a specific finding that the subject act or omission to act had been grossly negligent or constituted willful misconduct.

ARTICLE 10 Collateral Agent's Rights.

Any use by the Collateral Agent of the Intellectual Property, as authorized hereunder in connection with the exercise of the Collateral Agent's rights and remedies under this Agreement and under the Term Loan Agreement, shall be coextensive with the Grantors' rights thereunder and with respect thereto and without any liability for royalties or other related charges.

ARTICLE 11 Intent.

This Agreement is being executed and delivered by the Grantors for the purpose of registering and confirming the security interests granted to the Collateral Agent (for the benefit of the Term B Secured Parties and the Term C Secured Parties, respectively) in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interests granted pursuant to this Agreement are granted as a supplement to, and not in limitation of, the Security Interests (as defined in each of the Security Agreements) granted to the Collateral Agent, for the benefit of the Term B Secured Parties and Term C Secured Parties, respectively, under the Security Agreements. All provisions of the Security Agreements shall apply to the IP Collateral. The Collateral Agent shall have the same rights, remedies, powers, privileges and discretions with respect to the security interests created in the IP Collateral as in all other Collateral. In the event of a conflict between this Agreement and the Security Agreements, the terms of this Agreement shall control with respect to the IP Collateral and the Security Agreements with respect to all other Collateral.

ARTICLE 12 Further Assurances.

Grantors will execute any and all further documents, financing statements, agreements and instruments, and take all such further actions (including the filing and recording of financing statements and other documents), that may be required under any Applicable Law, or which the Collateral Agent may reasonably request, to grant, preserve, protect or perfect the Liens created or intended to be created hereby or the validity or priority of such Liens, all at the expense of Grantors. Each Grantor also agrees to provide to the Collateral Agent, from time to time upon request, evidence reasonably satisfactory to the Collateral Agent as to the perfection and priority of the Liens created or intended to be created hereby.

ARTICLE 13 Governing Law.
