ASSIGNMENT OF TRADEMARKS

THIS ASSIGNMENT is entered into as of 2 Sept 2003 (the "Effective Date") by and between Prolinx, Inc., a Delaware corporation, located at 22322 20th Avenue, SE Bothell Washington, 98021 ("*Prolinx*") and Agilent Technologies, Inc., a Delaware corporation, located at 395 Page Mill Rd., Palo Alto, California, 94306 ("*Agilent*").

WHEREAS, the parties have entered into an Asset Purchase Agreement dated as of August 29, 2003 for the purchase by Agilent of substantially all of the assets of Prolinx, including the rights to its intellectual property assets (the "*Asset Purchase Agreement*");

WHEREAS, as part of the performance of its duties under the Asset Purchase Agreement to assign to Agilent its rights in its intellectual property, Prolinx has agreed to execute this Assignment.

For and in consideration of the sum of one dollar (\$1.00), to it in hand paid by Agilent, and other good and valuable consideration, the receipt and sufficiency of which are hereby conclusively acknowledged, Prolinx does hereby assign, sell transfer and set over to Agilent all worldwide right, title and interest in, to and under the trademarks, trade names and trademark applications/registrations identified on Schedule A attached hereto (the "*Marks*"), together with the goodwill of the business symbolized by and associated with the Marks, together with the identified U.S. intent-to-use applications, together with all rights and privileges granted and secured thereby, including the right to sue and recover for, and the right to profits or damages due or accrued arising out of or in connection with, any and all past, present and future infringements or dilution of or damage or injury to the Marks or such associated goodwill, said rights to be held and enjoyed by Agilent, for its own use and benefit and for the use and benefit of its successors, assigns or other legal representatives as fully and entirely as the same would have been held and enjoyed by Prolinx if this Assignment and sale had not been made.

With regard to the U.S. trademark applications for the marks OCTAVE and ACAPELLA, Prolinx has intended to use the marks ACAPELLA and OCTAVE (the "*ITU Marks*") in commerce and has filed United States Trademark Application Serial Nos. 78/156,098 and 76/279,879, respectively, but has not yet filed a statement of use in conjunction with either application. Agilent is a successor to the portion of the ongoing and existing business of Prolinx to which the ITU Marks pertain as required by 15 U.S.C. § 1060.

IN WITNESS WHEREOF, the parties have caused this Assignment to be executed by their respective duly authorized representatives as set forth below.
