This **ASSIGNMENT OF TRADEMARKS** (this "Assignment") is made and entered into this 12th day of August 2005 and effective as of the 25th day of January, 2005, by and between ALGORITHMICS INCORPORATED, a federal Canadian corporation ("Assignor"), whose principal office or place of business is located at 185 Spadina Avenue, Toronto, Ontario M5T 2C6, and GLO TRADEMARKS LLC, a limited liability corporation ("Assignee"), whose registered address is c/o The Corporation Trust Company, Corporation Trust Center, 1209 Orange Street, Wilmington, Delaware, 19801 U.S.A.

WHEREAS, Assignor owns any and all rights in and to certain trade and/or service marks identified in Schedule A attached hereto and the applications and registrations therefor shown in the said Schedule A (the "Trademarks");

WHEREAS, Assignee wishes to acquire from the Assignor, and the Assignor wishes to assign and transfer to the Assignee, all of the Assignor's rights, title, and interest in and to the Trademarks, and the good will associated therewith; and

WHEREAS, the parties, intending to be legally bound, agree as follows:

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign, sell, transfer and set over to Assignee, its successors, legal representatives and assigns, all of Assignor's right, title and interest in and to the Trademarks, together with all the goodwill of Assignor's business in connection with which the Trademarks have been used or are intended to be or may be used, and all claims, if any, which may have arisen thereunder prior to the date of this Assignment, and the right to recover for damages and profits and all other remedies for past, present and future infringements of any of the Trademarks or any registrations and applications therefor.

Assignor further covenants that Assignee will, upon request, be provided promptly with all pertinent facts and documents relating to the Trademarks as may be known and accessible to Assignor and will testify as to the same in any office action, opposition or litigation related thereto and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce the Trademarks in the United States and/or in any foreign country which may be necessary or desirable to carry out the purposes thereof.

Upon request of Assignee, at any time, Assignor shall promptly perform all reasonable acts, execute, acknowledge, deliver and/or cause to be delivered any letter of consent and any further assurances, instruments, affidavits, or documents, and provide any other assistance and cooperation as may be reasonably necessary or appropriate to cause a registration of any of the Trademarks for the full benefit of Assignee, to change ownership of the Trademarks and any registration and application for the Trademarks to Assignee, to perfect in Assignee full, sole and complete ownership in and to all rights, title and interest in and to the Trademarks and any registrations and applications therefor, and to fulfill all the terms and conditions of this Assignment.
