## U.S. INTELLECTUAL PROPERTY ASSIGNMENT

THIS U.S. INTELLECTUAL PROPERTY ASSIGNMENT ("*Assignment*"), effective as of the 4<sup>th</sup> day of November, 2005 ("*Effective Date*"), by and between Computer Associates International, Inc., on behalf of itself and Computer Associates Think, Inc. ("*Assignor*") and Ingres Corporation ("*Assignee*").

WHEREAS, Computer Associates International, Inc., Assignee and Garnett & Helfrich, L.P. have entered into that certain Contribution and Stockholders Agreement, dated as of July 1, 2005 and as amended as of September 14, 2005 (the "*Contribution Agreement*"); and

WHEREAS, Assignor is the exclusive owner of all right, title and interest in and to the intellectual property set forth on Schedules A and B hereto; and

WHEREAS, on the terms and subject to the conditions set forth in the Contribution Agreement, Assignor agrees to assign to Assignee the entirety of Assignor's right, title and interest in and to such intellectual property; and

WHEREAS, on the terms and subject to the conditions set forth in the Contribution Agreement, Assignee agrees to accept the entirety of Assignor's right, title and interest in and to such intellectual property;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, on the terms and subject to the conditions set forth in the Contribution Agreement, Assignor does hereby assign, transfer and convey to Assignee and its successors, assigns and nominees forever, any and all of Assignor's right, title and interest in and to all of the following intellectual property rights free and clear of all Liens other than Permitted Liens:

1. The registered United States and foreign trademarks, service marks and registered Internet domain names listed on Schedule A annexed hereto, together with the goodwill of Assignor's business appertaining thereto and/or symbolized thereby;
2. The registered United States copyrights, copyright applications and copyrightable works (including software, databases and related items) listed on Schedule B annexed hereto;
3. All rights, priorities and privileges of Assignor provided under the laws of the United States and all applicable nations, including without limitation the nations listed on Schedules A and B, or any multinational law, compact, treaty, protocol, convention or organization, with respect to the foregoing rights;
4. All rights to sue at law or in equity for any infringement, impairment or other unauthorized use or conduct in derogation of the foregoing rights occurring prior to the Effective Date, including the right to receive all proceeds and damages therefrom; and

5. Any and all rights to obtain renewals, reissues, extensions or other legal protections pertaining to the foregoing rights (the rights in sections 1-5, collectively "*Assigned Rights*").

Assignee, its successors and assigns, shall hold the rights to the Assigned Rights for and during the existence of the term and life of such Assigned Rights, as fully and as entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

Assignor shall, without further consideration, comply with a reasonable request by Assignee, at Assignee's expense, to execute promptly any additional documents provided by Assignee and to take promptly any further action necessary to protect, secure and vest good and valid title to the Assigned Rights in Assignee in each of the relevant nations, as applicable.

The parties agree that the assignment of each item on Schedules A and B shall be construed as separable and divisible from the assignment of every other item. The unenforceability or invalidity of this Assignment with respect to any one item shall not limit its enforceability or validity, in whole or in part, with respect to any other item.

This Assignment may be signed in one or more counterparts, each of which shall be an original and all of which shall be considered one and the same instrument, and shall become effective when one or more such counterparts have been signed by each party and received by the other party.

Except as set forth in the Contribution Agreement, Assignor hereby disclaims all representations and warranties concerning any intellectual property assigned, transferred and conveyed by this Assignment.

Nothing contained in this Assignment shall be construed or deemed to modify, limit, extend or amend any of the rights or obligations of any party under the Contribution Agreement and, in the case of any conflict between this Assignment and the Contribution Agreement, the latter shall govern.

This Assignment will be construed in accordance with, and the rights of the parties will be governed by, the laws of the State of New York.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the undersigned have caused this Assignment to be duly executed and delivered as of the date first above written.
