TRADEMARK ASSIGNMENT B

This Assignment is between **HAYES LEMMERZ INTERNATIONAL-OHIO, INC.** (the "Assignor") and **HAYES LEMMERZ INTERNATIONAL-HUB AND DRUM, INC.** (the "Assignee").

In consideration of good and valuable consideration now paid by the Assignee to the Assignor (receipt of which the Assignor acknowledges) the Assignor hereby sells, assigns, transfers, and conveys to the Assignee all of Assignor's right, title and interest in and to the trademarks set forth on the Schedule annexed hereto and made a part hereof (the "Registrations"), including all statutory and common law rights connected with the Registrations together with the goodwill of the business relating to the goods/services specified in the Registrations;

Assignor does also hereby assign and transfer unto the Assignee, its successors, legal representatives and assigns, all claims for damages by reason of past infringement of the Registrations, the right to sue for and collect the same for its own use and for the use and enjoyment of its successors, legal representatives or other assigns.

Assignor authorizes the Commissioner of Patents and Trademarks of the United States, and any official of any state or country foreign to the United States, whose duty it is to record Registrations, applications and title thereto, to record the Registrations and title thereto as the property of the Assignee, its successors, legal representatives and assigns in accordance with the terms of this instrument.

Assignor further covenants and agrees to execute such additional documents as may be required in states and countries foreign to the United States to record Assignee as the owner of the Registrations herein assigned.

Assignor hereby irrevocably grants to the Assignee a power of attorney, to act as the Assignor's attorney-in-fact, with full authority in the name, place and stead of the Assignor, from time to time in the Assignee's discretion, to execute any instrument that the Assignee may reasonably deem necessary or advisable to record Assignee as owner of the Registrations herein assigned; and

Assignor also represents and warrants (i) that it has the unqualified right and power to enter into this Assignment and perform its terms; that it is the sole and exclusive owner of the entire right, title and interest in and to, free and clear of any liens, charges and encumbrances, of the Registrations, that Assignor has not executed, and will not execute, any agreement in conflict herewith, that the Registrations are in good standing, that the Registrations have not been adjudged invalid or unenforceable, in whole or in part by any court of competent jurisdiction, nor has any holding, decision or judgment been rendered by any governmental agency or authority which would limit or cancel the validity, registrability or enforceability of any of the Registrations, that no action or proceeding is pending seeking to limit, cancel or render the Registrations invalid, and Assignor has not granted any release, covenant not to sue, or non-assertion assurance to any third party with respect to any of the Registrations and (ii) that, to its knowledge, the Registrations are valid and enforceable, and that no claim has been made that the use of any of the Registrations does or may violate the rights of any third person.
