## ASSIGNMENT OF TRADE NAMES, TRADEMARKS AND SERVICE MARKS

This Assignment of Trade Names, Trademarks and Service Marks (this "Agreement") is made as of the 21<sup>st</sup> day of January, 2006 between Corporate Wings, LLC, an Ohio limited liability company ("Assignor") and Mercury Air Centers, Inc., a Delaware corporation ("Assignee").

WHEREAS, Corporate Wings – CGF, LLC, an Ohio limited liability company and an affiliate of Assignee ("CGF") and Corporate Wings – Cleveland, LLC, an Ohio limited liability company and an affiliate of Assignor ("Cleveland"), entered into an Asset Purchase Agreement dated the date hereof (the "Purchase Agreement") (unless otherwise specified, all capitalized terms used herein that are not otherwise defined shall have the meanings set forth in the Purchase Agreement);

WHEREAS, Assignor has adopted and is the owner of the trade names, trademarks and service marks set forth on Exhibit A and the associated logos, applications and registrations set forth on Exhibit A, all as used by Assignor and its affiliates prior to the date hereof in connection with the operation of the FBO Business (collectively, the "Marks");

WHEREAS, pursuant to Section 5.3(m) of the Purchase Agreement, Cleveland agreed to cause Assignor to sell, assign and transfer to Assignee, all of Assignor's right, title and interest in and to the Marks and the goodwill associated therewith.

NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the parties hereto agree as follows:

1. Assignment. Assignor hereby irrevocably assigns, sells and transfers to Assignee, its successors and assigns, all of its right, title, and interest in and to the Marks, including: (a) any registrations of and applications for registration of the Marks; (b) the goodwill of the FBO Business symbolized by and associated with the Marks and any registrations thereof; and (c) the right to sue and recover for, and the right to profits or damages due or accrued arising out of or in connection with any past infringement or dilution of or damage or injury to the Marks or any registrations thereof or such associated goodwill.

2. Further Assurances. Assignor agrees to execute any further documents and to do such other acts as may be reasonably necessary and proper to vest full title in and to the Marks to Assignee.

3. Arbitration. Except for controversies or claims arising out of or relating to this Agreement or breach hereof for which a party desires immediate injunctive relief or specific performance, the parties agree that any controversy or claim arising out of or relating to this Agreement or breach hereof shall be settled by arbitration in accordance with the National Rules of the American Arbitration Association (the "AAA"). Any arbitration shall be conducted in the District of Columbia. Each of Assignor and Assignee shall appoint an arbitrator who has expertise in the interpretation of commercial contracts and those two arbitrators shall select a third neutral arbitrator from the AAA's commercial panel who also shall have expertise in the interpretation of commercial contracts. In reaching their decision, the arbitrators shall have no

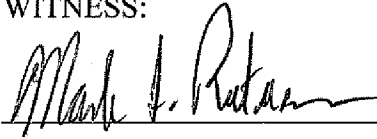

authority to change or modify any provision of this Agreement. Such arbitrators shall act as the administrators and exclusive arbitrators with respect to any controversy or claim arising out of or relating to this Agreement or breach hereof, except for controversies or claims arising out of or relating to this Agreement or breach hereof for which a party desires immediate injunctive relief or specific performance. Until final resolution of the matter submitted to arbitration, each party shall be responsible for its costs and the costs of its selected arbitrator, and the costs of the AAA and the third arbitrator shall be split equally by Assignor and Assignee. The decision of the arbitrators as to the validity of any claim and the amount of damages in respect to such claim shall be binding and conclusive upon the parties and may be entered in any court having jurisdiction thereover. The prevailing party in any matter submitted to arbitration shall be entitled to reimbursement from the non-prevailing party of all of its costs and expenses including reasonable attorneys' fees.

4. General Provisions. If and to the extent there is any conflict between the terms of the Purchase Agreement and the terms of this Agreement, the terms of the Purchase Agreement shall control. If one or more of the provisions set forth herein is held invalid or unenforceable, the balance of this Agreement shall remain in full force and effect and each invalid or unenforceable provision shall be deemed to be replaced with an enforceable provision that retains, to the maximum extent possible, the scope, intent and economic benefits of the original provision. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware without reference to its choice of law rules.
