ASSIGNMENT

THIS ASSIGNMENT ("Assignment") is made and entered into on this 29<sup>th</sup> day of November, 2005 ("Effective Date"), by and between VARDON GOLF COMPANY, INC., a corporation organized and existing under the laws of the State of Illinois having a place of business at 105 S. Roselle Road, Suite 101, Schaumburg, Illinois 60193 ("VGC"), and DILLIS V. ALLEN an individual living at 31 W. 211, Route 58, Elgin, Illinois 60120 ("Allen") (VGC and Allen hereinafter collectively "Assignors"), and KARSTEN MANUFACTURING CORPORATION, a corporation organized and existing under the laws of the State of Arizona having a place of business at 2201 West Desert Cove, Phoenix, Arizona 85029 ("Assignee"), and

WHEREAS, Assignors represent and warrant that they own all right, title and interest in, to and under, *inter alia*, the patents, trademarks, and service marks identified on Schedule A, attached hereto; and

WHEREAS, Assignors and Assignee are parties to a certain Settlement and Assignment Agreement dated November \_\_, 2005 which provides for, among other things, the assignment of the identified patents, trademarks, and service marks from Assignors to Assignee;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein and in the Settlement and Assignment Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. For Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignors do hereby sell, assign, transfer, and set over unto said Assignee all of their right, title, and interest in, to and under: (a) the inventions described and/or claimed in, and the patents and patent applications identified on Schedule A, and any reissues or reexaminations thereof, and any continuing, continuation, continuation-in-part, divisional, reissue, reexamination, foreign counterpart, and/or Patent Cooperation Treaty applications related to and/or claiming priority therefrom, or which may be hereinafter filed, and in and to any Letters Patent which may be granted and issued; and (b) trademarks, service marks, trademark and service mark applications, and trademark and service mark registrations, and all goodwill associated therewith, identified on Exhibit A attached hereto; in and for the United States of America and all foreign countries, including all treaty and convention rights, and the right to sue for present, past, and future infringement, enforce any rights and file any causes of action related thereto, either in law or equity, and to all income, royalties, fees, damages, and payments previously, now or hereafter due or payable with respect thereto, the same to be held and enjoyed by said Assignee, its successors and assigns, to the fullest extent permissible under any applicable laws and ends of the terms for which all Letters Patent and registrations therefore may be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this Assignment had not been made.

Assignee is hereby authorized to make application for and to receive Letters Patent for said inventions in any countries at its election. The Commissioner and/or Assistant Commissioner for Patents is hereby authorized and requested to issue any and all Letters Patent of the United States for said inventions to said Assignee. And by this covenant the Assignors agree to execute or procure further necessary assurance of title to said inventions, patents, trademarks, service marks, registrations, and applications, and at any time, upon the reasonable request and at the expense of said Assignee, will execute and deliver any and all papers that may be necessary or desirable to perfect the title to said inventions, patents, patent applications, trademarks, service marks, applications, and registrations, in Assignee, its successors, assigns or other legal representatives; and upon the request of said Assignee, will execute any additional applications for patents for said inventions, or any part or parts thereof, and for the reissue of any Letters Patent to be granted therefore; and will make all rightful oaths and do all lawful acts requisite for procuring the same or for aiding therein, without further compensation, but at the expense of said Assignee, its successors, assigns, or other legal representatives.
