2. Representations and Warranties. Grantor represents and warrants to, and agrees with, Lender that:

(a) the Intellectual Property Collateral listed in Schedules A-C, respectively, constitutes all of the Copyrights, Patents, and Trademarks now owned by the Grantor or in which Grantor has any right, title, or interest;

(b) the Intellectual Property Collateral is subsisting and has not been adjudged invalid or unenforceable, in whole or in part;

(c) all of the Intellectual Property Collateral is valid and enforceable;

(d) Grantor has the authority to execute and perform, and will continue to have the authority to perform, this Intellectual Property Security Agreement according to its terms; and

(e) this Intellectual Property Security Agreement does not violate and is not in contravention of any other agreement to which Grantor is a party or any judgment or decree by which Grantor is bound and does not require any consent under any other agreement to which Grantor is a party or by which is bound.

3. Covenants. Grantor covenants and agrees with Lender, that from and after the date of this Intellectual Property Security Agreement and until its termination:

(a) Grantor shall notify Lender immediately if it knows that any application or registration relating to any of the Intellectual Property Collateral (now or hereafter existing) may become abandoned or dedicated, or of any adverse determination or development (including the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office, the United States Copyright Office, or any court) regarding Grantor's ownership of any Intellectual Property Collateral, its right to register the same, or to keep and maintain the same.

(b) If Grantor shall obtain rights to any new patents, trademarks, copyrights, trade secrets, domain names or licenses, the provisions of this Intellectual Property Security Agreement shall automatically apply thereto, and Grantor shall give prompt notice in writing to Lender of any additions necessary to maintain the information in Schedules A-C at all times as then current and complete listings of all Copyrights, Patents, and Trademarks. Grantor authorizes Lender to modify this Intellectual Property Security Agreement or to amend the Schedules hereto to include any such additional rights in patents, trademarks, copyrights, trade secrets, domain names or licenses. However, a failure to so modify this Intellectual Property Security Agreement or the Schedules hereto shall in no way affect, invalidate, or detract from Lender's continuing security interest in all of the Intellectual Property Collateral, whether or not listed in the Schedules hereto.

(c) Grantor shall take all actions reasonably necessary to file, maintain, and pursue each application, to obtain the relevant registration, and to maintain the registration of each of the Patents, Trademarks, and Copyrights (now or hereafter existing), at minimum consistent with Grantor's past practices, and, in any event, with respect to any such individual item having (or reasonably likely to have) a value of \$10,000 or more, including the filing of applications with respect to any such existing or future unregistered copyrightable works and trademarks, applications for renewal, affidavits of use, affidavits of incontestability, and opposition, interference, and cancellation proceedings, and provide notice in writing to Lender of such actions.

(d) In the event that any of the Intellectual Property Collateral having material value is infringed upon, or misappropriated, or diluted by a third party, Grantor shall notify Lender promptly, but no more than 3 business days after Grantor learns thereof. Grantor shall, unless it shall reasonably determine that such Intellectual Property Collateral is in no way material to the conduct of its business or operations, promptly take such actions as are reasonably appropriate under the circumstances (including, without

limitation, as appropriate, suing for infringement, misappropriation, or dilution) to protect such Intellectual Property Collateral.

4. Power of Attorney. Grantor hereby irrevocably grants the Lender for its benefit a power of attorney to act as Grantor's attorney-in-fact, with full authority in the name, place, and stead of Grantor, from time to time and in the Lender's discretion, to take any action and to execute any instrument that the Lender deems reasonably necessary or advisable to accomplish the purposes of this Intellectual Property Security Agreement. This authority includes, without limitation, the authority to do the following:

(a) to modify or amend (in the sole discretion of Lender and without first obtaining Grantor's approval of or signature thereto) any of the Schedules hereof, as appropriate, to include references to any registered Intellectual Property Collateral (or application or license therefore) acquired by Grantor after the execution of this document or to delete any reference to any Intellectual Property Collateral in which Grantor no longer has or claims any right, title, or interest; and

(b) to execute, file, and pursue (in the sole discretion of Lender and without first obtaining Grantor's approval of or signature thereto, unless otherwise prohibited by applicable law) any application, form, or other document in order to perfect, maintain, continue, or otherwise protect Lender's interest or Grantor's rights in the Intellectual Property Collateral, including, without limitation, executing and filing (i) any financing statement, any continuation statement, or any amendment thereto, and (ii) any document in any proceeding before the United States Patent and Trademark Office, the United States Copyright Office, or the relevant office of any state or foreign jurisdiction (including, without limitation, the filing of applications for renewal, affidavits of use, affidavits of incontestability, and opposition, interference, and cancellation proceedings) and to pay any fees and taxes in connection therewith or otherwise; and

(c) to execute any document required to acknowledge, register, or perfect the interest of Lender in any part of the Intellectual Property Collateral without the signature of Grantor, unless prohibited by applicable law.

The foregoing Power of Attorney is coupled with an interest and is irrevocable.

5. Supplement to Loan Agreement. This Intellectual Property Security Agreement has been entered into in conjunction with the provisions of and the security interest granted to Lender under the Loan Agreement and other Loan Documents. The rights and remedies of the Grantor and Lender with respect to the security interests granted herein are in addition and without prejudice to those set forth in the Loan Agreement, all of the terms and provisions of which Loan Agreement are incorporated herein by reference. In the event that any provisions of this Intellectual Property Security Agreement are deemed to conflict with the Loan Agreement or the other Loan Documents, the provisions of the Loan Agreement or the other Loan Documents shall govern.

6. Assignment. Upon the occurrence of an Event of Default, Grantor shall execute and deliver to Lender an absolute assignment transferring its entire right, title, and interest in and to the Intellectual Property Collateral to Lender.

7. Binding Effect. This Intellectual Property Security Agreement shall be binding upon, inure to the benefit of, and be enforceable by Grantor, Lender, and their respective successors and assigns. Grantor may not assign, transfer, hypothecate, or otherwise convey its rights, benefits, obligations, or duties hereunder except as specifically permitted by the Loan Agreement.

8. Governing Law. This Intellectual Property Security Agreement shall be governed by the law of the State of Ohio, except as required by mandatory provisions of law or to the extent the validity, perfection, or priority of the security interests hereunder in respect of any Intellectual Property Collateral are governed by the law of a jurisdiction other than the State of Ohio.

9. Entire Agreement. This Intellectual Property Security Agreement and the Loan Agreement, together with the Schedules hereto and thereto, contain the entire agreement of the parties with respect to the subject matter hereof and supersede all prior drafts and communications relating to such subject matter.

10. Modification. Neither this Intellectual Property Security Agreement nor any provision hereof may be modified, amended, or waived except by the written agreement of the parties, as provided in the Loan Agreement, or as specifically provided otherwise in this Intellectual Property Security Agreement.

11. Counterparts. This Intellectual Property Security Agreement may be executed in any number of counterparts with the same effect as if all the signatures on such counterparts appeared on one document; each such counterpart will be deemed to be an original, but all counterparts together will constitute one and the same instrument.

12. Termination. Unless otherwise agreed in writing by the parties, the security interests granted herein will terminate (and all rights to the Intellectual Property Collateral will revert to Grantor) upon satisfaction of the following conditions: (a) payment and performance in full of the Obligations secured hereby (unconditionally and indefeasibly) and (b) the termination of the Loan Agreement. Upon any such termination, Lender (at Grantor's request and sole expense) will promptly execute and deliver to Grantor (without any representation, warranty, or recourse of any kind whatsoever) such documents as Grantor may reasonably request and provide to Lender to evidence such termination.

IN WITNESS WHEREOF, the parties hereto have executed this Intellectual Property Security Agreement, through their duly appointed officers, as of the date first written above.
