THEREFORE: for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. **New SER Techco** hereby sells and assigns to **SER Solutions**, its successors, assignees and legal representatives all the right, title and interest in:

 - (b) Trademarks and Trademark Applications as listed in Attachment B ("**Assigned Trademarks**"); and
 - (c) All copyrights in both published works and unpublished works, including without limitation all software, source code, object code, firmware and related documentation; all rights in mask works; and all know-how, software, technical information, data, process technology, plans, drawings, and blue prints, relating to any of the assets described in Paragraphs (a) and (b) above ("**Assigned Property Rights**").
2. **SER Solutions** hereby accepts this sale and assignment;
3. This Assignment and all issues relating to the ownership of the Assigned Patents, Assigned Trademarks, and Assigned Property Rights, shall be governed, construed and interpreted according to the laws of the Commonwealth of Virginia, without regard to the conflicts of law rules thereof.
 - (a) Each of the parties hereto, in respect of itself and its properties, agrees to be subject to (and hereby irrevocably submits to) the nonexclusive jurisdiction of any United States federal court sitting in Virginia or any Virginia state court in respect of any suit, action or proceeding arising out of or relating to this Assignment or the transactions contemplated herein, and irrevocably agrees that all claims in respect of any such suit, action or proceeding may be heard and determined in any such court.

- (b) Each of the parties hereto irrevocably waives, to the fullest extent it may effectively do so under applicable Law, any objection to the laying of the venue of any such suit, action or proceeding brought in any such court and any claim that any such suit, action or proceeding brought in any such court has been brought in an inconvenient forum.
