## QUITCLAIM ASSIGNMENT OF INTELLECTUAL PROPERTY

THIS QUITCLAIM ASSIGNMENT OF INTELLECTUAL PROPERTY ("Quitclaim Assignment") is effective as of March 17, 2006, by and between Ropintassco Holdings, L.P., a Delaware limited partnership, Ropintassco 3, LLC, a Delaware limited liability company (collectively, "Quitclaim Assignors"), and Roper Scientific, Inc., a Delaware corporation ("Quitclaim Assignee").

WHEREAS, Quitclaim Assignee and Quitclaim Assignors are parties to agreements entitled "Assignment of Intellectual Property" ("Original Assignments") dated November 28, 2003 and recorded with the United States Patent and Trademark Office on Reel 014815 and Frame 0957, Reel 014815 and Frame 0966, Reel 2887 and Frame 0032, and Reel 2887 and Frame 0367 on December 23, 2003;

WHEREAS the Original Assignments were ineffectual assignments of certain Intellectual Property identified in Schedule A from Quitclaim Assignee to Ropintassco 3, LLC, and then from Ropintassco 3, LLC to Ropintassco Holdings, L.P.;

WHEREAS, Quitclaim Assignee and Quitclaim Assignors desire to clarify and resolve that as between Quitclaim Assignee and Quitclaim Assignors, Quitclaim Assignee is the current and undisputed owner of the Intellectual Property listed in the Original Assignments;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

- 1 For purposes of this Quitclaim Assignment, "Intellectual Property" shall mean any and all of the following items identified on Schedule A attached hereto, and all registrations and applications for registration thereof: (i) patents (including but not limited to continuations, continuations-in-part, divisions, renewals, reissues, and extensions thereof), inventions or discoveries (including, but not limited to, processes, machines, manufactures, compositions of matter, formulas, techniques, concepts and ideas) whether patentable or not; (ii) copyrights in any work of authorship recognized by foreign or domestic law, by statute or at common law or otherwise (including but not limited to databases and computer software, in source code and object code form); (iii) mask works; (iv) trademarks, service marks, Internet domain names, trade names and trade dress, and all goodwill related thereto; and (v) trade secrets.
2. Quitclaim Assignors hereby assign, transfer and convey to Quitclaim Assignee all of Quitclaim Assignors' rights, title and interest, if any, in and to the Intellectual Property of Quitclaim Assignors, the goodwill of the business symbolized thereby, all rights of priority and rights therein provided by international conventions and treaties, and the right to sue and pursue and recover damages and any other

available remedies for past, present and future infringement thereof. As to the patents assigned pursuant to this Section 2, the same shall be held and enjoyed by Quitclaim Assignee, its successors, and assigns to the full end of the terms for which such patents, and any patents issuing from such application(s) for patent, are granted, plus any extensions thereof, as fully and entirely as the same would have been held and enjoyed by Quitclaim Assignors had this sale, assignment and transfer not been made.

3. Quitclaim Assignors agree to execute all documents necessary to perfect such rights, title, and interest in Quitclaim Assignee, its successors, assigns, and legal representatives.
4. This Quitclaim Assignment shall be governed by and construed in accordance with the laws of the State of Delaware.

[Signatures on Following Page]

IN WITNESS WHEREOF, each party hereto has caused this Quitclaim Assignment to be executed, all as of the day and year first above written.

Ropintassco Holdings, L.P.

By: Compressor Controls Corporation,  
an Iowa Corporation and  
its General Partner

By: Paul J. Som
