ASSIGNMENT OF MARKS

THIS ASSIGNMENT is made as of the date executed below by Mahaffy & Harder Engineering Company, a New Jersey corporation (the "Assignor").

RECITALS:

WHEREAS, Assignor is the owner of all right, title and interest in and to the trademarks listed in the attached Schedule A (collectively, the "Marks"); and

WHEREAS, pursuant to an Asset Purchase Agreement (the "Purchase Agreement") by and between Assignor and Ossid Corp, a North Carolina corporation (the "Assignee"), Assignor has agreed to transfer the Marks to Assignee; and

WHEREAS, Assignee desires to obtain all of Assignor's right, title and interest in, to and under said Marks;

NOW, for good and valuable consideration as set forth in the Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged by Assignor:

1. Assignor hereby assigns to Assignee all right, title and interest in and to the Marks, including without limitation the goodwill of the business symbolized by the Marks, all registrations and applications for registration thereof, all common law rights in the Marks, and all rights of action accrued and to accrue under the Marks, including all claims and rights to sue and recover for future or past infringement of the Marks and all rights to oppose or cancel any existing third party registration for a similar mark.

2. Assignor agrees, upon reasonable request, without further payment or compensation by Assignee or its successors or assigns: to provide all further cooperation, including taking such further action and executing such additional documents, which Assignee, its successors and assigns reasonably determines is desirable to secure, obtain, enforce or defend the Marks and all associated rights in the United States or any foreign country, including without limitation any additional documents needed to record and fully effect the transfer of trademark rights made herein in the United States or any foreign country as well as assisting Assignee in any dispute or conflict that may arise concerning Assignee's use of one or more of the Marks. If for any reason Assignee is unable, after reasonable effort, to secure Assignor's signature on any document needed to procure or perfect Assignee's interest in any of the Marks, Assignor hereby appoints Assignee as its attorney in fact, with full power of substitution, on behalf of Assignor and for the benefit of Assignee, to execute and enter into any documentation relating to the Marks, to secure recordation or registration of the Marks and of this Assignment.

3. Assignor further covenants that it will cease and desist all uses of the Marks throughout the world, and that it will not oppose or otherwise impede any effort by Assignee to enforce or procure registration for any of the Marks before any administrative, government or other tribunal.

IN WITNESS WHEREOF, the Assignor has caused these presents to be executed by a duly authorized corporate officer thereof as of the date set forth below.
