at one or more banking institutions to be selected by the Administrative Agent accounts (collectively, the "Collateral Account"), which shall be one or more Securities Accounts and Deposit Accounts, each in the name and under the sole dominion and control of the Administrative Agent and, in the case of a Securities Account, in respect of which the Administrative Agent is the Entitlement Holder, into which there shall be deposited from time to time the cash proceeds of any of the Collateral (including proceeds of insurance thereon) required to be delivered to the Administrative Agent pursuant hereto or that, as provided in Section 2.05(k) or Section 6.21(d) of the Credit Agreement, any of the Obligors are required to pledge as cash collateral or otherwise deposit into the Collateral Account. The Financial Assets and other property and balances credited to the Collateral Account from time to time shall constitute part of the Collateral hereunder and shall not constitute payment of the Secured Obligations until applied as hereinafter provided. Except as provided (a) in the next sentence with respect to an Event of Default, (b) with respect to the amount of the LC Exposure Sub-Account or the Special Reserve Sub-Account or (c) with respect any property deposited to the Collateral Account in connection with a Disposition as required by Section 6.21(d) of the Credit Agreement (for a period ending on the Initial Settlement Date in respect of such Disposition, if any), the Administrative Agent shall remit the collected balance standing to the credit of the Collateral Account to or upon the order of the Lead Borrower shall from time to time instruct. However, at any time following the occurrence and during the continuance of an Event of Default, the Administrative Agent may (and, if instructed by the Required Lenders, shall) in its (or their) discretion apply or cause to be applied (subject to collection) the balance from time to time standing to the credit of the Collateral Account to the payment of the Secured Obligations in the manner specified in Section 5.09. The balance from time to time in the Collateral Account shall be subject to withdrawal and application only as provided herein (including this Section and Sections 4.04, 4.05 and 5.09) and, in the case of the Special Reserve Sub-Account, Sections 2.20 and 5.03 of the Credit Agreement.

4.02 Proceeds of Accounts. If so requested by the Administrative Agent at any time after the occurrence and during the continuance of an Event of Default, each Obligor shall instruct all account debtors in respect of Accounts, Chattel Paper and General Intangibles and all obligors on Instruments to make all payments in respect thereof either (a) directly to the Administrative Agent (by instructing that such payments be remitted to a post office box which shall be in the name and under the control of the Administrative Agent) or (b) to one or more other banks in the United States of America (by instructing that such payments be remitted to a post office box which shall be in the name and under the control of the Administrative Agent) under arrangements, in form and substance satisfactory to the Administrative Agent, pursuant to which such Obligor shall have irrevocably instructed such other bank (and such other bank shall have agreed) to remit all proceeds of such payments directly to the Administrative Agent for deposit into the Collateral Account. All payments made to the Administrative Agent, as provided in the preceding sentence, shall be immediately deposited in the Collateral Account. In addition to the foregoing, each Obligor agrees that, at any time after the occurrence and during the continuance of an Event of Default, if the proceeds of any Collateral hereunder (including the payments made in respect of Accounts) shall be received by it, such Obligor shall, upon the request of the Administrative Agent, as promptly as possible deposit such proceeds into the Collateral Account. Until so deposited, all such proceeds shall be held in trust by such Obligor for and as the property of the Administrative Agent and shall not be commingled with any other funds or property of such Obligor.

4.03 Investment of Balance in Collateral Account. The cash balance standing to the credit of the Collateral Account shall be invested from time to time in such Cash Equivalents as the Lead Borrower (or, after the occurrence and during the continuance of a Default, the Administrative Agent) shall determine, which Cash Equivalents shall be held in the name and be under the control of the Administrative Agent, and shall be credited to the Collateral Account, provided that at any time after the occurrence and during the continuance of an Event of Default, the Administrative Agent may (and, if instructed by the Required Lenders, shall) in its (or their) discretion at any time and from time to time elect to liquidate any such Cash Equivalents and to apply or cause to be applied the proceeds thereof to the payment of the Secured Obligations in the manner specified in Section 5.09. So long as no Event of Default has occurred and is continuing, the Administrative Agent shall sell for cash investments in Cash Equivalents credited to the Collateral Account that are designated by the Lead Borrower in a Special Collateral Release Request, provided that such Cash Equivalents may be readily sold in an established and active market for investments of such type. All Proceeds (including income, gain and sale proceeds) in respect of Cash Equivalents shall be credited to Collateral Account. All losses with respect to any property, including Cash Equivalents, credited to the Collateral Account shall be solely for account of the Obligors, and such losses shall be allocated first to the balance of the Collateral Account other than the LC Exposure Sub-Account or the Special Reserve Sub-Account, second to the Special Reserve Sub-Account and third to the LC Exposure Sub-Account.

4.04 Cover for LC Exposure. Amounts deposited into the Collateral Account as cover for LC Exposure under Section 2.05(k) of the Credit Agreement shall be held by the Administrative Agent in a separate sub-account (the "LC Exposure Sub-Account") of the Collateral Account and all amounts held in such sub-account shall constitute collateral security first for the LC Exposure outstanding from time to time and second as collateral security for the other Secured Obligations hereunder. The balance of the LC Exposure Sub-Account shall be applied solely as provided herein. If at any time the balance of the LC Exposure Sub-Account shall be less than the aggregate amount that the Borrowers shall have been required to deposit to the Collateral Account under Section 2.05(k) of the Credit Agreement (including a deficiency as a result of losses on property credited to the Collateral Account which are allocated to the LC Exposure Sub-Account), then, within three Business Days (or, if an Event of Default has occurred and is continuing, one Business Day) after the written request of the Administrative Agent delivered to the Lead Borrower, the Obligors shall deposit to the Collateral Account, for credit to the LC Exposure Sub-Account, an amount in cash no less than the amount of such deficiency.

4.05 Dispositions and Net Available Proceeds. Amounts deposited into the Collateral Account in connection with Dispositions pursuant to Section 2.10(b) of the Credit Agreement shall be held by the Administrative Agent in a separate sub-account (the "Special Reserve Sub-Account") of the Collateral Account and all amounts held in such sub-account shall constitute collateral security first for the obligations under the Credit Agreement outstanding from time to time and second as collateral security for the other Secured Obligations hereunder. The balance of the Special Reserve Sub-Account (a) may be released in cash to the Borrowers solely as provided in Sections 2.20 and 5.03 of the Credit Agreement (provided that any such release shall be limited to the balance of the Special Reserve Sub-Account at the time of such release, after giving effect to any losses allocated to the Special Reserve Sub-Account, and the available cash balance credited to the Collateral Account at such time) and (b) shall otherwise be

(a) deliver to the Administrative Agent any and all Instruments, Chattel Paper, Documents, Letters of Credit, Security Certificates other than Pledged Stock and (subject to the delivery requirements of Section 6.22(e) of the Credit Agreement) the Pledged Stock constituting part of the Collateral in which such Obligor purports to grant a security interest hereunder, endorsed and/or accompanied by such instruments of assignment and transfer in such form and substance as the Administrative Agent may request; provided that, so long as no Default shall have occurred and be continuing, the Administrative Agent shall, promptly upon request of the Lead Borrower or such Obligor, make appropriate arrangements for making any Instrument pledged by such Obligor available to such Obligor for purposes of presentation, collection or renewal (any such arrangement to be effected, to the extent deemed appropriate by the Administrative Agent, against trust receipt or like document);

(b) give, execute, deliver, file, record, authorize or obtain all such financing statements, notices, instruments, documents, agreements or consents or other papers as may be necessary or desirable in the judgment of the Administrative Agent to create, preserve, perfect or validate the security interest granted pursuant hereto or to enable the Administrative Agent to exercise and enforce its rights hereunder with respect to such pledge and security interest, including (after the occurrence of an Event of Default) causing any or all of the Stock Collateral constituting part of the Collateral in which such Obligor purports to grant a security interest hereunder to be transferred of record into the name of the Administrative Agent or its nominee (and the Administrative Agent agrees that if any such Stock Collateral is transferred into its name or the name of its nominee, the Administrative Agent will thereafter promptly give to the respective Obligor copies of any notices and communications received by it with respect to the Stock Collateral pledged by such Obligor hereunder), provided that notices to account debtors in respect of any Accounts, Chattel Paper or General Intangibles and to obligors on Instruments shall be subject to the provisions of clause (c) below;

(c) upon the occurrence and during the continuance of any Event of Default, upon request of the Administrative Agent, promptly notify (and such Obligor hereby authorizes the Administrative Agent so to notify) each account debtor in respect of any Accounts, Chattel Paper, Instruments or General Intangibles of such Obligor that such Collateral has been assigned to the Administrative Agent hereunder, and that any payments due or to become due in respect thereof are to be made directly to the Administrative Agent;

(e) cause each insurer in respect of the policies of insurance that constitute Collateral hereunder (other than workers' compensation insurance) to name the Administrative Agent as loss payee (to the extent covering risk of loss or damage to tangible property) and as an additional named insured as its interests may appear (to the extent covering any other risk) under such policies;

(f) keep full and accurate books and records relating to the Collateral, and stamp or otherwise mark such books and records in such manner as the Administrative Agent may reasonably require in order to reflect the security interests granted by this Agreement; and

(g) permit representatives of the Administrative Agent, upon reasonable notice, at any time during normal business hours to inspect and make abstracts from its books and records pertaining to the Collateral, and permit representatives of the Administrative Agent to be present at such Obligor's place of business to receive copies of all communications and remittances relating to the Collateral, and forward copies of any notices or communications received by such Obligor with respect to the Collateral, all in such manner as the Administrative Agent may reasonably require.

5.02 Other Financing Statements and Liens. Except with respect to any Permitted Lien, without the prior written consent of the Administrative Agent (granted with the authorization of each Lender), no Obligor shall (a) authorize the filing in any jurisdiction of any financing statement or like instrument with respect to the Collateral in which the Administrative Agent is not named as the sole secured party or (b) cause or permit any Person other than such Obligor to acquire "control" (as defined in Section 8-106 or as otherwise construed for purposes of Article 8 or 9 of the UCC) over any Security, Securities Account or Deposit Account that is part of the Collateral.

5.03 Preservation of Rights. No Secured Party shall be required to take steps necessary to preserve any rights against prior parties to any of the Collateral.

5.04 Special Provisions Relating to Certain Collateral.

(a) Stock Collateral.

(1) The Obligors will cause the Stock Collateral to constitute at all times 100% (or, in the case of any Issuer that is a Foreign Subsidiary, 66%) of the total number of shares of each class of capital stock of each Issuer then outstanding.

(2) If any of the shares, securities, moneys or property required to be pledged by such Obligor under Section 3 are received by such Obligor, forthwith either (x) transfer and deliver to the Administrative Agent such shares or securities so received by such Obligor (together with the certificates for any such shares and securities duly endorsed in blank or accompanied by undated stock powers duly executed in blank), all of which thereafter shall be

(3) So long as no Event of Default shall have occurred and be continuing, the Obligors shall have the right to exercise all voting, consensual and other powers of ownership pertaining to the Stock Collateral for all purposes not inconsistent with the terms of this Agreement, the Credit Agreement or any other instrument or agreement referred to herein, provided that the Obligors jointly and severally agree that they will not vote the Stock Collateral in any manner that is inconsistent with the terms of this Agreement, the Credit Agreement or any such other instrument or agreement; and the Administrative Agent shall execute and deliver to the Obligors or cause to be executed and delivered to the Obligors all such proxies, powers of attorney, dividend and other orders, and all such instruments, without recourse, as the Obligors may reasonably request for the purpose of enabling the Obligors to exercise the rights and powers that they are entitled to exercise pursuant to this Section 5.04(a)(3).

(4) Unless and until an Event of Default has occurred and is continuing, the Obligors shall be entitled to receive and retain any and all dividends and distributions on the Stock Collateral (it being understood and agreed that such Proceeds shall continue to be part of the Collateral).

(5) If any Event of Default shall have occurred, then so long as such Event of Default shall continue, and whether or not the Administrative Agent or any Secured Party exercises any available right to declare any Secured Obligation due and payable or seeks or pursues any other relief or remedy available to it under applicable law or under this Agreement, the Credit Agreement or any other agreement relating to such Secured Obligation, all dividends and other distributions on the Stock Collateral shall be paid directly to the Administrative Agent and retained by it in the Collateral Account as part of the Collateral, subject to the terms of this Agreement, and, if the Administrative Agent shall so request in writing, the Obligors jointly and severally agree to execute and deliver to the Administrative Agent appropriate additional dividend, distribution and other orders and documents to that end.

(b) Intellectual Property.

(1) For the purpose of enabling the Administrative Agent to exercise its rights and remedies under Section 5.05, each Obligor hereby grants to the Administrative Agent, to the extent enforceable, a non-exclusive license (exercisable without payment of royalty or other compensation to such Obligor) to use, solely during such period as the Administrative Agent shall be lawfully entitled to exercise such rights and remedies under Section 5.05, any of the Intellectual Property now owned or hereafter acquired by such Obligor, with the right to sublicense as necessary to enable the Administrative Agent to exercise its rights and remedies under Section 5.05.

(2) Notwithstanding anything contained herein to the contrary, but subject to the provisions of the Credit Agreement that limit the rights of the Obligors to dispose of their property (including Section 6.08), so long as no Event of Default shall have occurred and be continuing, the Obligors have the sole right to exploit, use, enjoy, protect, license, sublicense,

assign, sell, dispose of or take any other actions the Obligors deem appropriate in their sole discretion with respect to the Intellectual Property in the ordinary course of their businesses. In furtherance of the foregoing, unless an Event of Default shall have occurred and be continuing, the Administrative Agent shall from time to time, upon the request of any Obligor, execute and deliver any instruments, certificates or other documents, in the form so requested, that such Obligor determines are appropriate (in its sole judgment) to allow it to take any action permitted above (including relinquishment of the rights provided pursuant to clause (1) immediately above as to any specific Intellectual Property). Further, upon the permitted Disposition of any Intellectual Property, such Intellectual Property, including the licenses granted to the Administrative Agent pursuant to clause (1) immediately above with respect thereto, shall be immediately and automatically released, and the Administrative Agent shall have no further rights to such Intellectual Property. The exercise of rights and remedies under Section 5.05 by the Administrative Agent shall not alter or terminate the rights of the holders of any licenses or sublicenses theretofore granted by the Obligors in accordance with the first sentence of this clause (2).

(3) The Obligors will furnish to the Administrative Agent from time to time (but, unless a Default shall have occurred and be continuing, no more frequently than quarterly) amendments to Annexes 4, 5 and/or 6, as the case may be, to include any letters patents of the United States or other countries and applications therefor, copyright registrations and applications therefor and trademark registrations and applications therefor that are material to the business of the Obligor and owned by such Obligor that become part of the Collateral under this Agreement.

(c) Motor Vehicles.

(1) Upon notice from the Administrative Agent to the Lead Borrower, each Obligor shall promptly (and in any event within 10 days of such notice) deliver to the Administrative Agent originals of the certificates of title or ownership for the Motor Vehicles (or, if such notice is limited to specified Motor Vehicles, such specified Motor Vehicles) owned by it with the Administrative Agent listed as lienholder and take such other action as the Administrative Agent shall deem appropriate to perfect the security interest created hereunder in all such Motor Vehicles (or such specified Motor Vehicles, as the case may be).

(2) Without limiting the generality of the foregoing, upon the acquisition after the date hereof by any Obligor of any Motor Vehicle, such Obligor shall, to the extent any notice pursuant to clause (1) above shall specify that it applies to future acquisitions, deliver to the Administrative Agent originals of the certificates of title or ownership for such Motor Vehicles, together with the manufacturer's statement of origin with the Administrative Agent listed as lienholder.

(3) Without limiting Section 5.10, each Obligor hereby appoints the Administrative Agent as its attorney-in-fact, effective the date hereof and terminating upon the termination of this Agreement, for the purpose of (i) executing on behalf of such Obligor title or ownership applications for filing with appropriate state agencies to enable Motor Vehicles now owned or hereafter acquired by such Obligor to be retitled and the Administrative Agent listed as lienholder thereon, (ii) filing such applications with such state agencies and (iii) executing such other documents and instruments on behalf of, and taking such other action in the name of, such

This appointment as attorney-in-fact is irrevocable and coupled with an interest.

(4) Any certificates of title or ownership delivered pursuant to the terms hereof shall be accompanied by odometer statements for each Motor Vehicle covered thereby.

(d) Insurance. Each policy of insurance that shall constitute part of the Collateral hereunder shall provide that it will not be canceled or reduced, or allowed to lapse without renewal, except after not less than 30 days' notice to the Administrative Agent and shall also provide that the interests of the Administrative Agent shall not be invalidated by any act or negligence of any Obligor or other Person having an interest in any property covered by the real property security documents nor by occupancy or use of any such property for purposes more hazardous than permitted by such policy nor by any foreclosure or other proceedings relating to such property. The Lead Borrower will advise the Administrative Agent promptly of any policy cancellation, reduction or amendment.

(e) Securities Accounts. Each Obligor shall cause the Administrative Agent to acquire "control" (as defined in Section 8-106 or as otherwise construed for purposes of Article 8 or 9 of the UCC) over any Securities Account of such Obligor within 10 days of when such Obligor shall open, or otherwise obtain an interest in, such Securities Account, pursuant to a written agreement in form and substance reasonably acceptable to the Administrative Agent.

5.05 Events of Default, Etc. During the period during which an Event of Default shall have occurred and be continuing:

(a) each Obligor shall, at the request of the Administrative Agent, assemble the Collateral owned by it at such place or places, reasonably convenient to both the Administrative Agent and such Obligor, designated in its request;

(b) the Administrative Agent may make any reasonable compromise or settlement deemed desirable with respect to any of the Collateral and may extend the time of payment, arrange for payment in installments, or otherwise modify the terms of, any of the Collateral;

(c) the Administrative Agent shall have all of the rights and remedies with respect to the Collateral of a secured party under the UCC (whether or not the UCC is in effect in the jurisdiction where the rights and remedies are asserted) and such additional rights and remedies to which a secured party is entitled under the laws in effect in any jurisdiction where any rights and remedies hereunder may be asserted, including the right, to the fullest extent permitted by applicable law, to exercise all voting, consensual and other powers of ownership pertaining to the Collateral as if the Administrative Agent were the sole and absolute owner thereof (and each Obligor agrees to take all such action as may be appropriate to give effect to such right);

(d) the Administrative Agent in its discretion may, in its name or in the name of the Obligors or otherwise, demand, sue for, collect or receive any money or property at any time payable or receivable on account of or in exchange for any of the Collateral, but shall be under no obligation to do so; and

(e) the Administrative Agent may, upon ten Business Days' prior written notice to the Lead Borrower, on behalf of all Obligors, of the time and place, with respect to the Collateral or any part thereof that shall then be or shall thereafter come into the possession, custody or control of any of the Secured Parties or any of their respective agents, sell, lease, assign or otherwise dispose of all or any part of such Collateral, at such place or places as the Administrative Agent deems best, and for cash or for credit or for future delivery (without thereby assuming any credit risk), at public or private sale, without demand of performance or notice of intention to effect any such disposition or of the time or place thereof (except such notice as is required above or by applicable statute and cannot be waived), and any of the Secured Parties or anyone else may be the purchaser, lessee, assignee or recipient of any or all of the Collateral so disposed of at any public sale (or, to the extent permitted by law, at any private sale) and thereafter hold the same absolutely, free from any claim or right of whatsoever kind, including any right or equity of redemption (statutory or otherwise), of the Obligors, any such demand, notice and right or equity being hereby expressly waived and released. In the event of any sale, assignment, or other disposition of any of the Trademark Collateral, the goodwill connected with and symbolized by the Trademark Collateral subject to such disposition shall be included, and the Obligors shall supply to the Administrative Agent or its designee, for inclusion in such sale, assignment or other disposition, all Intellectual Property relating to such Trademark Collateral. The Administrative Agent may, without notice or publication, adjourn any public or private sale or cause the same to be adjourned from time to time by announcement at the time and place fixed for the sale, and such sale may be made at any time or place to which the sale may be so adjourned.

The Proceeds of each collection, sale or other disposition under this Section 5.05, including by virtue of the exercise of the license granted to the Administrative Agent in Section 5.04(b), shall be applied in accordance with Section 5.09.

The Obligors recognize that, by reason of certain prohibitions contained in the Securities Act of 1933 and applicable state securities laws, the Administrative Agent may be compelled, with respect to any sale of all or any part of the Collateral, to limit purchasers to those who will agree, among other things, to acquire the Collateral for their own account, for investment and not with a view to the distribution or resale thereof. The Obligors acknowledge that any such private sales may be at prices and on terms less favorable to the Administrative Agent than those obtainable through a public sale without such restrictions, and, notwithstanding such circumstances, agree that any such private sale shall be deemed to have been made in a commercially reasonable manner and that the Administrative Agent shall have no obligation to engage in public sales and no obligation to delay the sale of any Collateral for the period of time necessary to permit the respective Issuer or issuer thereof to register it for public sale.

**5.06 Deficiency.** If the proceeds of sale, collection or other realization of or upon the Collateral pursuant to Section 5.05 are insufficient to cover the costs and expenses of such realization and the payment in full of the Secured Obligations, the Obligors shall remain liable

5.07 Locations; Names. Without at least 30 days' prior written notice to the Administrative Agent, no Obligor shall change the location of its chief executive office, the jurisdiction of its organization or its name from the name shown on the signature pages hereto or any Guaranty Assumption Agreement to which it is a party. Annex 8 correctly specifies (i) the location, including county or parish, of the place of business of each Obligor, or (if such Obligor has more than one place of business, of the chief executive office of such Obligor, during the period of four months ending on the Effective Date (or, in the case of any Obligor that joins this Agreement pursuant to Section 6.11, ending on the date of such joinder), (ii) the jurisdiction of organization of each Obligor during the period of four months ending on the Effective Date (or, in the case of any Obligor that joins this Agreement pursuant to Section 6.11, ending on the date of such joinder) and (iii) each location where Goods of each Obligor are located (other than Motor Vehicles constituting Equipment and Goods in transit).

5.08 Private Sale. No Secured Party shall incur liability as a result of the sale of the Collateral, or any part thereof, at any private sale pursuant to Section 5.05 conducted in a commercially reasonable manner. Each Obligor hereby waives any claims against any Secured Party arising by reason of the fact that the price at which the Collateral may have been sold at such a private sale was less than the price that might have been obtained at a public sale or was less than the aggregate amount of the Secured Obligations, even if the Administrative Agent accepts the first offer received and does not offer the Collateral to more than one offeree.

5.09 Application of Proceeds. Except as otherwise herein expressly provided and except as provided below in this Section 5.09, the Proceeds of any collection, sale or other realization of all or any part of the Collateral pursuant hereto, and any other cash at the time held by the Administrative Agent under Section 4 or this Section 5, shall be applied by the Administrative Agent:

First, to the payment of the costs and expenses of such collection, sale or other realization, including reasonable out-of-pocket costs and expenses of the Administrative Agent and the fees and expenses of its agents and counsel, and all expenses incurred and advances made by the Administrative Agent in connection therewith;

Next, to the payment in full of the Secured Obligations, in each case equally and ratably in accordance with the respective amounts thereof then due and owing or as the Secured Parties holding the same may otherwise agree (including pursuant to Section 2.17(e) of the Credit Agreement); and

Finally, to the payment to the respective Obligors, or their respective successors or assigns, or as a court of competent jurisdiction may direct, of any surplus then remaining.

Notwithstanding the foregoing: (a) the proceeds of any cash or other amounts held in the LC Exposure Sub-Account pursuant to Section 4.04 shall be applied first to the LC Exposure outstanding from time to time and second to the other Secured Obligations in the manner provided above in this Section 5.09; and (b) the proceeds of any cash or other amounts held in the Special Reserve Sub-Account pursuant to Section 4.05 shall be applied first to the obligations

Reference: Water Based Hair Spray Compositions

Gentlemen:

We understand Clairol is interested in the development and commercialization of water-based hair spray compositions utilizing the invention described and claimed in ISP's U.S. Patent 5,158,762 and foreign counterparts thereto (all of which are hereinafter referred to as "the Patents"), and that you are also interested in a license under the Patents.

You have also indicated to us that as an inducement to ISP to grant such license, Clairol would use ISP manufactured products as raw materials in its composition.

Because we will have the opportunity to sell ISP products to you, ISP is willing to grant a license to you on the condition that Clairol use commercially reasonable efforts to develop and market one or more hair spray compositions embodying the invention described and claimed in the Patents; such effort to include at least 365 man-days of work devoted to the R&D and marketing aspects of this project.

In consideration of Clairol's agreement to such condition, and subject to Clairol's continued use and purchase of its entire requirements of at least one ISP product in its composition, ISP hereby grants Clairol, its subsidiaries and affiliates, a royalty-free, irrevocable, non-exclusive license under the Patents to make, have made, use and sell water-based hair sprays covered by one or more claims thereof.

"ISP Base Patent Rights" means all issued patents and pending patent applications (other than Joint Patent Rights) of any country which are first owned or controlled by ISP on or before the Effective Date of this Agreement and which cover the Product or its manufacture or use, including but not limited to the patents and applications listed in Exhibit "A", which is attached hereto and incorporated herein, all patent applications based on such patents or applications, all applications based on any patents granted on said applications, and any continuations, continuations-in-part, divisions, patents of addition, reissues, reexaminations, or extensions of any of the foregoing. The parties agree that the Joint Patent Rights are dominated by ISP Base Patent Rights.
- G. "Net Sale(s)" means the price charged by Cross, to its customers for Product, less freight, insurance, commissions, taxes, returned Product, import and export duties and like charges which may be incurred by it, on its own behalf or on behalf of its customers, in the sale of Product.

## II. GRANTS

- A. Subject to the terms and conditions of this Agreement, ISP hereby grants to Cross:
1. a non-exclusive, royalty-free license, without right to sublicense, to make, use and sell the Product in the Republic of Ireland under ISP Know-How and ISP Base Patent Rights; and
  2. a non-exclusive, royalty-bearing license, with right to sublicense, to make, use and sell the Product outside of the Republic of Ireland in the Territory (as that term is defined in Article

TRADEMARK

III.A.) under ISP Know-How and ISP Base Patent Rights.

### III. MARKETING AND RAW MATERIAL PURCHASES

- A. Cross shall have the exclusive right, and shall use its best efforts, to market and sell the Product in the territories set forth on Exhibit "B", which is attached hereto and incorporated herein (the "Territory"). It is understood and agreed that upon mutual agreement of the parties, Exhibit "B" may be amended to alter the Territory.

Should Cross not sell the Product in any country in the Territory, for whatever reason, within five (5) years from the Effective Date, ISP shall then have the right thereafter to market and sell the Product, to be supplied by Cross, in any such country, which country shall then cease to be a part of the Territory. In the event that ISP exercises its right to market and sell the Product in any such country, such costs as may be incurred in obtaining the necessary marketing authorization for the Product in that country and in generating any additional data required for such authorization over and above that contained in the dossiers for the Product submitted and/or to be submitted by Cross to the regulatory authorities in the Territory, which dossiers shall be provided by Cross to ISP at no charge, shall be borne by ISP.

- B. Nothing in this Agreement shall constitute either party as the agent or representative of the other party for any purpose whatsoever, and neither party is authorized to assume or create any obligation or responsibility, express or implied, on behalf of or in the name of the other party.
- C. In further consideration of the research and development efforts expended by ISP, simultaneously with the execution of this Agreement Cross shall enter into the supply agreement with ISP's designated Affiliate which is attached hereto and incorporated herein as Exhibit C, pursuant to which Cross will purchase from ISP one hundred percent (100%) of Cross'

requirements of the raw materials which comprise a portion of the Matrix for a period of five (5) years from the date of the first commercial sale of the Product in the last country in the Territory in which such a first commercial sale occurs.

#### IV. EARNED ROYALTIES

- A. As additional consideration for the licenses granted by ISP to Cross hereunder, Cross shall pay to ISP, in the manner designated in Article V hereof, an earned royalty equal to ten percent (10%) of all Net Sales of the Product by Cross in the United Kingdom (excluding Northern Ireland), except in those instances in which Cross contract manufactures the Product for sale and/or distribution by a multi-national corporation, in which event the earned royalty paid to ISP shall be equal to seven percent (7%) of such Net Sales. No royalties are payable hereunder with respect to Net Sales of the Product by Cross in the Republic of Ireland and Northern Ireland.
- B. For sales of the Product by Cross outside the Republic of Ireland and the United Kingdom, Cross shall pay to ISP, in the manner designated in Article V hereof, an earned royalty equal to five percent (5%) of all Net Sales of the Product by Cross.
- C. For sales of the Product by Cross outside the Republic of Ireland and the United Kingdom in fulfillment of orders for the Product in the Territory obtained by ISP, Cross shall pay to ISP a commission equal to five percent (5%) of all such Net Sales. This commission shall be over and above any royalties due to ISP under this Agreement and shall be paid to ISP in the same manner as designated in Article V hereof for the payment of royalties.
- D. ISP and Cross agree to review and discuss, in good faith, the royalty rates to apply to Net Sales of the Product by country within the Territory (excluding the Republic of Ireland and Northern Ireland), it being the intent of the parties that royalty rates may be adjusted prospectively, as mutually agreed upon, to

reflect then existing and projected, future market conditions in each such country, including, but not limited to the cost of manufacturing the Product and the selling price of the same. The first such review shall take place in respect of each country on or about the third anniversary of the date of first placing the Product on the market for sale in that country and at three (3) year intervals thereafter.

Should the parties fail to reach agreement with respect to any proposed royalty rate adjustment within thirty (30) days of the date of the commencement of the aforementioned review, such dispute shall be submitted to mediation pursuant to Article XII.K.1. hereof.

#### V. PAYMENTS AND REPORTS

##### A. Payments

1. Any royalty payments and/or commissions due ISP as a result of Net Sales of Product by Cross shall accrue at the time Cross invoices payment for such Product. All amounts accrued for the benefit of ISP shall be deemed held in trust for the benefit of ISP until payment of such amount is made pursuant to this Agreement.
2. Unless otherwise specified in this Agreement, all payment amounts due ISP under this Agreement shall be paid within thirty (30) days following the end of the calendar quarter in which such payment accrues in accordance with the exchange rate shown in the Wall Street Journal for the close of business at the end of the calendar quarter in which such payment accrues.
3. All payments made by Cross to ISP hereunder shall be made in U.S. dollars and remitted to ISP's address given in the notification provision of this Agreement or such other address as ISP shall direct.
4. In the event payment of any royalty and/or commission is made by Cross to ISP based on a Net

Sale of Product which is subsequently returned to Cross, Cross may deduct the amount of such payment from the next payment due from it to ISP.

B. Reports

1. Cross shall keep, at its own expense, accurate records and books of account, using accepted accounting procedures, detailing all data necessary to calculate and easily audit any payments due under this Agreement. Such records and books of account shall be kept by Cross at Cross's principal places of business. Cross shall specifically require all parties generating such data to keep records and books which will allow Cross to meet its obligations of accounting hereunder. All such records, books and data shall be preserved and maintained for a period of at least five (5) years after their creation.
2. Cross shall submit a report to ISP simultaneously with its payment of royalties and/or commissions. Such report shall summarize the quantity of Product sold, the Net Sales generated thereby, and the royalty and/or commissions being paid as a result thereof for each calendar quarter during the period that royalties and/or commissions are required to be paid. If during any reporting period no payments are due, Cross shall nevertheless timely submit a written report to ISP stating that no royalties and/or commissions accrued and no funds were due.
3. Each periodic payment and associated written report shall be certified as true, complete, and accurate by a statement signed by a director or officer of Cross.
4. Upon written request by ISP, such records and books of account of Cross shall be made available for audit at a reasonable time and place by an independent accounting firm (hereinafter "Agent") reasonably acceptable to both parties for the purpose of providing annual audited statements.

TRADEMARK  
REEL: 003287 FRAME: 0881

Such Agent shall be entitled to make abstracts from such records and books for the purpose of verifying the payment amounts due or for the purpose of determining compliance with the provisions of this Agreement. No more than one such audit shall be requested by ISP in one calendar year, however, ISP reserves the right to conduct additional audits in the event annual audits reveal discrepancies of five percent (5%) or more for two (2) consecutive calendar years.

5. ISP shall pay all fees and expenses of the Agent performing the audit of Cross's books and records unless such audit reveals a deficiency of five percent (5%) or more, in which event Cross shall pay such fees and expenses. Upon written request by ISP, Cross shall provide an authorized employee, paid by Cross, to assist in the audit process, and shall cooperate in making the audit process as easy, inexpensive, and as accurate as possible.
6. Information gained in such an audit and all such records, books of account and data shall be considered Confidential Information of Cross; however, ISP may report the monies received from Cross under this Agreement. ISP agrees to impose a similar requirement of confidentiality on any Agent appointed by it to conduct the aforementioned audits of Cross's records and books of account.

#### VI. KNOW-HOW AND CONFIDENTIAL INFORMATION RESTRICTIONS

- A. Cross and ISP, each agree, during the term of this Agreement, to take all reasonable precautions to protect any Know-How and Confidential Information provided to it by the other party and preserve its confidential, proprietary, or trade secret status. Each party shall use at least the same degree of care and precaution as is customarily used by it to protect its own proprietary Know-How and Confidential Information.

- B. Both parties agree that each shall, except as may be permitted by this Agreement, utilize Know-How and Confidential Information of the other party solely for furthering the objectives of this Agreement and will not, during the term of this Agreement, otherwise use such Know-How or Confidential Information for its own benefit or for the benefit of others unless first agreed upon in writing by the parties in each particular instance.
- C. The confidentiality and non-use restrictions of this Article shall not apply to information which:
- 1. the party receiving such information can show by tangible evidence to have been in its possession prior to its receipt thereof from the other party; or
  2. is now in or hereafter comes into the public domain through no fault of the receiving party; or
  3. may hereafter lawfully be obtained by the receiving party from a third party without obligation of confidentiality, provided the receiving party does not know or have reason to know that such third party is under any confidentiality obligation regarding such information; or
  4. is disclosed pursuant to compulsory process or Government requirement after the receiving party has given notice thereof to the other party, and cooperated with any efforts of the other party to obtain a protective order or confidentiality agreement with confidentiality provisions equivalent to the provisions of this Agreement; provided, however, the foregoing provisions regarding notice and cooperation shall not apply to the dossiers which are required by governmental bodies for market authorization.
- D. Cross shall not export directly or indirectly any technical data acquired from ISP under this Agreement or any products, including but not limited to the

TRADEMARK  
REEL: 003287 FRAME: 0883

Product, utilizing any such data to any country to which the U.S. Government or any agency thereof at the time of export requires an export license or other government approval without first obtaining such license or approval.

- E. Each party agrees that a breach by the other of any obligation set forth in this Article shall cause the non-breaching party immediate and irreparable harm which cannot be adequately compensated for by monetary damages. Accordingly, in the event of such a breach or threatened breach by a party, the other party shall be entitled to preliminary and permanent injunctive relief in addition to such other remedies as may be available for such breach or threatened breach, including but not limited to the recovery of monetary damages.

#### VII. REGULATORY, HEALTH AND SAFETY MATTERS

Cross, at its sole cost and expense, shall perform such health and safety tests related to the Product and take any other action which may be required by any governmental authority in each country in the Territory having jurisdiction of the same, which are or may become necessary to ensure the continued manufacture and sale of the Product as set forth herein. Cross shall share with ISP such results of the efficacy, health and safety tests relating to the Product as Cross would normally provide to distributors of the Product. In the event that ISP markets the Product in any country pursuant to Article III.A. hereof, then Cross shall share with ISP results of any health and safety tests related to the Product required by the relevant government authority in that country.

#### VIII. INTELLECTUAL PROPERTY PROTECTION

- A. Any information, inventions, discoveries or improvements developed or made solely by employees, agents or advisors of either party relating to Product shall become the property of such party. Both parties agree to, and agree to use best efforts to have their employees, agents or advisors, perform all lawful acts requested by the party owning such property, at such owning party's expense, to perfect title therein in

such owning party or its nominee and enable such owning party or its nominee to obtain and maintain patent and/or other legal protection therefor anywhere in the world.

- B. ISP and Cross shall have joint ownership of any information, inventions, discoveries or improvements relating to Product made as a result of the parties' joint efforts, or the joint efforts of their employees, agents or advisors (collectively, the "Joint Inventions").

ISP and Cross shall jointly apply for all patents and/or other legal protection for the Joint Inventions and the Joint Patent Rights in all countries the parties deem necessary. The costs of obtaining and maintaining such patents and/or other legal protection shall be borne equally by the parties and paid no later than sixty (60) days prior to the date payment must be made to obtain or maintain such patents and/or other legal protection; however, if one party seeks to obtain and/or maintain a patent and/or such other legal protection in a jurisdiction where the other party does not wish to do so, that party may obtain and/or maintain such protection at its sole expense and will thereafter become the sole owner of such patent (including, but not limited to the Joint Patent Rights) and/or other legal protection in that jurisdiction.

- C. Notwithstanding the foregoing or any other provision set forth herein, Cross understands and agrees that any Matrix is the sole property of ISP and any minor modification of any such Matrix made by Cross, whether solely by its employees, agents or advisors or as a result of the parties' joint efforts or the joint efforts of their employees, agents or advisors shall be solely owned by ISP.

IX. TERM

The term of this Agreement shall commence on its Effective Date and, unless earlier terminated as provided herein, shall continue until the expiration of the Joint Patent Rights.

**X. TERMINATION**

- A. In the event that either party hereto shall default in any material respect in the performance of any obligation specified herein, the non-defaulting party shall have the right, in addition to any other rights or remedies it may have hereunder at law or in equity, to so notify the other party thereof in writing specifying the nature of such default and, if such default is not remedied within sixty (60) days from the date of such notice, then the non-defaulting party shall have the right, in addition to any other rights or remedies it may have hereunder at law or in equity, to terminate this Agreement immediately.
- B. In the event that either party initiates any bankruptcy proceeding or goes into liquidation other than for the purposes of reorganization, reconstruction or amalgamation; becomes insolvent; is declared bankrupt by any competent tribunal, or; makes any general assignment of its assets for the benefit of creditors, then in that event the other party may terminate this Agreement immediately upon written notice.
- C. Termination of the Agreement shall not release ISP or Cross from any obligation or liability to the other which will have matured prior to termination, nor shall termination rescind or require repayment of any payment or consideration made or given by either party, except as otherwise provided herein. If the terms of this Agreement expressly state that a right or obligation shall survive termination of this Agreement, such right or obligation shall survive termination to the degree necessary to allow complete fulfillment or discharge of the right or obligation. The following rights and/or obligations, in addition to others as provided herein, shall survive termination of this Agreement.

1. Cross shall make all reports as reasonably requested herein prior to termination, and additionally shall prepare a termination report as reasonably requested, in writing, by ISP.
  2. Cross shall pay all royalties and other payments due to ISP, and all such payments accruable prior to termination shall become immediately due and payable at the time of termination.
  3. At all times, both before and after termination, Cross shall maintain all records and books required to be kept herein and shall grant to ISP the audit privileges as defined herein.
  4. Any licenses, releases, or agreements of non-assertion running in favor of any users or consumers of the Product shall survive termination of this Agreement.
  5. All claims and causes of action the parties may have against each other shall survive termination of this Agreement.
  6. The confidentiality and non-use restrictions set forth in Article VI hereof shall end five (5) years after the effective date of termination of this Agreement.
- D. Upon termination of this Agreement for default, the defaulting party shall make no further use of the patents (including but not limited to ISP Base Patent Rights if Cross is the defaulting party) or Know-How of the other party.

#### XI. WARRANTIES

- A. Each party represents and warrants to the other that it has the full authority and power to enter into this Agreement.
- B. Neither party assumes any liability for infringement of patents or other proprietary rights owned or controlled by third parties. Cross shall inform ISP in writing,

immediately, upon receipt of notice of any suit, action or claim relating to use of ISP Base Patent Rights or Know-How and should it so elect, at its own expense, ISP may join in the defense of any such suit or claim(s).

- C. Nothing contained in this Agreement shall be construed as conferring upon either party, or others receiving rights through either party, any defense against or immunity from antitrust laws, environmental laws, import/export laws or patent misuse because such party has received rights under this Agreement.

## XII. GENERAL PROVISIONS

### A. Assignment

This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective Affiliates, successors and assigns. This Agreement may not be assigned by either party, by operation of law or otherwise, in whole or in part, without the prior written consent of the other party, which consent shall not be unreasonably withheld.

### B. Entire Agreement

This Agreement constitutes the entire agreement and understanding between the parties with respect to the subject matter hereof and supersedes all prior agreements or understandings, whether written or oral, between the parties with respect to such subject matter except the following:

Neither party, however, shall be required to resolve a strike, lockout or other labor problem in a manner which it, in its sole discretion, does not deem proper and advisable.

D. Governing Law

This Agreement shall be deemed to have been made in New York and shall be governed and construed in accordance with the laws of the United States and the State of New York, without regard to its conflicts of laws provisions. In order to be effective, any waiver by either party of any right under this Agreement must be in writing and signed by an authorized representative of the party making the waiver. No such waiver or failure of either party to enforce a right or strict performance under this Agreement shall be deemed to be a waiver or forbearance which would in any way prevent such party from subsequently asserting or exercising any such rights, making a claim not specifically waived, or requiring strict performance of this Agreement. No such waiver or failure to enforce shall affect the validity of this Agreement or be a continuing waiver excusing compliance with any provision of this Agreement in the future.

K. Dispute Resolution

1. The parties agree to make a diligent, good faith attempt to resolve all disputes that arise over the terms of this Agreement. If the parties are unable to resolve a dispute by negotiation within twenty (20) days after the date of notice from one party to the other to initiate such negotiation, the parties agree first to immediately thereafter attempt in good faith to resolve the dispute by mediation administered by the American Arbitration Association (the "AAA") under its Commercial Mediation Rules at the offices of AAA in New York City, before resorting to litigation.

information exchanged between them pursuant to the Agreement for Services and License, as well as information contained in Non-Disclosure Agreements of April 20, 1988 and March 4, 1991, and a clarification letter of June 27, 1991, would be kept secret for a period of ten (10) years from the date of the Confidentiality Agreement;

- 5. On February 4, 1993, ISP filed an International Patent Application for a "Process for the Production of pure Vinyl Pyrrolidone" (the "Patent Application"), for which U.S. Patent Number 5,329,021 was granted on July 12, 1994 (the "Patent");
- 6. Sulzer contends that ISP is not entitled to ownership of the Patent and the invention described therein, and furthermore, that ISP's Patent Application breached the terms of the Confidentiality Agreement since, according to Sulzer, it disclosed valuable confidential information belonging to Sulzer and communicated to ISP by Sulzer under the terms of the Confidentiality Agreement;
- 7. ISP claims that it owns all rights under the Patent and that none of the information disclosed in the Patent Application falls within the scope of the Confidentiality Agreement, as ISP alleges that it conceived and reduced to practice the invention claimed in the Patent prior to its earliest discussions with Sulzer relating to the Vinyl Pyrrolidone production process;
- 8. Sulzer and ISP have agreed to settle their disagreement as to the entitlement of ISP to the Patent and the ownership of the invention described therein by entering into this Settlement Agreement.

IN CONSIDERATION of the mutual covenants and agreements set out herein and other good and valuable consideration (the receipt and sufficiency whereof is hereby acknowledged), the Parties respectively covenant and agree as follows:

1. DEFINITIONS

In this Agreement, the following words or expressions have the following meanings:

- (a) "Affiliates" of a party means all corporations and other parties directly or indirectly controlled by that party, or which that party directly or indirectly controls, or which are with that party under the common control of any person or group of persons;
- (b) "Agreement" means this Settlement Agreement;
- (c) "Agreement for Services and Licence" has the meaning given to it in the third recital of this Agreement;
- (d) "Confidentiality Agreement" has the meaning given to it in the fourth recital of this Agreement;
- (e) "Crystallizer" means a crystallizer that uses the Invention;

at its business address set out above, or as ISP may otherwise direct in writing. Other than the royalty fee set out in this section, no other amount shall be payable to ISP by Sulzer.

4.4 Royalty fees shall only be payable by Sulzer on sales of Crystallizers taking place during the life of the Patent, and shall only be payable on sales of Crystallizers in the United States of America or in any other jurisdiction where ISP, at the time of the sale, holds a valid and subsisting patent or patent application which, or the application for which, was filed solely on the basis of the priority of the Patent.

5. MUTUAL RELEASES

5.1 Sulzer hereby finally and irrevocably releases ISP and its Affiliates, successors and assigns, and their respective officers, directors, agents and employees, from any and all claims, causes of action and demands whatsoever in law or in equity, arising or claimed to arise from ISP's use of the Invention or ISP's filing of the Patent Application allegedly being in breach of the Confidentiality Agreement.

5.2 ISP hereby finally and irrevocably releases Sulzer and its Affiliates, successors, assigns and customers, and their respective officers, directors, agents and employees from any and all claims, causes of action and demands whatsoever in law or in equity, arising or claimed to arise under the Patent.

6. CONFIRMATION

6.1 For greater certainty, the Parties confirm the validity of existing confidentiality agreements signed between them.

7. GENERAL

7.1 All payments made pursuant to this Agreement shall be in American dollar funds.
