Administrative Agent) upon an Event of Default for which acceleration of the amounts outstanding under the Loan Agreement is automatic under the Loan Agreement or upon the sale or other disposition of or foreclosure upon the Collateral pursuant to the Loan Agreement or the Security Agreement and applicable law (including the transfer or other disposition of the Collateral by the Company to the Administrative Agent or its nominee in lieu of foreclosure).

The Company represents and warrants to and agrees with the Secured Party as follows:

1. The Company is the sole owner in the United States and all other applicable jurisdictions of the entire right, title and interest in and to each of the Patents and Trademarks (or in the case of Patent Licenses or Trademark Licenses, has the license rights granted therein), free from any mortgage, pledge, lien, security interest, charge, adverse claim or other encumbrance including, without limitation, sole or exclusive licenses, shop rights (with regard to the Patents) and covenants not to sue, except the security interest herein granted and as otherwise permitted by the Loan Agreement, and in each case except where such failure to possess or have such right, title and interest would not reasonably be expected to result in a Material Adverse Effect.. As of the date of this Agreement, no written claim has been made against the Company that the use of any of the Patents or Trademarks does or may violate the rights of any third person and, to the best of the Company’s knowledge, there is no infringement by the Company of the patent or trademark rights of others. The Company shall have the duty to promptly notify the Secured Party of any such claim or infringement and the details thereof.

2. As of the date hereof, each of the Patents listed on Schedule A is issued and subsisting in the jurisdiction(s) indicated, and each of the registrations for Trademarks listed on Schedule B is subsisting, and, together, they constitute all patents, patent applications, trademarks and service marks now owned or used by the Company, except with respect to any such Patents or Trademarks (as applicable) the loss of which would not reasonably be expected to result in a Material Adverse Effect. As of the date hereof, to the Company’s knowledge, the Patents and Trademarks listed on Schedules A and B constitute all of the trademarks, service marks, trade names, patents and patent applications that are necessary for the operation of the business of the Company, except as would not reasonably be expected to result in a Material Adverse Effect.

3. As of the date hereof, the issued Patents and registered Trademarks are subsisting and have not been adjudged invalid or unenforceable, in whole or in part.

4. The execution, delivery and performance of this Agreement are within the power of the Company and have been duly authorized by all necessary limited liability company action and do not contravene any law, rule, regulation or any judgment, decree

or order of any tribunal or of any agreement to which the Company is a party or by which any of its property is bound.

5. The Company shall (i) prosecute diligently any patent applications of the Patents and trademark registration applications of the Trademarks pending as of the date of this Agreement or thereafter and (ii) preserve and maintain all rights in the Patents and Trademarks, except, in each case, if the Company determines in its reasonable discretion that such Patent or Trademark is no longer material to its business or operations. Any expenses incurred in connection with such applications and actions shall be borne by the Company. The Company shall not abandon any filed patent application or trademark registration, or abandon any pending patent application or any trademark registration without the consent of the Secured Party, which consent shall not be unreasonably withheld, except, in each case, if the Company determines in its reasonable discretion that such patent application or trademark registration is no longer material to its business or operations.

6. Except for Patents and Trademarks which the Company determines in its reasonable discretion are no longer material to its business or operations, the Company shall take commercially reasonable necessary steps to defend each of the Patents and Trademarks against all claims and demands of all third parties that if left undefended would reasonable be expected to result in the loss of the Company's rights in such Patent or Trademark (as applicable) adverse to the Secured Party. Until the Obligations shall have been satisfied in full, the Company shall not pledge, mortgage or create or suffer to exist a security interest in, or enter into any exclusive license or exclusive sublicense relating to, the Patents and Trademarks, without the Secured Party's prior consent, except for the security interests granted hereby and liens permitted under the Loan Agreement. For the avoidance of doubt, the foregoing obligations shall not prevent the Company from non-exclusively licensing any of the Patents or Trademarks in the ordinary course of business and consistent with the requirements of the Business (as defined in the Loan Agreement).

7. The Company shall, at its sole expense, promptly apply for and obtain all renewals or extensions of the Patents and Trademarks to the full extent permitted by law except to the extent, in the Company's reasonable discretion, exercised in good faith, such renewal or extension is not reasonable, prudent or beneficial to the Company or its operations or with respect to any Patent and/or Trademark the Company determines in its reasonable discretion are no longer material to its business or operations. If, before all Obligations have been satisfied in full, the Company shall obtain ownership of or other rights to any new patentable inventions, or become entitled to the benefit of any patent application, patent for any reissue, or of any patent improvement, or if the Company obtains ownership of or other rights to or develops any new trademark or service mark, the Company shall give the Secured Party prompt written notice of all such patents, trademarks, service marks, extensions and renewals, and the provisions of this Agreement shall automatically apply to such ownership of or other rights in or to the foregoing. The Company authorizes the Secured Party to modify this Agreement, without the necessity of

the Company's further approval or signature, solely by amending Schedule A and Schedule B to include any such new patents, any divisions, continuations, renewals, extensions, continuations-in-part on any patent, and any new trademark, service mark or renewal thereof registered or issued to the Company, or applied for and obtained hereafter.

8. The Company shall promptly notify the Secured Party of the institution of, and any adverse determination in, any proceeding in the United States Patent and Trademark Office or any other foreign or domestic governmental agency, court or body, regarding the Company's claim of ownership in any of the Patents and Trademarks which could reasonably be expected to have a Material Adverse Effect on the Company. In the event of any material infringement by a third party of any of the Patents or Trademarks, the Company shall promptly notify the Secured Party of such infringement and shall take such actions as Company reasonably determines are necessary to address such infringement and to protect the business of the Company, which actions may include obtaining the cessation of such infringement and recovering all damages resulting therefrom; provided that after the occurrence and during the continuance of an Event of Default, the Company shall take such action as the Secured Party deems reasonably necessary. If the Company shall fail to take such action as may be required under this Section 8 within two (2) months after such notice is given to the Secured Party, the Secured Party may upon notice to the Company, but shall not be required to, itself take such action in the name of the Company, and the Company hereby appoints the Secured Party the true and lawful attorney of the Company, for it and in its name, place and stead, on behalf of the Company, solely to commence judicial proceedings in any court or before any other tribunal to enjoin and recover damages for such infringement, any such damages due to the Company, net of costs and attorneys' fees reasonably incurred, to be applied to the Obligations.

9. The Company shall, at its sole expense, do, make, execute and deliver all such additional and further acts, things, deeds, assurances, and instruments, in each case in form and substance reasonably satisfactory to the Secured Party, for the purpose of the creation, validity, or perfection of the security interests and assignments provided for in this Agreement under 35 U.S.C. Section 261, 15 U.S.C. Section 1051 et seq., the Uniform Commercial Code or other laws of the United States or the Commonwealth of Massachusetts or of any other countries or states as the Secured Party may from time to time reasonably request, and shall take all such other action as the Secured Party may reasonably require to more completely vest in and assure to the Secured Party its rights hereunder or in any of the Patents or Trademarks (to the extent permitted under applicable law), and the Company hereby irrevocably authorizes the Secured Party or its designee, at the Company's expense, to execute such documents, and file such financing statements with respect thereto with or without the Company's signature, as the Secured Party may deem appropriate; provided that the Secured Party shall deliver to the Company copies of all such financing statements and shall terminate at the Secured Party's expense all such filings made in error. In the event that any rerecording or refiling (or the filing of any statement of continuation or assignment of any financing statement)

or any repledge or reassignment, or any other action, is required at any time to protect and preserve such security interest and assignments, the Company shall, at its sole cost and expense, cause the same to be done or taken at such time and in such manner as may be reasonably necessary and as may be reasonably requested by the Secured Party.

The Secured Party is hereby irrevocably appointed by the Company as its lawful attorney and agent, with full power of substitution, to execute, deliver, record and file on behalf of and in the name of the Company such financing statements, assignments, pledges and other documents and agreements, and to take such other action as the Secured Party may deem necessary for the purpose of perfecting, protecting or effecting the security interests and assignments granted herein and effected hereby, and any liens necessary to implement or effectuate the same, under any applicable law, and the Secured Party is hereby authorized to file on behalf of and in the name of the Company at the Company's sole expense, such financing statements, assignments, pledges, documents, and agreements in any appropriate governmental office, provided that the Secured Party shall deliver to the Company copies of all such financing statements. Upon the occurrence and during the continuance of an Event of Default, the Secured Party may include reference to the Company, the Patents and the Trademarks (and may utilize any logo or other distinctive symbol associated with the Company) in connection with any advertising, promotion, marketing or sale undertaken by the Secured Party pursuant to the valid exercise of its rights under the Loan Agreement and applicable law.

In fulfilling its responsibility for the prosecution, defense, enforcement or any other necessary actions in connection with the Patents and Trademarks, the Company shall hold the Secured Party harmless from any and all costs, damages, liabilities and expenses that may be incurred by the Secured Party (other than as a result of gross negligence or willful misconduct of the Secured Party) in connection with the Secured Party's interest in the Patents and Trademarks or any other action or failure to act in connection with this Agreement or the transactions contemplated hereby. Notwithstanding anything contained in this Section 9, no assignment, transfer or other conveyance of rights granted by or on behalf of the Company in or to the Patents and Trademarks, other than the granting of the security interest in the Patents and Trademarks as provided herein, shall be effective prior to the occurrence of an Event of Default.

10. If any Event of Default shall have occurred and be continuing, the Secured Party may without notice or demand declare this Agreement to be in default and the Secured Party shall thereafter have in any jurisdiction in which enforcement hereof is sought, in addition to all other rights and remedies, the rights and remedies of a secured party under the Uniform Commercial Code, including, without limitation, the right to dispose of the Patents and Trademarks at public or private sale. The Secured Party shall give to the Company at least ten (10) days' prior written notice (which the Company agrees is "reasonable notification" under the Uniform Commercial Code) of the time and place of any public sale of the Patents and Trademarks or of the time after which any private sale or any other intended disposition is to be made.

Only for so long as an Event of Default shall have occurred and be continuing, the Company hereby grants to the Secured Party the right and exclusive license (subject to the next sentence) to make, have made, use and sell the inventions and marks disclosed and claimed in the Patents and the Trademarks for the benefit and account of the Secured Party pursuant to the valid exercise of its rights under the Loan Agreement and applicable law. During any period in which an Event of Default has occurred and is continuing, the Company shall retain a non-exclusive license to make, have made, use and sell the inventions and marks disclosed and claimed in the Patents and the Trademarks in the ordinary course of the Company's business, provided, however, that all such non-exclusive rights of the Company will terminate upon any sale of the Patents and Trademarks pursuant to Section 10.

To the extent permitted by applicable law, the Company hereby waives any and all rights that it may have to judicial hearing in advance of the enforcement of any of the Secured Party's rights hereunder, including, without limitation, its rights following any Event of Default to take immediate possession of the Patents and Trademarks and exercise its rights with respect thereto.

The Secured Party shall not be required to marshal any present or future security for (including, but not limited to, this Agreement and the Patents and Trademarks subject to a security interest hereunder), or guaranties of, the Obligations or any of them, or to resort to such security or guaranties in any particular order; and all of the rights hereunder and in respect of such security and guaranties shall be cumulative and in addition to all other rights, however existing or arising. To the extent that it lawfully may, the Company hereby agrees that it will not invoke any law relating to the marshalling of collateral which might cause delay in or impede the enforcement of the Secured Party's rights under this Agreement or any other instrument evidencing any of the Obligations or by which any of the Obligations is secured or guaranteed, and to the extent that it lawfully may the Company hereby irrevocably waives the benefits of all such laws.

11. Except for notices specifically provided for herein, the Company hereby expressly waives demand, notice, protest, notice of acceptance of this Agreement, notice of loans made, credit extended, collateral received or delivered or other action taken in reliance hereon and all other demands and notices of any description. With respect both to the Obligations and any collateral therefor, the Company assents to any extension or postponement of the time of payment or any other indulgence, to any substitution of any party or person primarily or secondarily liable, to the acceptance of partial payment thereon and the settlement, compromising or adjusting of any thereof, all in such manner and at such time or times as the Secured Party may deem advisable. The Secured Party shall not have any duty as to the protection of the Patents or Trademarks or any income thereon, nor as to the preservation or rights against prior parties, nor as to the preservation of any rights pertaining thereto. The Secured Party may exercise its rights with respect to the Patents and Trademarks without resorting or regard to other collateral or sources of reimbursement for liability. The Secured Party shall not be deemed to have waived any of its rights upon or under the Obligations or the Patents and Trademarks unless such

waiver be in writing and signed by the Secured Party in accordance with the terms of the Loan Agreement. No delay or omission on the part of the Secured Party in exercising any right shall operate as a waiver of any right on any future occasion. All rights and remedies of the Secured Party with respect to the Obligations or the Patents or Trademarks, whether evidenced hereby or by any other instrument or papers, shall be cumulative and may be exercised singularly or concurrently.

12. The Company will pay any and all (i) reasonable charges and costs and all taxes incurred in implementing or subsequently amending this Agreement, including, without limitation, recording and filing fees, appraisal fees, stamp taxes, and reasonable fees and disbursements of the Secured Party's counsel incurred by the Secured Party, in connection with this Agreement, and (ii) fees and disbursements reasonably incurred by the Secured Party in the preparation, execution and delivery of any waiver or consent by the Secured Party relating to this Agreement, and in the enforcement of this Agreement and in the enforcement or foreclosure of any liens, security interests or other rights of the Secured Party under this Agreement, or under any other documentation heretofore, now, or hereafter given to the Secured Party in furtherance of the transactions contemplated hereby. In addition, after the occurrence and during the continuation of an Event of Default, the Company will also pay all reasonable costs and expenses of the Secured Party in connection with the enforcement of this Agreement and with the enforcement or foreclosure of any liens, security interests or other rights under this Agreement, or under any other documentation heretofore, now, or hereafter given to the Secured Party in furtherance of the transactions contemplated hereby.

13. The Company agrees to reimburse the Secured Party for, and indemnify it against, any and all losses, expenses and liabilities (including liabilities for penalties) of whatever kind or nature sustained and reasonably incurred (other than as a result of the gross negligence or willful misconduct of the Secured Party) in connection with any claim, demand, suit or legal or arbitration proceeding relating to this Agreement, or the exercise of any rights or powers hereunder, including reasonable attorneys' fees and disbursements. The Company and the Secured Party may from time to time agree in writing to the release of certain of the Patents and Trademarks from the security interest created hereby, and, in the case of Patents or Trademarks the Company proposes to abandon, the Secured Party agrees that, prior to an Event of Default, it will release its security interest in any Patent or Trademark the Company proposes to abandon so long as such Patent or Trademark is no longer used by the Company and is not material to the operations of the Company, provided that after the occurrence and during the continuance of an Event of Default, the Secured Party's consent will be required prior to any such release and abandonment.

14. The Company shall hold the Secured Party harmless from any and all costs, damages and expenses which may be incurred by the Secured Party or the Company in connection with any action or failure to act by the Secured Party in connection with this Agreement, except those arising from the gross negligence or willful misconduct of the Secured Party.

15. Any and all rights and interests of the Secured Party in and to the Patents and Trademarks (and any and all obligations of the Company with respect to the same) provided herein, or arising hereunder or in connection herewith, shall only supplement and be cumulative and in addition to the rights and interests of the Secured Party (and the obligations of the Company) in, to or with respect to the Collateral provided in or arising under or in connection with the Security Agreement and the Loan Agreement and shall not be in derogation thereof.

16. THIS AGREEMENT AND ALL RIGHTS AND OBLIGATIONS HEREUNDER, INCLUDING MATTERS OF CONSTRUCTION, VALIDITY AND PERFORMANCE, SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE UNITED STATES, AND, TO THE EXTENT THAT THE LAWS OF THE UNITED STATES ARE NOT APPLICABLE, BY AND WITH THE LAWS OF THE COMMONWEALTH OF MASSACHUSETTS (WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAWS). THIS AGREEMENT IS INTENDED TO TAKE EFFECT AS A SEALED INSTRUMENT. The parties hereto agree that any suit for the enforcement of this Agreement may be brought in the courts of the Commonwealth of Massachusetts or the United States of America for the District of Massachusetts, and consent to the non-exclusive jurisdiction of such court and to service of process in any such suit being made upon the parties by mail at the addresses specified in the Loan Agreement. The parties hereby waive any objection that they may now or hereafter have to the venue of any such suit or any such court or that such suit is brought in an inconvenient court.

17. All notices hereunder shall be in writing and shall be given as provided in the Loan Agreement.

18. When all Obligations (other than contingent and indemnification obligations) have been paid in full in cash and the Total Commitment has terminated, this Agreement shall terminate, and the Secured Party shall, promptly upon request and at the Company's sole expense, take such actions and execute all such documentation necessary to release its security interest hereunder.

19. Neither this Agreement nor any term hereof may be changed, waived, discharged or terminated except by a written instrument expressly referring to this Agreement and to the provisions so modified or limited, and executed by all the parties hereto.

20. This Agreement and all obligations of the Company shall be binding upon the successors and assigns of the Company, and shall, together with the rights and remedies of the Secured Party hereunder, inure to the benefit of the Secured Party and its successors and assigns. If any term of this Agreement shall be held to be invalid, illegal or unenforceable, the validity of all other terms hereof shall be in no way affected thereby, and this Agreement shall be construed and be enforceable as if such invalid,

illegal or unenforceable term had not been included herein. The parties hereto acknowledge receipt of a copy of this Agreement. Terms used herein without definition which are defined in the Uniform Commercial Code of Massachusetts have such defined meanings herein, unless the context otherwise indicates or requires.

21. THE COMPANY AND THE SECURED PARTY MUTUALLY HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY CLAIM BASED HEREON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY OTHER DOCUMENT CONTEMPLATED TO BE EXECUTED IN CONNECTION HERewith OR ANY COURSE OF CONDUCT, COURSE OF DEALINGS, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY. THIS WAIVER CONSTITUTES A MATERIAL INDUCEMENT FOR THE SECURED PARTY TO ENTER INTO THIS AGREEMENT AND MAKE THE LOANS. Except as prohibited by law, each party hereto waives any right which it may have to claim or recover in any litigation referred to in the first sentence of this Section 21 any special, exemplary, punitive or consequential damages or any damages other than, or in addition to, actual damages. Each party hereto (i) certifies that no party hereto, nor any representative, agent or attorney of any party hereto has represented, expressly or otherwise, that such party would not, in the event of litigation, seek to enforce the foregoing waivers and (ii) acknowledges that, in entering into the Loan Agreement and the other Loan Documents, the parties are relying upon, among other things, the waivers and certifications in this Section 21.
