Pursuant to an Asset Purchase Agreement between them, Assignor wishes to assign all its right, title and interest to the Trademarks to Assignee.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor does hereby assign to Assignee, its successors, assigns and legal representatives, all its right, title and interest in and to the Trademarks, together with the goodwill of the business symbolized by the Trademarks and any applications and/or registrations therefor in every jurisdiction throughout the world, and the right (but not obligation) to assert the Trademarks and to collect for all past, present and future infringements, and claims for damages and the proceeds thereof, including, without limitation, license royalties and proceeds of infringement suits and all rights corresponding thereto throughout the world by reason of any past or future acts of infringement that have occurred or may occur.
