**INTELLECTUAL PROPERTY SECURITY AGREEMENT**

This Intellectual Property Security Agreement (as modified, amended, supplemented, extended, renewed, restated or replaced from time to time, this "IP Security Agreement") is made and effective as of April 20, 2006 by DAN RIVER INC., a Georgia corporation, ("Dan River"), THE BIBB COMPANY LLC, a Delaware limited liability company ("Bibb"), DAN RIVER INTERNATIONAL LTD., a Virginia corporation ("DR International"), and DAN RIVER FACTORY STORES, INC., a Georgia corporation ("DR Factory" and together with Dan River, Bibb and DR International, each a "Grantor" and collectively, "Grantors"), in favor of CAPITALSOURCE FINANCE LLC, a Delaware limited liability company (the "Lender"). Capitalized terms used in this IP Security Agreement and not otherwise defined shall have the respective meanings ascribed to such terms in the Loan Agreement (as hereinafter defined).

**RECITALS**

**WHEREAS**, pursuant to that certain Revolving Credit and Security Agreement, dated of even date herewith, between Dan River and the Lender (as modified, amended, supplemented, extended, renewed, restated or replaced from time to time, the "Loan Agreement"), the Lender has agreed, subject to the terms and conditions set forth therein, to lend to Dan River certain amounts pursuant to a revolving credit facility (collectively, the "Loans"); and

**WHEREAS**, it is a condition precedent to the obligation of the Lender to execute and perform under the Loan Agreement that Grantors shall have executed and delivered this IP Security Agreement to the Lender;

**NOW, THEREFORE**, in consideration of the willingness of the Lender to enter into the Loan Agreement and to agree, subject to the terms and conditions set forth therein, to make the Loans to the Dan River pursuant thereto, and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is hereby agreed as follows:

1. **Grant of Security Interest**. To secure Dan River's prompt, punctual and faithful payment of the Loans and the performance of all of the Dan River's obligations under the Loan Agreement, each Grantor hereby grants to Lender a continuing security interest in all of the right, title and interest of such Grantor in and to any and all of the following collateral, whether now owned or hereafter acquired, but excluding any Intellectual Property for which the granting of a security interest therein would terminate, invalidate, void, cancel or abandon such Intellectual Property (the "IP Collateral");

(a) The U.S and foreign copyrights, associated copyright registrations and applications for copyright registration, set forth on Schedule A attached hereto (collectively, the "Copyrights");

(b) The U.S. and foreign patents and patent applications set forth on Schedule B attached hereto, including, without limitation, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same (collectively, the "Patents");

(c) The U.S., state and foreign trademark and service mark registrations, trademark and service mark applications set forth on Schedule C attached hereto and all goodwill associated with the foregoing (collectively, the "Trademarks");

(d) The domain names and registrations set forth on Schedule D attached hereto and all goodwill associated with the foregoing (collectively, the "Domain Names");

(e) Any and all claims and causes of action for past, present or future infringement of any of the IP Collateral, with the right, but not the obligation, to sue for and collect damages for infringement of the IP Collateral;

(f) Any and all licenses or rights granted under any of the IP Collateral, and all license fees and royalties arising from such licenses or rights, in each case to the extent permitted by such licenses or rights;

(g) Any and all amendments, renewals, extensions, reissuances and replacements of any of the IP Collateral; and

(h) Any and all products and proceeds of any of the foregoing.

2. Requested Recordation. Each Grantor authorizes and requests that the Register of Copyrights and the Commissioner of Patents and Trademarks (and any state, foreign or other authority to which this IP Security Agreement is submitted) file and record this IP Security Agreement (and any corresponding or separate forms of such jurisdiction) in order to publicly reflect the interests of the Lender in the IP Collateral.

3. Assignment. Upon the occurrence and during the continuance of an Event of Default, Grantors shall execute and deliver to Lender an absolute assignment transferring its entire right, title, and interest in and to the IP Collateral to the Lender.

4. Power of Attorney. Each Grantor hereby irrevocably grants to the Lender, a power of attorney, to act as such Grantor's attorney-in-fact, with full authority in the name, place and stead of such Grantor, from time to time in the Lender's discretion, to take any action and to execute any instrument that the Lender may reasonably deem necessary or advisable to accomplish the purposes of this IP Security Agreement. This authority includes, without limitation, the following:

(a) To modify or amend (in the sole discretion of the Lender and without first obtaining any Grantor's approval thereof or signature thereto) Schedule A, Schedule B, Schedule C, and/or Schedule D hereof, as appropriate, to include references to any registered intellectual property (or application or license therefor) acquired by such Grantor after the execution hereof or to delete any reference to any IP Collateral in which any Grantor no longer has or claims any right, title or interest;

(b) To execute, file and pursue (in the sole discretion of the Lender and without first obtaining any Grantor's approval thereof or signature thereto, unless otherwise prohibited by applicable law) any application, form or other document in order to perfect, maintain, continue or otherwise protect the Lender's interest or such Grantor's rights in the IP Collateral,

including, without limitation, executing and filing (i) any financing statement, any continuation statement or any amendment thereto, and (ii) any document in any proceeding before the United States Patent and Trademark Office, the United States Copyright Office or the relevant office of any state or foreign jurisdiction (including, without limitation, the filing of applications for renewal, affidavits of use, affidavits of incontestability and opposition, interference and cancellation proceedings) and to pay any fees and taxes in connection therewith or otherwise;

(c) To execute any document required to acknowledge, register or perfect the interest of the Lender in any part of the IP Collateral without the signature of any Grantor unless prohibited by applicable law; and

(d) Upon the occurrence and during the continuation of an Event of Default, to (i) endorse the applicable Grantor's name on all applications, documents, papers and instruments necessary or desirable for Lender in the use of the IP Collateral, (ii) take any other actions with respect to the IP Collateral as Lender deems to be in the best interest of Lender, (iii) grant or issue any exclusive or non-exclusive license under the IP Collateral to anyone or (iv) assign, pledge, convey or otherwise transfer title in or dispose of the IP Collateral to anyone.

The foregoing power of attorney is coupled with an interest and is irrevocable until the obligations secured hereby have been unconditionally and indefeasibly paid or performed in full and the Loan Agreement has been terminated (except for any obligations designated under the Loan Agreement as continuing on an unsecured basis).

5. Release. Unless otherwise agreed in writing by the parties, the security interests granted herein will terminate (and all rights to the IP Collateral will revert to the applicable Grantor) upon satisfaction of the following conditions: (a) payment and performance in full of all the Obligations secured hereby (unconditionally and indefeasibly) and (b) the termination of the Loan Agreement (except for any obligations designated thereunder as continuing on an unsecured basis). Upon any such termination, the Lender (at Dan River's request and sole expense) will promptly execute and deliver to Grantors (without any representation, warranty or recourse of any kind whatsoever) such documents as the Grantors may reasonably request and as are provided to the Lender to evidence such termination.

6. Newly Registered Copyrights, Patents and Trademarks. Each Grantor hereby agrees to provide the Lender, every three (3) months, a schedule of newly registered Copyrights, Patents and Trademarks (if any).

7. Miscellaneous.

(a) This IP Security Agreement has been entered into in conjunction with the provisions of and the security interest granted to the Lender under the Loan Agreement. The rights and remedies of the Grantors and the Lender with respect to the security interests granted herein are in addition and without prejudice to those set forth in the Loan Agreement, all terms and provisions of which are hereby incorporated herein by reference. In the event that any provisions of this IP Security Agreement are deemed to conflict with the Loan Agreement or the other Loan Documents, the provisions of the Loan Agreement or the other Loan Documents shall govern.

(b) This IP Security Agreement may be executed in any number of counterparts with the same effect as if all the signatures on such counterparts appeared on one document. Each such counterpart will be deemed to be an original, but all counterparts together will constitute one and the same instrument.
