INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of June 30, 2006, is entered into by and between **ADVANTAGE BUSINESS MEDIA LLC**, a Delaware limited liability company (hereinafter, together with its successors in title and assigns, called the "**Grantor**"), and **NEWSTAR FINANCIAL, INC.**, as administrative agent and collateral agent for the benefit of Secured Parties (hereinafter, together with its successors as administrative agent and collateral agent for the benefit of Secured Parties, called the "**Administrative Agent**").

Statement of Facts

A. Pursuant to the Credit Agreement, dated as of the date hereof, by and among the Grantor, **ADVANTAGE MEDIA HOLDINGS LLC**, a Delaware limited liability company (the "**Parent Company**"), the several financial institutions from time to time party to the Credit Agreement as lenders hereunder (collectively, "**Lenders**" and, individually, a "**Lender**"), and the Administrative Agent (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "**Credit Agreement**"), the Lenders have agreed to make Credit Extensions to the Borrower.

B. In order to induce the Lenders to make additional Credit Extensions to the Borrower upon the terms and subject to the conditions contained in the Credit Agreement, the Grantor has agreed, upon the terms contained in the Credit Agreement, to grant to the Administrative Agent, for the benefit of Secured Parties, continuing security interests in and Liens upon all Intellectual Property of the Grantor in order to secure all of the Obligations.

C. The Grantor has granted to the Administrative Agent, for the benefit of Secured Parties, continuing security interests in and Liens upon all of the Intellectual Property of the Grantor pursuant to and upon the terms and conditions contained in the Security Agreement, dated as of the date hereof, by and among the Grantor, the Parent Company, and the Administrative Agent (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "**Security Agreement**").

D. Upon the terms contained in the Credit Agreement and the Security Agreement, the Grantor has agreed to execute and deliver to the Administrative Agent, for the benefit of Secured Parties, this Intellectual Property Security Agreement, which is supplemental to the Security Agreement.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor hereby absolutely, unconditionally and irrevocably agrees with the Administrative Agent as follows:

1. **Definitions.** All capitalized terms used but not otherwise defined herein shall have the meanings given to them in the Security Agreement or, if not defined therein, then in the Credit Agreement, and the following terms shall have (unless

otherwise provided elsewhere in this Intellectual Property Security Agreement) the following respective meanings (such meanings being equally applicable to both the singular and plural forms of the terms defined):

(a) **“Intellectual Property”** shall mean all of the rights, title and interests of the Grantor in, to and under all of the following, whether presently existing or at any time or from time to time hereafter created, arising or acquired:

(i) all of its Marks, including all of its trademarks and all trademark licenses to which it is a party, including, without limitation, all of those referred to in Schedule I hereto;

(ii) all of its Patents and all Patent licenses to which it is a party, including, without limitation, all of those referred to in Schedule II hereto;

(iii) all of its Copyrights and all Copyright licenses to which it is a party, including, without limitation, all of those referred to in Schedule III hereto;

(iv) all goodwill of the businesses of the Grantor and of its Subsidiaries connected with the use of, or otherwise symbolized by, each Mark (including each trademark and trademark license);

(v) all Trade Secret Rights, all Works, Manuscripts and all other Intellectual Property; and

(vi) all income, products and proceeds of each of the foregoing, including, without limitation, all claims by the Grantor against third parties for past, present or future (A) infringement or dilution of any Mark, including any trademark or trademark licensed under any trademark license, (B) injury to any goodwill associated with any Mark, including any trademark or any trademark licensed under any trademark license, (C) infringement of any Patent or any Patent licensed under any Patent license, (D) infringement of any Copyright or any Copyright licensed under any Copyright license, or (E) infringement of any Trade Secret Rights or any other Intellectual Property.

(b) **“Credit Agreement”** and **“Security Agreement”** shall have the meanings given to such terms in the Statement of Facts above.

(c) **“Obligations”** shall mean any and all of the Obligations (as that term is defined in the Credit Agreement).

All other terms contained in this Intellectual Property Security Agreement shall, unless the context shall indicate otherwise, have the meanings provided for by the UCC to the extent that such other terms are used or defined therein. References to the Credit Agreement or Security Agreement include any amendment, amendment and restatement,

modification, supplement, restatement, replacement or refinancing (in whole or in part) thereof, whether by way of increase or reduction to any of the Commitments or the principal amount of any of the Loans, addition or elimination of any credit facilities thereunder, extension of any term, addition or deletion of any party thereto, or otherwise.

2. **Grant of Security Interests.** As security for the prompt and complete payment and performance when due of all of the Obligations, each Grantor does hereby pledge unto the Administrative Agent, for the benefit of each of the Secured Parties, and does hereby grant to the Administrative Agent for the benefit of each of the Secured Parties, a continuing security interest in, all of the right, title and interest of such Grantor in, to and under all of the Intellectual Property. Notwithstanding the foregoing, the Intellectual Property shall not include any Intellectual Property of a Grantor if (a) such Grantor is not permitted by Applicable Law or the terms of any Instrument to grant a security interest therein or (b) the grant of a security interest therein would result in the loss, lapse, abandonment, voiding, cancellation, or unenforceability of any such Intellectual Property; provided, however, that the Administrative Agent shall in any event have a security interest in all Proceeds of any and all Intellectual Property.

3. **Representations and Warranties.** The Grantor represents and warrants to the Administrative Agent that, as of the Closing Date, the Grantor does not have any ownership interest in, or title to, any registered Mark, Mark application, registered Patent, Patent application, registered Copyright or Copyright application, **except** as set forth in Schedule I, Schedule II and Schedule III hereto. This Intellectual Property Security Agreement is effective to create valid and continuing security interests in and Liens upon, and, upon the recording hereof with the United States Patent and Trademark Office and the United States Copyright Office, and the filing of appropriate financing statements in the State of Delaware, perfected Liens in favor of the Administrative Agent on, the Grantor's Marks, Patents, and Copyrights, if and to the extent such perfection can be achieved by making such filings; and such perfected security interests and Liens shall be enforceable as such as against any and all creditors of or purchasers from the Grantor.

4. **Security Agreement.** The security interests and Liens granted by the Grantor to the Administrative Agent pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interests and Liens granted by the Grantor to the Administrative Agent pursuant to the Security Agreement. The Grantor and the Administrative Agent expressly agree that each of the security interests and Liens granted under this Intellectual Property Security Agreement and the Security Agreement in the Intellectual Property are intended to be treated as a single security interest for purposes of Article 9 of the UCC and other Applicable Law. The exercise by the Administrative Agent of any rights or remedies with respect to any of the Intellectual Property shall be deemed to be an exercise of such rights or remedies in connection with both this Intellectual Property Security Agreement and also the Security Agreement. In the event of any inconsistency between the terms and conditions of this Intellectual Property Security Agreement and the Security Agreement, then the terms and conditions of the Security Agreement shall prevail.

5. **Reinstatement.** This Intellectual Property Security Agreement shall remain in full force and effect and continue to be effective in the event that any petition shall be filed by or against the Grantor for liquidation or reorganization, should the Grantor become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of the Grantor's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Obligations, or any part thereof, is, pursuant to Applicable Law, rescinded or reduced in amount, or must otherwise be restored or returned, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations shall be reinstated and shall be deemed reduced only by such amount paid in cash and **not** so rescinded, reduced, restored or returned.

6. **Notices.** All notices and communications hereunder shall be in writing and shall be given in the manner provided by Section 10.2 of the Credit Agreement, postage prepaid, addressed: (a) if to any Grantor or the Administrative Agent, at such Person's address set forth underneath its signature below and (b) if to any Secured Party (other than the Administrative Agent), at such address as such Secured Party shall have specified in the Credit Agreement or Specified Swap Agreement; or at such other address as shall have been furnished in writing by any Person described above to the party required to give notice hereunder.

7. **Termination.**

(a) Subject always to Section 5 hereof, on the Termination Date (as defined below), this Intellectual Property Security Agreement shall automatically terminate, and the Administrative Agent, at the request and expense of any Grantor, will execute and deliver to such Grantor a proper Instrument or Instruments (including Uniform Commercial Code termination statements) or other documents acknowledging the satisfaction and termination of this Intellectual Property Security Agreement, and will duly assign, transfer and deliver to such Grantor (without recourse, and without any representation or warranty) such of the Intellectual Property as may be in the possession of the Administrative Agent and has not theretofore been sold or otherwise applied or released pursuant to this Intellectual Property Security Agreement. As used in this Intellectual Property Security Agreement, "**Termination Date**" shall mean the date upon which all of the Commitments shall have terminated in full, no Loans or Notes under the Credit Agreement shall be outstanding (and all Loans shall have been repaid in full), and all of the Obligations (other than Obligations pursuant to the Specified Swap Agreement (other than contingent indemnification obligations not yet due and payable)) shall have been paid in full and in cash.

(b) In the event that any part of the Intellectual Property is sold in connection with a sale permitted by Section 7.5 of the Credit Agreement or otherwise released at the direction of the Required Lenders (or all Lenders if required by Section 10.1 of the Credit Agreement), and the proceeds of such sale or sales or from such release are applied in accordance with the terms of the Credit Agreement or other

Loan Documents, to the extent required to be so applied, such Intellectual Property will be sold free and clear of the Liens created by this Intellectual Property Security Agreement, and the Administrative Agent, at the request and expense of the respective Grantor, will execute and deliver to such Grantor a proper Instrument or Instruments (including Uniform Commercial Code termination statements) and will duly assign, transfer and deliver to such Grantor (without recourse, and without any representation or warranty) such of the Intellectual Property as is then being (or has been) so sold or released and as may be in the possession of the Administrative Agent and has not theretofore been released pursuant to this Intellectual Property Security Agreement.

(c) The Administrative Agent shall have no liability whatsoever to any Secured Party as a result of any release of Intellectual Property by it in accordance with this Section 10.10.

8. **Choice of Law And Venue; Jury Trial Waiver.**

(a) **THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH AND SHALL BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.**

(b) **EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES ALL RIGHT TO A JURY TRIAL IN CONNECTION WITH ANY ACTION, SUIT OR PROCEEDING ARISING OUT OF OR RELATED IN ANY WAY TO THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT. EACH OF THE PARTIES HERETO AGREES TO BE BOUND BY THE PROVISIONS SET FORTH IN SECTION 10.14 AND SECTION 10.15 OF THE CREDIT AGREEMENT WITH THE SAME FULL FORCE AND EFFECT AS IF SET FORTH IN FULL HEREIN AND MADE EXPRESSLY APPLICABLE TO EACH PARTY HERETO.**

9. **Expenses.** In the event that the Grantor shall fail to comply with the provisions of this Intellectual Property Security Agreement or any other Collateral Document, such that the value of any Intellectual Property or the validity, perfection, rank or value of any Liens created hereunder is thereby materially diminished or potentially materially diminished or put at risk, the Administrative Agent may, but shall not be required to, effect such compliance on behalf of the Grantor, and the Grantor shall reimburse the Lenders for all of the reasonable costs and expenses thereof on demand by the Administrative Agent.

10. **Delivery by Facsimile.** Delivery of the signature pages to this Intellectual Property Security Agreement by facsimile shall be as effective as delivery of manually executed counterparts of this Intellectual Property Security Agreement.
