ASSIGNMENT OF MARKS

This ASSIGNMENT OF MARKS is dated as of April 14, 2006 ("Assignment") between Cleanpak International, LLC, an Oregon limited liability company ("Assignor"), and Acquisition Sub 2006 – 3, Inc., a Delaware corporation ("Assignee").

WHEREAS, Assignor is the user of certain trademarks for which it has obtained Federal trademark registration or for which it has filed pending applications for Federal trademark registration which are listed in Schedule A, attached hereto;

WHEREAS, Assignor is the owner of certain trademarks which it uses in foreign countries and for which it has obtained foreign trademark registrations which are listed in Schedule B, attached hereto;

WHEREAS, Assignor uses certain unregistered trademarks for which it relies on its rights at common law, and under Section 43(a) of the Lanham Act and under the laws of the States relating to unfair competition and trademarks, which are listed in Schedule C, attached hereto; and

WHEREAS, pursuant to that certain Asset Purchase Agreement between Assignor and Assignee dated as of April 14, 2006 (the "APA"), Assignee wishes to acquire from Assignor, and Assignor wishes to transfer to Assignee, the trademarks listed in Schedules A, B, and C, referred to collectively herein as the Marks and the goodwill associated with the Marks;

NOW, THEREFORE, in consideration of the APA and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Authorization. Assignor authorizes and requests the Commissioner of Patents and Trademarks, or any other official whose duty is to record the ownership of U.S. trademark registrations or applications therefor, to record the Assignee as the owner of the registrations and applications therefor listed on Schedule A hereto:

2. Assignment. Assignor assigns to Assignee all Assignor's rights, titles, and interests in and to the Marks, including, without limitation, the goodwill of the business symbolized by the Marks, all Assignor's registrations and applications for registration thereof, if any, all Assignor's common law rights in the Marks, all Assignor's rights of action accrued and to accrue thereunder and by virtue thereof, including, without limitation, the right to sue and recover for past infringement of the Marks, and all Assignor's records and files relating to the Marks.

3. Further Assurances. Assignor agrees to provide all assistance reasonably requested by Assignee to fulfill the purposes of this Assignment, including executing further consistent assurances, confirmation, assignments, transfers, and releases, and providing good faith testimony by affidavit, declaration, deposition, or other means. If, for any reason, Assignee is unable, after reasonable effort, to secure Assignor's signature on any document needed to procure or perfect Assignee's interest in any of the Marks, Assignor hereby appoints Assignee as its attorney in fact, with full power of substitution, on behalf of the Assignor and for the benefit

of Assignee, to execute and enter into any documentation relating to the Marks, to secure recordation or registration of the Marks and of this Assignment, to demand and receive any and all of the Marks, to give receipts and releases for and in respect of the Marks, to institute and prosecute in the name of the Assignor any proceedings at law, in equity, or otherwise, and to take any other action that Assignee deems necessary or desirable to perfect or enforce its rights in the Marks. Assignor stipulates and agrees that such appointment is a right coupled with an interest, and that such appointment will survive the incapacity or unavailability of the Assignor at any future time.

4. Covenant Not To Sue. Except in the event of a material breach of any of the terms of the APA by Assignee and/or any document to be delivered thereunder by Assignee, Assignor hereby releases, discharges, and covenants not to assert any claim, cause of action, or right of action against Assignee and/or Assignee's parents, subsidiaries, customers, distributors, affiliates, joint venturers, agents, employees, directors, successors, and assigns, in which Assignor asserts that it is the owner of the Marks, or has the right to receive royalties or enjoy any other rights and/or benefits Assignor would have if Assignor was an owner of the Marks.

5. Non-Use By Assignor . Assignor further covenants that it will cease and desist all uses of the Marks throughout the world, and that it will not oppose or otherwise impede any effort by Assignee to enforce or procure registration for any of the Marks before any administrative, governmental, or other tribunal.

6. Conflict with the Asset Purchase Agreement. Neither the making nor the acceptance of this Assignment shall enlarge, restrict or otherwise modify the terms of the Asset Purchase Agreement or constitute a waiver or release by the Assignor or the Assignee of any liabilities, duties or obligations imposed upon either of them by the terms of the Asset Purchase Agreement, including, without limitation, the representations and warranties and other provisions which the Asset Purchase Agreement provides shall survive the date hereof as provided in the Asset Purchase Agreement. In the event that any provision of this Assignment is construed to conflict with a provision in the Asset Purchase Agreement, the provision in the Asset Purchase Agreement shall be deemed to be controlling.

7. Succession and Assignment. Subject to the immediately following sentence, this Assignment will be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, each of which such successors and permitted assigns will be deemed to be a party hereto for all purposes hereof. No party may assign, delegate or otherwise transfer either this Assignment or any of its rights, interests, or obligations hereunder without the prior written approval of the other party or as otherwise contemplated by the Asset Purchase Agreement.

8. Governing Law. This Assignment will be governed by, and construed and interpreted in accordance with, the substantive laws of the State of New York.

9. Counterparts. This Assignment may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument
