*Sidd*

- 2.8 The Licensee may use the Marks in promotional literature, advertising materials, on its letterheads and on its website for the purposes of those activities for which it has been granted rights under this Agreement. Where the Licensee applies relevant Marks to Parts that it manufactures and/or supplies it shall do so in accordance with all relevant guidelines notified to it by the Licensor as at the Commencement Date, and any future guidelines mutually agreed by the parties, with agreement not to be unreasonably withheld or delayed by either party. In particular the Licensee shall ensure that all literature and packaging prepared by the Licensee and relating to Parts and bearing a Mark, also bears an acknowledgement approved by the Licensor (which approval will not be unreasonably withheld or delayed) to the effect that they are subject to a licence from the Licensor. The application of (and the manner of application of) the Marks to Parts literature and packaging as at the Commencement Date shall be deemed to be in accordance with the relevant guidelines provided to the Licensee by the Licensor. If, after the date of this Agreement, the Licensee wishes to materially change the form and manner in which the Marks are applied to any Parts, it may do so only with the Licensor's prior written consent, such consent not to be unreasonably withheld or delayed. Any change in the shape proportions, or colours will without prejudice constitute a material change for these purposes.
- 2.9 Subject to the terms and conditions of this Agreement and in consideration of the covenants given by the Licensee under this Agreement, the Licensor grants to the Licensee (subject to it first obtaining the Licensor's written consent which may not be unreasonably withheld or delayed) the right to use the Marks in combination with other trade marks or as elements of a corporate name, business name, domain name or some other trading style for use by the Licensee in conjunction with those activities for which it has been granted rights under this Agreement. For the avoidance of doubt the Licensor consents to the use of the Marks in the combination "MG Rover" subject to the terms of this Agreement.
- 2.10 The Licensee undertakes not to use the Marks for any purpose other than as authorised under this Agreement. In particular, the Licensee shall not except as expressly permitted under this Agreement or without the prior written consent of the Licensor use the Marks outside the Business.
- 2.11 The Licensee further undertakes not, without the prior written consent of the Licensor (such consent not to be unreasonably withheld or delayed) to register, apply to register or acquire the registration of any trade mark, domain name or URL consisting of or containing the Marks (or which is confusingly similar to the Marks) and not to assist or procure any other person, firm or company to do so. With respect to any domain name and/or URL that utilizes one or more of the Marks, the Licensor

agrees that it will not unreasonably withhold consent to the Licensee's registration of said domain name and/or URL provided such domain name and/or URL is used exclusively for the purpose of carrying on activities for which the Licensee has been granted rights under this Agreement.

- 2.12 The Licensee does not by virtue of this Agreement obtain any proprietary rights in the Marks. Accordingly, all use of the Marks shall be for the benefit of the Licensor and any goodwill accrued to the Licensee arising from its use of the Marks shall accrue to and be held in trust by the Licensee for the Licensor which goodwill in the Marks the Licensee agrees to assign to the Licensor at its request at any time. To the extent that any such goodwill or proprietary rights in the Marks do vest in the Licensee, then the Licensee shall, at the cost and request of the Licensor, promptly take such steps as are necessary to secure the assignment of such goodwill or rights to the Licensor.
- 2.13 The licences granted under this **clause 2** are, subject to the remaining provisions of this Agreement, royalty-free and perpetual. Such licences do not grant any right for the Licensee to market under any Rover Mark owned by BMW or apply any such Rover Mark to any Part which has been specifically designed for use on or in relation to any sports utility, four-by-four, or all-wheel drive vehicle, mini-van, truck or any vehicle having an off-road capability or any vehicle which incorporates any of the features or characteristics specified in Schedule 3 of the Rover Trade Mark Licence dated 9 May 2000 between the Licensor and BMW. Nothing in the preceding sentence restricts the Licensee from manufacturing or supplying Parts for the Rover 25, Rover 45 and Rover 75 models of Vehicle and derivatives models thereof as such term is defined in the Rover Technology Licence Agreement of 9 May 2000 and the Technology Licence Agreement of 25 January 2002, both between BMW and the Licensor.

#### Royalty Provisions

- 2.14 In consideration of the grant of the rights under **clause 2**, the Licensee shall pay to the Licensor a royalty equal to 5% of the Contribution for that Royalty Period, in accordance with the remaining provisions of this **clause 2** if and only if first registrations of new Current Vehicles (or equivalent registrations or, if no equivalent to first registration exists in any part of the Exclusive Territory, the sales of new Current Vehicles in that part) by the Licensor and its Affiliates in the Exclusive Territory ("**Relevant Sales**") are equal to or greater than 71,161 for that Royalty Period ("**Benchmark Sales**"). The Licensor shall be permitted to assign this royalty to PVH or to an Affiliate of PVH with the Licensee's prior written consent such

consent not to be unreasonably withheld or delayed. Notwithstanding the foregoing, if a significant portion of the business of the manufacture and supply of Current Vehicles of the Licensor is transferred then the entitlement to the royalty under this provision will automatically transfer to such transferee. For the avoidance of doubt, in the event that no royalty is due in connection with the rights granted under clause 2, those rights shall continue royalty free upon the terms of this Agreement. In the event that the Royalty Period is a part of a Year, entitlement to a royalty shall be based (pro rata) on the Benchmark Sales for such partial year.

- 2.15 The Licensor will provide to the Licensee within twenty (20) Business Days of the end of each Royalty Period a statement of the Relevant Sales made in the Royalty Period ("the Statement"). The Licensor will provide to the Licensee, at no cost to the Licensee, on an open and transparent basis, information supporting the Statement and allow Licensee and its authorised representatives the right to verify the Statement and the information supporting it.
- 2.16 If the Licensee agrees or if it is subsequently determined that Relevant Sales were at or greater than Benchmark Sales the Licensee will provide to the Licensor within twenty (20) Business Days of such agreement or determination, a statement of the calculation of the Contribution for that Royalty Period and a calculation of the royalty payable ("the Contribution Statement") together with a wire transfer for such amount. The Licensee will provide to the Licensor at no cost to the Licensor on an open and transparent basis, information supporting the Contribution Statement and royalty calculation and allow the Licensor and its authorised representatives the right to verify the Statement and Calculation and information supporting it.
- 2.17 If either party disputes any information provided under **clauses 2.15** and **2.16** the Contract Manager and the Services Manager as defined in the Aftermarket Services Agreement will promptly meet to attempt to resolve the issue.
- 2.18 Royalty payments in respect of the Royalty Period shall be made as provided in clause 2.16 with any balancing sum due payable within 7 Business Days of agreement or determination in the case of dispute.
- 2.19 In the event of a dispute which cannot be resolved by the Contract Manager and the Services Manager under **clause 2.17** such dispute shall be referred to the Senior Management of the parties as defined in the Aftermarket Services Agreement. If any dispute is not resolved within twenty (20) Business Days the dispute shall be referred for determination by the Expert. The Expert shall act as an expert and not as

arbitrator and, accordingly, the Arbitration Act 1996 shall not apply. The decision of the Expert shall be final and binding on the Licensor and the Licensee.

- 2.20 Each party shall provide the Expert with such information, documentation and assistance as he may reasonably require for the purpose of his determination. Each of the parties shall regard the nature and results of the determination and the information and documentation provided to the Expert as confidential. The costs of any Expert shall be borne by the parties in equal proportions unless or until the Expert makes a determination as to costs in which case such costs shall be borne as directed by the Expert.
- 2.21 All royalties becoming payable under **clause 2.14** shall be paid exclusive of VAT which shall be paid in addition, in pounds sterling to a bank account nominated in writing by the Licensor
- 2.22 Without prejudice to any other rights or remedies that it may have under this Agreement or otherwise, the Licensee shall be entitled, but not obliged, at any time, to set off any liability of the Licensee to the Licensor or to its Affiliates (including but not limited to any royalties due) against any liability of the Licensor to the Licensee (in either case howsoever arising and whether any such liability is present or future, liquidated or unliquidated, and irrespective of the currency of its denomination and any for such purpose convert or exchange any currency).
- 2.23 Without prejudice to the earlier provisions of this **clause 2**, the Licensee agrees to keep true and accurate Records. The Records shall, at Licensor's expense and upon reasonable notice in writing of at least 14 days by the Licensor, be open at all reasonable times during business hours for inspection by the Licensor or its duly authorised agent such right to be exercised no more than once every calendar year.
- 2.24 Notwithstanding the above, the grant of rights under this clause shall not restrict the Licensor or any of its Affiliates during this Agreement from undertaking Exceptional Activities.
- 2.25 The Licensee shall not use its rights under this Agreement:-
- 2.25.1 to produce Parts badged with a Rover Mark for a Vehicle badged with an Austin Mark; or
  - 2.25.2 to produce Parts badged with an Austin Mark for a Vehicle badged with a Rover Mark

without the Licensor's prior written consent (such consent not to be unreasonably withheld or delayed).

2.26 The Licensor agrees that following the Commencement Date the Licensor shall not grant any Person any rights in relation to the Austin Marks in the Exclusive Territory of the type granted to the Licensee in clause 2.5 without the Licensee's prior written consent (such consent not to be unreasonably withheld or delayed).

2.27 The sale of a Carryover Part for a New Model in the Non Exclusive Territory as a result of an unsolicited order shall not infringe the provisions of this Agreement.

### 3. **USE OF THE MARKS**

3.1 During the continuance of this Agreement, the Licensee shall not use the Marks in any manner which would tend to raise the risk substantially that they become generic or lose their distinctiveness or otherwise use the Marks in a manner which is materially detrimental to the goodwill, reputation and image associated with the Marks.

3.2 The Licensee shall ensure that each of the Parts is manufactured in all material respects and as far as is commercially reasonable in accordance with:

3.2.1 the same specification and production standards as the equivalent OE Part; or

3.2.2 to such lesser quality or standard as is mutually agreed by the parties from time to time.

3.3 The Licensee shall use its reasonable endeavours to comply with all established industry standards and all laws and regulations having application to the advertisement or provision of the Parts.

3.4 At the reasonable request of the Licensor, the Licensee shall provide the Licensor with a reasonable number of samples of stationery brochures or other material bearing the Marks in use by the Licensee at the date of such request.

### 4. **REGISTRATION AND INFRINGEMENTS**

6.3 Notwithstanding clauses 6.1 and 6.2, the parties acknowledge that any breach of this Agreement committed by the Licensee shall not entitle the Licensor to terminate this Agreement. However, this will not limit the Licensor's entitlement to any other remedies which it may have in respect of damages or injunctive relief.

6.4 The Licensor may by written notice served on the Licensee terminate this Agreement immediately if

6.4.1 a nominee or supervisor is appointed for the Licensee for a composition in satisfaction of its debts, or for a scheme of arrangement of its affairs for the benefit of its creditors as a whole;

(b) purchase from the Licensee all residual stocks of Parts bearing any of the Marks in store which are in good and suitable condition, the price for the sale of such stocks being the cost to the Licensee of such stocks.

## 7. RELATIONSHIP OF THE PARTIES

Nothing contained in this Agreement, and no action taken by the parties pursuant to this Agreement, will be deemed to constitute a relationship between the parties of

partnership, joint venture, principal and agent or employer and employee. Neither party has, nor may it represent that it has, any authority to act or make any commitments on the other party's behalf.

8. **SEVERABILITY**

If any clause or part of this Agreement is found by any court, tribunal, administrative body or authority of competent jurisdiction to be illegal, invalid or unenforceable then that provision will, to the extent required, be severed from this Agreement and will be ineffective without, as far as is possible, modifying any other clause or part of this Agreement and this will not affect any other provisions of this Agreement which will remain in full force and effect unless the substantive purpose of this Agreement is then frustrated, in which case either party may terminate this Agreement on written notice to the other.

9. **ASSIGNMENT OF THE X-PART MARKS**

9.1 In consideration of the mutual rights and obligations under this Agreement, the Licensor hereby assigns to the Licensee (i) with full title guarantee the registered rights in the X PART and X CHECK trade marks and domain names (being those registered trade marks and domain names and trade mark applications, particulars of which are given at Schedule 1D) and (ii) such right title and interest as the Licensor shall have in all unregistered rights in the X PART and X CHECK trade marks and domain names, with (i) and (ii) collectively being referred here and elsewhere in this Agreement as the "**X PART Trade Marks & Names**", together with all goodwill associated with the use by the Licensor of any of the X PART Trade Marks & Names, in connection with the Business.

10.2 The Licensor may assign the benefit of this Agreement to any Affiliate provided that the benefit of the Aftermarket Services Agreement and the Technology Licence is simultaneously assigned to such Affiliate. It shall be a condition of such assignment by the Licensor that whilst the Buy Back Agreement is in force if any such assignee

shall cease to be an Affiliate it shall, prior to so ceasing, reassign the benefit of the Agreement to another Affiliate. The Licensee may assign the benefit of this Agreement to any Affiliate provided that the benefit of the Technology Licence is simultaneously assigned to such Affiliate. It shall be a condition of such assignment by the Licensee that whilst the Buy Back Agreement is in force if any such assignee shall cease to be an Affiliate it shall, prior to so ceasing, reassign the benefit of the Agreement to another Affiliate.

10.3 Once the Buy Back Agreement ceases to be in force:

10.3.1 the Licensor may assign, license, hold on trust, or otherwise deal with, transfer or dispose of the benefit of this Agreement to any purchaser of all or substantially all of the Retained Business provided that the benefit of the Aftermarket Services Agreement and the Technology Licence is simultaneously assigned to such purchaser;

10.3.2 the Licensee may assign, license, hold on trust, or otherwise deal with, transfer or dispose of the benefit of this Agreement to any purchaser of all or substantially all of the assets of the Business provided that the benefit of the Aftermarket Services Agreement and the Technology Licence is simultaneously assigned to such purchaser and provided that the written consent of BMW has been obtained.

10.4 Whilst the Buy Back Agreement is in force, neither the Licensor or the Licensee may sub-contract all or substantially all of its obligations under this Agreement.

10.5 Subject to the provisions of Clause 10.4, either the Licensor or the Licensee may without restriction sub-contract its obligations under this Agreement as it sees fit without the consent of the other party. For the avoidance of doubt the appointment of a sub-contractor shall not relieve the party appointing the sub-contractor from any liability or obligation under this Agreement and the party appointing the sub-contractor shall be fully responsible for the performance by the sub-contractor of the obligations under this Agreement.

10.6 This Agreement shall, under the jurisdiction of England and Wales, be binding on the successors and permitted assigns of the Licensor or the Licensee respectively.

10.7 The provisions of this Agreement shall be binding on any successor in title of the parties.

## 11. GOVERNING LAW AND JURISDICTION

**Cost of Sales** is the external direct costs of Parts related to Sales recognised in the period. This is the aggregate of the following:

1) The cost (Average Cost Price) of each Part sold in the Period as taken from the Caterpillar inventory accounting systems. For the avoidance of doubt, this will not include any overheads or adjustments reflected in 2) below or any mark-ups on internal sales of Parts between warehouses or Caterpillar companies; if such mark ups are included, adjustment will need to be made for movements in stock profit elimination as appropriate.

2) The following items which are not reflected in COS in the inventory accounting systems:

- FIFO stock adjustment;
- routine stock adjustments (including stock loss accruals) relating to quantity and price recorded in the CAT ledgers. These adjustments will result, for example, from:
  - *price changes due to the investigation of mismatched queries;*
  - *price/quantity changes due to investigations prompted by the monitoring of movements in ACP*
  - *quantity changes due to warehousing activities on such matters as:*
    - ❖ *bin consolidation*
    - ❖ *bin denial*
    - ❖ *routine stock checks/STCs*
    - ❖ *dealer queries on delivery errors (e.g. wrong part number)*
- retrospective price increases from suppliers;
- the cost of Tooling purchases and refurbishment specifically in connection with the production of Parts;
- the movement in the COS overhead element of stock, namely the equivalent of the 6.10% uplift to Stock applied in respect of Tooling, packaging and electro-coating overheads as at 31 December 2003;
- import duties;
- scrapped Parts;
- credit returns (being the recognition back into stock of customer returns);
- packaging;
- movement in NRV provisions; and
- movement in the accrual for goods shipped direct to customers from suppliers for which the purchase invoice has yet to be received.
