TRADEMARK ASSIGNMENT AGREEMENT

This Trademark Assignment Agreement (this "Agreement") is made this 28th day of August, 2006 between London Fog Group, Inc., formerly known as London Fog Industries, Inc., a Delaware corporation with an address at 1700 Westlake Avenue North, Suite 200, Seattle, Washington 98109 ("Assignor") and IP Holdings LLC, a Delaware limited liability company with an address at 103 Foulk Road, Wilmington, Delaware 19803 ("Assignee"), pursuant to a certain Asset Purchase Agreement dated as of July 25, 2006 among Assignor and Assignee (the "Purchase Agreement").

WHEREAS, Assignor is the owner of the applications and registrations shown in the attached Schedules A-1 and A-3 (the "Trademarks");

Pursuant to the Purchase Agreement, Assignor has sold to Assignee all of Assignor's right, title and interest in and to the Trademarks, and the goodwill associated therewith; and

Unless otherwise defined, terms that appear in this Agreement with their initial letters capitalized and are not otherwise defined shall have the meanings ascribed to them in the Purchase Agreement (including all schedules and exhibits).

NOW, THEREFORE, for the consideration delivered at the Closing, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns, transfers, and conveys unto Assignee all of its rights, title and interest in and to the Trademarks, whether statutory or at common law, and any and all other applications and registrations thereof, together with the goodwill of the business symbolized by the Trademarks, and the right to sue for, collect and retain all damages and profits and all other remedies for past infringements thereof.

Assignor hereby grants to Assignee a specific power of attorney and authority to act on behalf of and in the name of Assignor to execute all documents and to perform all acts that are necessary to perfect and record the assignment of the Trademarks and otherwise to carry out the intentions of this Trademark Assignment Agreement.

Assignor represents and warrants that it has the full power and authority to execute this Trademark Assignment Agreement and that this Trademark Assignment Agreement is binding upon and enforceable in accordance with its terms.

If Assignor or Assignee shall become aware of any existing applications for or registrations of trademarks or service marks in which Assignor has any right, title, or interest, and which Assignor has sold to Assignee pursuant to the Purchase Agreement, but which are not shown in the attached Schedules A-1 and A-3, Assignor hereby authorizes Assignee to amend the attached Schedule A-1 or, as applicable, A-3, of this Agreement to show such additional application(s) for or registration(s) of trademark(s) or service mark(s).

This Agreement is being executed and delivered pursuant to the Purchase Agreement and shall be construed in a manner consistent with the terms of the Purchase Agreement. Except for the Purchase Agreement, this Agreement contains the final, complete and exclusive

understanding between Assignor and Assignee regarding its subject matter and supersedes any prior or contemporaneous agreement, understanding, or representation, oral or written, by either of them. The validity, construction, interpretation, and enforcement of this Agreement shall be governed by the laws of the State of Washington. In the event of any litigation, arbitration or other proceeding arising out of the subject matter of this Agreement, the nonprevailing party shall pay the prevailing party's costs and expenses (including reasonable attorneys' fees) incurred in such proceeding or any appeal, including any bankruptcy proceeding.
