4. COVENANTS. Each Grantor jointly and severally covenants and agrees with Agent, for the benefit of Agent, Lenders and Eligible Swap Counterparties, that from and after the date of this Intellectual Property Security Agreement and until the Termination Date:

(a) Other than in respect of the Excluded Intellectual Property or the Future Excluded Intellectual Property, each Grantor shall notify Agent immediately if it knows or has reason to know that any application or registration relating to any Patent, Trademark or Copyright (now or hereafter existing) may become abandoned or dedicated to the public, or of any adverse determination or development (including the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office, the United States Copyright Office or any court) regarding such Grantor's ownership of any such Patent, Trademark or Copyright, its right to register the same, or to keep and maintain the same, in each case, unless Grantor determines, in its reasonable business judgment and in good faith, that the prosecution or maintenance of any application or registration is not, or is no longer, necessary in the conduct of its business; provided, that such further actions shall only be required upon Agent's receipt of such information required pursuant to Section 4(d).

(b) Each Grantor shall take all actions necessary or reasonably requested by Agent to maintain and pursue each application, to obtain the relevant registration and to maintain the registration of each of the Patents or Trademarks (now or hereafter existing, but other than the Excluded Intellectual Property or the Future Excluded Intellectual Property), including the filing of applications for renewal, affidavits of use, affidavits of noncontestability and opposition and interference and cancellation proceedings, in each case, unless such Grantor determines, in its reasonable business judgment and in good faith, that the prosecution or maintenance of any application or registration is not, or is no longer, necessary or desirable in the conduct of its business.

(c) In the event that any material item of the Intellectual Property Collateral is infringed upon, or misappropriated or diluted by a third party, such Grantor

shall notify Agent promptly after such Grantor learns thereof. Such Grantor shall, unless such Grantor shall reasonably determine that such Intellectual Property Collateral is in no way material to the conduct of its business or operations, promptly take such actions to enforce its rights and protect such Intellectual Property Collateral, whether by action, suit, proceeding or otherwise, as such Grantor shall deem necessary or appropriate under the circumstances in its reasonable business judgment or as Agent may otherwise reasonably request.

(d) Except with respect to the Excluded Intellectual Property and the Future Excluded Intellectual Property, Grantors shall deliver to Agent within 30 days of each anniversary of the Closing Date, a complete and accurate list of each Grantor's (I) registered United States Patents and all applications therefor, (II) registered United States Trademarks and all applications therefor, and (III) registered United States Copyrights and all applications therefor, and promptly upon receipt of such supplement from Agent, the applicable Grantors shall execute and deliver a supplement hereto (in form and substance satisfactory to Agent) to evidence Agent's Lien on such Patents, Trademarks or Copyrights, and the General Intangibles of such Grantor relating thereto or represented thereby.

5. SECURITY AGREEMENTS. The security interests granted pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interests granted to Agent pursuant to the US Security Agreement by each US Credit Party Grantor and each security agreement relating to Intellectual Property entered into by each European Credit Party Grantor, as applicable. Each Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the US Security Agreement or such European Credit Party security agreement, as applicable.

6. REINSTATEMENT. This Intellectual Property Security Agreement shall remain in full force and effect and continue to be effective should any petition be filed by or against any Grantor or Credit Party for liquidation or reorganization, should any Grantor or Credit Party become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of any Grantor's or Credit Party's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Obligations, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee of the Obligations, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations shall be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

7. NOTICES. Whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties by any other party, or whenever any of the parties desires to give or serve upon another any such communication with respect to this Intellectual Property Security Agreement, each such notice, demand, request, consent, approval, declaration or other

communication shall be in writing and shall be addressed to the party to be notified at the address set forth in Annex I to the Credit Agreement (or such other address as may be substituted by notice given in the manner required by Section 11.10 of the Credit Agreement), and given in the manner required by Section 11.10 of the Credit Agreement.

8. ADDITIONAL GRANTORS. From time to time subsequent to the date hereof, additional Credit Parties may become parties hereto as additional Grantors (each, an "Additional Grantor"), by executing a counterpart of this Intellectual Property Security Agreement substantially in the form of Exhibit A attached hereto. Upon delivery of any such counterpart to Agent, notice of which is hereby waived by the Grantors, each Additional Grantor shall be a Grantor and shall be as fully a party hereto as if such Additional Grantor were an original signatory hereto. Each Grantor expressly agrees that its obligations arising hereunder shall not be affected or diminished by the addition or release of any other Grantor hereunder nor by any election of Agent not to cause any Credit Party to become an Additional Grantor hereunder. This Intellectual Property Security Agreement shall be fully effective as to any Grantor that is or becomes a party hereto regardless of whether any other Person becomes or fails to become or ceases to be a Grantor hereunder.

9. TERMINATION OF THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT. Subject to Section 6 hereof, this Intellectual Property Security Agreement shall terminate upon the Termination Date.

10. NO STRICT CONSTRUCTION. The parties hereto have participated jointly in the negotiation and drafting of this Intellectual Property Security Agreement. In the event an ambiguity or question of intent or interpretation arises, this Intellectual Property Security Agreement shall be construed as if drafted jointly by the parties hereto and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provisions of this Intellectual Property Security Agreement.

11. ADVICE OF COUNSEL. Each of the parties represents to each other party hereto that it has discussed this Intellectual Property Security Agreement with its counsel.

12. CONFLICT OF TERMS. To the extent any provision contained in this Intellectual Property Security Agreement conflicts with any provision in the Credit Agreement, the provisions contained in the Credit Agreement control.

13. EFFECT OF AMENDMENT AND RESTATEMENT. From and after the date hereof (the "Effective Date"): (a) the terms and conditions of the Existing Intellectual Property Security Agreement shall be amended as set forth herein and, as so amended, shall be restated in their entirety, but only with respect to the rights, duties and obligations among Grantors and the Agent continuing or accruing from and after the Effective Date; (b) this Intellectual Property Security Agreement shall not in any way release or impair the rights, duties, obligations or Liens created pursuant to the Existing Intellectual Property Security Agreement (and such Liens shall continue without any diminution thereof and shall remain in full force and effect on and after the Effective Date) or affect the relative priorities thereof, in each case to the extent in force and effect thereunder as of the Effective Date, and all of such rights, duties, obligations and Liens are assumed, ratified and affirmed by each Grantor; (c) the execution,

delivery and effectiveness of this Intellectual Property Security Agreement shall not operate as a waiver of any right, power or remedy of the Lenders or the Agent under the Existing Intellectual Property Security Agreement, nor constitute a waiver of any covenant, agreement or obligation under the Existing Intellectual Property Security Agreement, except to the extent that any such covenant, agreement or obligation is no longer set forth herein or is modified hereby; and (d) any and all references to the Existing Intellectual Property Security Agreement in any Loan Document or Lender Swap Contract shall, without further action of the parties, be deemed a reference to the Existing Intellectual Property Security Agreement, as amended and restated by this Intellectual Property Security Agreement, and as this Intellectual Property Security Agreement shall be further amended, restated, supplemented or otherwise modified from time to time.
