## PATENT, TRADEMARK AND COPYRIGHT SECURITY AGREEMENT

This Patent, Trademark and Copyright Security Agreement (the "Agreement"), is made as of the 9<sup>th</sup> day of October, 2006, is entered into by and among NEW PIG CORPORATION, a Pennsylvania corporation, SPILLTECH ENVIRONMENTAL, INC., a Delaware corporation, NEW PENDULUM CORPORATION, a Delaware corporation (collectively the "Pledgors"), and FULTON BANK, a bank incorporated under the laws of the Commonwealth of Pennsylvania (the "Secured Party").

WHEREAS, Pledgors have executed and delivered promissory notes of even date (the "Notes") to the Secured Party pursuant to a certain Loan Agreement of even date between Pledgors and the Secured Party, and various other loan documents (the "Loan Documents"). To secure the complete and timely satisfaction of all existing and further indebtedness and obligations of the Pledgors to the Secured Party under the Loan Documents (the "Obligations"), the Pledgors have agreed to grant a security interest to the Secured Party in certain patents, trademarks, copyrights and other property as security for such Notes and other obligations as more fully described herein.

NOW, THEREFORE, intending to be legally bound hereby, the parties hereto agree as follows:

1. Except as otherwise expressly provided herein, capitalized terms not otherwise defined herein shall have the meanings given to them in the Loan Agreement.
2. To secure the full prompt payment and performance of all Obligations and other liabilities of the Company, each of the Pledgors and each of the other Obligor now or hereafter existing under the Loan Agreement and the other Loan Documents, including, without limitation, principal, interest, fees, expenses, costs and expenses of enforcement, reasonable attorney's fees and expenses, and obligations under indemnification provisions in the Loan Documents (collectively, the "Secured Obligations"), each Pledgor hereby grants to Secured Party, for the benefit of the Purchasers and their respective Affiliates a security interest in, a general lien upon, and/or a general right of set-off against, (whether now owned or hereafter acquired by such Pledgor) the entire right, title and interest of each Pledgor in and to all patent applications, patents, United States trademark applications, registered United States trademarks, registered United States service marks and registered United States copyrights, whether now owned or hereafter acquired by such Pledgor, including, without limitation, those listed on Schedule A hereto, including all proceeds thereof (such as, by way of example, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof, the goodwill of the business to which any of the patents, trademarks and copyrights relate, and all licenses or other agreements granted to such Pledgor with respect to any of the foregoing (collectively, the "Patents, Trademarks and Copyrights").

3. Each Pledgor hereby expressly agrees that, anything herein to the contrary notwithstanding, it shall remain liable under each license, interest and obligation for which a security interest is granted to Secured Party hereunder to observe and perform all the conditions and obligations to be observed and performed by it thereunder, all in accordance with and pursuant to the terms and provisions thereof. Secured Party shall have no obligation or liability under any such license, interest or obligations by reason of or arising out of this Agreement or the grant of security interest thereof to Secured Party or the receipt by Secured Party of any payment relating to any such license, interest or obligation pursuant thereto, nor shall Secured Party be required or obligated in any manner to perform or fulfill any of the obligations of any Pledgor thereunder or pursuant thereto, or to make any payment, or to may any inquiry as to the nature or the sufficiency of any payment received by it or the sufficiency of any performance by any party under any such license, interest or obligation, or to present or file any claim, or to take any action to collect or enforce any performance or the payment of any amounts which may have been assigned to it or to which it may be entitled at any time or times.

4. Each Pledgor agrees that, until all of the Secured Obligations shall have been satisfied in full, it will not enter into any agreement (for example, a license agreement) which is inconsistent with such Pledgor's obligations under this Agreement, without Secured Party's prior written consent which shall not be unreasonably withheld, except such Pledgor may license technology in the ordinary course of business without the Secured Party's consent to suppliers and customers to facilitate the manufacture and use of such Pledgor's products.

5. If, before the Secured Obligations shall have been indefeasibly satisfied in full, any Pledgor shall own any new registered trademarks or any new registered copyright or patent, or any filed patent application or patent for any reissue, division, continuation, renewal, extension, or continuation in part of any registered Patent, Trademark or Copyright or any material improvement on any registered Patent, Trademark or Copyright, the provisions of this Agreement shall automatically apply thereto and such Pledgor shall give to Secured Party prompt notice thereof in writing. Each Pledgor and Secured Party agree to modify this Agreement by amending Schedule A to include any future applied for or registered patents, patent applications, trademark applications, trademarks, copyrights or copyright applications and the provisions of this Agreement shall apply thereto.

6. Secured Party shall have, in addition to all other rights and remedies given it by this Agreement and those rights and remedies set forth in the Loan Agreement, those allowed by Law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Patents, Trademarks and Copyrights may be located and, without limiting the generality of the foregoing, if an Event of Default has occurred and is continuing, Secured Party may immediately, without demand of performance and without other notice (except as set forth below) or demand whatsoever to any Pledgor, all of which are hereby expressly waived, and without advertisement, sell at public or private sale or otherwise realize upon, in a city that the Secured Party shall designate by notice to each Pledgor, or elsewhere, the whole or from time to time any part of such Pledgors' Patents, Trademarks and Copyrights, or any interest which such Pledgor may have therein and, after deducting from the proceeds of sale or other disposition of its Patents, Trademarks and Copyrights all reasonable costs and expenses (including reasonable fees and expenses for brokers and attorneys), shall apply the remainder of

such proceeds toward the payment of the Secured Obligations as the Secured Party, in its sole discretion, shall determine. Any remainder of the proceeds after payment in full of the Secured Obligations shall be paid over to such Pledgor. Notice of any sale or other disposition of any Pledgors' Patents, Trademarks and Copyrights shall be given to such Pledgor at least ten (10) business days before the time of any intended public or private sale or other disposition of the Patents, Trademarks and Copyrights is to be made, which notice each such Pledgor hereby agrees shall be reasonable notice of such sale or other disposition. At any such sale or other disposition, Secured Party may, to the extent permissible under applicable Law, purchase the whole or any part of the Patents, Trademarks and Copyrights sold, free from any right of redemption on the part of Pledgor, which right is hereby waived and released.

7. If any Event of Default shall have occurred and be continuing, each Pledgor hereby authorizes and empowers Secured Party to make, constitute and appoint any officer or agent of Secured Party, as Secured Party may select in its exclusive discretion, as such Pledgor's true and lawful attorney-in-fact, with the power to endorse such Pledgor's name on all applications, documents, papers and instruments necessary for Secured Party to use its Patents, Trademarks and Copyrights, or to grant or issue, on commercially reasonable terms, any exclusive or nonexclusive license under its Patents, Trademarks and Copyrights to any third person, or necessary for Secured Party to assign, pledge, convey or otherwise transfer title in or dispose, on commercially reasonable terms, of its Patents, Trademarks and Copyrights to any third Person. Each Pledgor hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney, being coupled with an interest, shall be irrevocable for the life of this Agreement. The Secured Party hereby accepts this power of attorney and all powers granted hereunder for the benefit of the Secured Party and the Purchasers.

8. At such time as Pledgors shall have indefeasibly paid in full all of the Secured Obligations, this Agreement shall terminate and Secured Party shall execute and deliver to each Pledgor all deeds, assignments and other instruments as may be necessary or proper to re-vest in such Pledgor full title to its Patents, Trademarks and Copyrights, subject to any proper disposition thereof which may have been made by Secured Party pursuant hereto and in accordance herewith.

9. Any and all reasonable fees, costs and expenses, of whatever kind or nature, including reasonable attorney's fees and expenses incurred by Secured Party and Purchasers in connection with the preparation of this Agreement and all other documents relating hereto and the consummation of this transaction, the filing or recording of any documents (including all taxes in connection therewith) in public offices, the payment or discharge of any taxes, reasonable counsel fees, maintenance fees, encumbrances, the protection, maintenance or preservation of each Pledgor's Patents, Trademarks and Copyrights, or the defense or prosecution of any actions or proceedings arising out of or related to the Patents, Trademarks and Copyrights, shall be borne and paid by Pledgors, jointly and severally, within fifteen (15) days of written demand accompanied by documented amounts by Secured Party and/or Purchasers, and if not paid within such time, shall be added to the principal amount of the Secured Obligations and shall bear interest at the highest rate prescribed in the Term Loan Agreement.

10. No course of dealing between any Pledgor and Secured Party, nor any failure to exercise nor any delay in exercising, on the part of Secured Party, any right, power or privilege hereunder or under the Loan Agreement or other Loan Documents shall operate as a waiver of such right, power or privilege, nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

11. All of Secured Party's rights and remedies with respect to the Patents, Trademarks and Copyrights, whether established hereby or by the Loan Agreement or by any other agreements or by Law, shall be cumulative and may be exercised singularly or concurrently.

12. The provisions of this Agreement are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any clause or provision of this Agreement in any jurisdiction.

13. This Agreement is subject to modification only by a writing signed by the parties, except as provided in Paragraph 5.

14. The benefits and burdens of this Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of the parties, provided, however, that no Pledgor may assign or transfer any of its rights or obligations hereunder or any interest herein and any such purported assignment or transfer shall be null and void.

15. This Agreement shall be governed by and construed in accordance with the internal Laws of the Commonwealth of Pennsylvania.

16. This Agreement may be executed in any number of counterparts, each of which, when so executed, shall be deemed an original, but all such counterparts shall constitute but one and the same instrument. Each Pledgor acknowledges and agrees that a telecopy transmission to the Purchasers of signature pages hereof purporting to be signed on behalf of any Pledgor shall constitute effective and binding execution and delivery hereof by such Pledgor.
