TRADEMARK ASSIGNMENT

*John DWK*  
This Trademark Assignment ("Assignment") is made by and between Mr. John Young Choi, an individual residing in the Republic of Korea (hereafter called "Assignor"), and C & C Industries, Inc, having a place of business at 10350 Clay Road, Suite 150; Houston, Texas 77041 (hereinafter "Assignee"), who hereby agree as follows:

**WHEREAS**, Assignor claims to be the owner of all rights, title, and interest in and to the trademark for "C & C" for use in the United States in connection with manually operated metal valves, metal pipe couplings, metal flanges, and metal hardware, namely springs, and including but not limited to United States Trademark Registration No. 2,823,116, and all common law rights and rights of priority associated with the foregoing "C & C" mark (collectively the "Trademark");

**WHEREAS**, despite the foregoing, Assignee believes that it owns all right, title, and interest in and to the mark "C & C" in the United States (including but not limited to via importation and exportation) for use in connection with metal valves, water, oil and gas valves, metal cocks, metal pipe couplings, hammer unions, metal flanges, and related items;

**NOW, THEREFORE**, in consideration of the sum of Ten U.S. Dollars (\$10.00) and other good and valuable consideration to it in hand paid, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers unto Assignee, its successors and assigns, Assignor's entire right, title, and interest in and to the Trademark, together with the goodwill of the business symbolized by and associated with the Trademark, and together with any and all rights and causes of action (including damages recoverable thereby) based on past, present, and future use of the Trademark, including but not limited to all rights and causes of action for infringement and unfair competition.

Assignor further covenants that it or its representative will, upon request, but without expense to it, do all other lawful acts necessary to enable Assignee to obtain, maintain, and enforce full benefits from the rights and interests herein assigned. This Assignment shall be binding on the successors and assigns of Assignor and shall inure to the benefit of the successors and assigns of Assignee.

Assignor further acknowledges, covenants, and agrees that neither it, nor its predecessors, successors and assigns, has any right to use the mark "C & C" in the United States (including but not limited to via importation and exportation) in connection with metal valves, metal pipe couplings, metal flanges, and metal hardware, namely springs, that Assignor has not previously sold, transferred, or assigned any right or interest, purported or otherwise, in or to the Trademark to another person or entity, and that, to the best of Assignor's knowledge, Assignee is the owner of the mark C & C for use in the United States (including but not limited to via importation and
