TRADEMARK COLLATERAL ASSIGNMENT AND SECURITY AGREEMENT

THIS TRADEMARK COLLATERAL ASSIGNMENT AND SECURITY AGREEMENT ("Agreement"), dated March 13, 2007, is by and between MMI-IPCO, LLC, a Delaware limited liability company ("Debtor") and Pipevine MMI Funding, LLC, a Delaware limited liability company, "Secured Party").

W I T N E S S E T H :

WHEREAS, Debtor has adopted, used and is using, and is the owner of the entire right, title, and interest in and to the trademarks, trade names, terms, designs and applications therefor described in Exhibit A hereto and made a part hereof; and

WHEREAS, Debtor and Secured Party have entered into or are about to enter into financing arrangements pursuant to which Secured Party shall make a loan and provide other financial accommodations to Debtor as set forth in the Loan and Security Agreement, dated of even date herewith, by and between Debtor and Secured Party (as the same now exists or may hereafter be amended, modified, supplemented, extended, renewed, restated or replaced, the "Loan Agreement") and other agreements, documents and instruments referred to therein or at any time executed and/or delivered in connection therewith or related thereto, including, but not limited to, this Agreement (all of the foregoing, together with the Loan Agreement, as the same now exist or may hereafter be amended, modified, supplemented, extended, renewed, restated or replaced, being collectively referred to herein as the "Financing Agreements");

WHEREAS, in order to induce Secured Party to enter into the Loan Agreement and the other Financing Agreements and to make the loan and provide other financial accommodations to Debtor pursuant thereto, Debtor has agreed to grant to Secured Party certain collateral security as set forth herein; and

WHEREAS, unless otherwise defined herein, capitalized terms used herein and not defined herein shall have the meaning given to such terms in the Loan Agreement.

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Debtor hereby agrees as follows:

1. GRANT OF SECURITY INTEREST

As collateral security for the prompt performance, observance and indefeasible payment in full of all of the Obligations, Debtor hereby grants to Secured Party a continuing security interest in and a general lien upon, and a collateral assignment of, the following (being collectively referred to herein as the "Collateral"): (a) all of Debtor's now existing or hereafter acquired right, title, and interest in and to: (i) all of Debtor's trademarks, trade names, trade styles and service marks and all applications, registrations and recordings relating to the foregoing as may at any time be filed in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State, Province or Territory thereof, any political subdivision thereof or in any other country, including, without limitation, the

trademarks, terms, designs and applications described in Exhibit A hereto, together with all rights and privileges arising under applicable law with respect to Debtor's use of any trademarks, trade names, trade styles, logos and service marks, and all reissues, extensions, continuation and renewals thereof (all of the foregoing being collectively referred to herein as the "Trademarks"); and (ii) all prints, recordings and labels on which such trademarks, trade names, trade styles, logos and service marks appear, have appeared or will appear, and all designs and general intangibles of a like nature; (b) the goodwill of the business symbolized by each of the Trademarks, including, without limitation, all customer lists and other records relating to the distribution of products or services bearing the Trademarks; (c) all present and future license and distribution agreements (subject to the rights of the licensors therein) pertaining to the Trademarks, (d) all income, fees, royalties and other payments at any time due or payable with respect thereto, including, without limitation, payments under all licenses at any time entered into in connection therewith; (e) the right to sue or bring other rights of action for past, present and future infringements thereof; (f) all rights corresponding thereto throughout the world; and (g) any and all other proceeds of any of the foregoing, including, without limitation, damages and payments or claims by Debtor against third parties for past or future infringement of the Trademarks.

## 2. OBLIGATIONS SECURED

The security interest, lien and other interests granted to Secured Party pursuant to this Agreement shall secure the prompt performance, observance and payment in full of any and all Obligations.

## 3. REPRESENTATIONS, WARRANTIES AND COVENANTS

Debtor hereby represents, warrants and covenants with and to Secured Party the following (all of such representations, warranties and covenants being continuing so long as any of the Obligations are outstanding):

(a) Debtor shall pay and perform all of the Obligations according to their terms.

(b) All of the existing Collateral is valid and subsisting in full force and effect, and Debtor owns the sole, full and clear title thereto, and the right and power to grant the security interest and collateral assignment granted hereunder. Debtor shall, at Debtor's expense, perform all acts and execute all documents necessary to maintain the existence of the Collateral consisting of registered Trademarks as registered trademarks and to maintain the existence of all of the Collateral as valid and subsisting, including, without limitation, the filing of any renewal affidavits and applications. The Collateral is not subject to any liens, claims, mortgages, assignments, licenses, security interests or encumbrances of any nature whatsoever, except: (i) the security interests granted hereunder and pursuant to the Loan Agreement, and (ii) the licenses permitted under Section 3(f) below.

(c) Debtor shall not assign, sell, mortgage, lease, transfer, pledge, hypothecate, grant a security interest in or lien upon, encumber, grant an exclusive or non-exclusive license relating to the Collateral, or otherwise dispose of any of the Collateral, in each case without the prior written consent of Secured Party, except as otherwise permitted herein or in the Loan Agreement. Nothing in this Agreement shall be deemed a consent by Secured Party to any such action, except as such action is expressly permitted hereunder.

(d) Debtor acknowledges that value has been given and agrees that the security interests granted will attach when the Debtor signs this Agreement and the Debtor has any rights in the Collateral.

(e) Debtor shall, at Debtor's expense, promptly perform all acts and execute all documents requested at any time by Secured Party to evidence, perfect, maintain, record or enforce the security interest in and collateral assignment of the Collateral granted hereunder or to otherwise further the provisions of this Agreement. Debtor hereby authorizes Secured Party to execute and file one or more financing statements (or similar documents) with respect to the Collateral. Debtor further authorizes Secured Party to have this Agreement or any other similar security agreement filed with the Commissioner of Patents and Trademarks or any other appropriate federal, state, provincial, territorial or government office.

(f) As of the date hereof, Debtor does not have any Trademarks registered, or subject to pending applications, in the United States Patent and Trademark Office, or any similar office or agency in the United States, any State, Province or Territory thereof, any political subdivision thereof or in any other country, other than those described in Exhibit A hereto and has not granted any licenses with respect thereto other than as set forth in Exhibit B hereto.

(g) Debtor shall, concurrently with the execution and delivery of this Agreement, execute and deliver to Secured Party five (5) originals of a Special Power of Attorney in the form of Exhibit C annexed hereto for the implementation of the assignment, sale or other disposition of the Collateral pursuant to Secured Party's exercise of the rights and remedies granted to Secured Party hereunder.

(h) Secured Party may, in its discretion, pay any amount or do any act which Debtor fails to pay or do as required hereunder or as requested by Secured Party to preserve, defend, protect, maintain, record or enforce the Obligations, the Collateral, or the security interest and collateral assignment granted hereunder, including, but not limited to, all filing or recording fees, court costs, collection charges, attorneys' fees and legal expenses. Debtor shall be liable to Secured Party for any such payment, which payment shall be added to and become a part of the Obligations, shall be payable on demand together with interest at the rate then applicable to the indebtedness of Debtor to Secured Party set forth in the Loan Agreement and shall be part of the Obligations secured hereby.

(i) Debtor shall not file any application for the registration of a Trademark with the United States Patent and Trademark Office, or any similar office or agency in the United States, any State, Province or Territory thereof, any political subdivision thereof or in any other country, unless Debtor has given Secured Party prompt written notice of such action. If, after the date hereof, Debtor shall (i) obtain any registered trademark or trade name, or apply for any such registration in the United States Patent and Trademark Office or in any similar office or agency in the United States, any State, Province or Territory thereof, any political subdivision thereof or in any other country, or (ii) become the owner of any trademark registrations or applications for trademark registration used in the United States, any State, Province or Territory thereof, political subdivision thereof or in any other country, the provisions of Section 1 hereof shall automatically apply thereto. Upon the request of Secured Party, Debtor shall promptly execute and deliver to Secured Party any and all assignments, agreements, instruments, documents and

such other papers as may be requested by Secured Party to evidence the security interest in and collateral assignment of such Trademark in favor of Secured Party.

(j) Debtor has not abandoned any of the Trademarks and Debtor will not do any act, nor omit to do any act, whereby the Trademarks may become abandoned, invalidated, illegal, unenforceable, avoided, or avoidable. Debtor shall notify Secured Party immediately if it knows or has reason to know of any reason why any application, registration, or recording with respect to the Trademarks may become abandoned, canceled, invalidated, illegal, avoided, or avoidable.

(k) Debtor shall render any assistance, as Secured Party shall determine is necessary, to Secured Party in any proceeding before the United States Patent and Trademark Office, any federal, provincial, territorial or state court, or any similar office or agency in the United States, any State, Province or Territory thereof, any political subdivision thereof or in any other country, to maintain such application and registration of the Trademarks as Debtor's exclusive property and to protect Secured Party's interest therein, including, without limitation, filing of renewals, affidavits of use, affidavits of incontestability and opposition, interference, and cancellation proceedings.

(l) No material infringement or unauthorized use presently is being made of any of the Trademarks that would adversely affect in any material respect the fair market value of the Collateral or the benefits of this Agreement granted to Secured Party, including, without limitation, the creation, validity, priority or perfection of the security interest granted herein or the remedies of Secured Party hereunder. There has been no judgment holding any of the Trademarks invalid or unenforceable, in whole or part nor is the legality, validity or enforceability of any of the Trademarks presently being questioned in any litigation or proceeding to which Debtor is a party. Debtor shall promptly notify Secured Party if Debtor (or any affiliate or subsidiary thereof) learns of any use by any person of any term or design which infringes on any Trademark or is likely to cause confusion with any Trademark. If requested by Secured Party, Debtor, at Debtor's sole expense, shall join with Secured Party in such action as Secured Party, in Secured Party's discretion, may deem advisable for the protection of Secured Party's interest in and to the Trademarks.

(m) Debtor assumes all responsibility and liability arising from the use of the Trademarks and Debtor hereby indemnifies and holds Secured Party harmless from and against any claim, suit, loss, damage, or expense (including professionals and attorneys' fees and legal expenses or an attorney and his own client basis) arising out of any alleged defect in any product manufactured, promoted, or sold by Debtor (or any affiliate or subsidiary thereof) in connection with any Trademark or out of the manufacture, promotion, labeling, sale or advertisement of any such product by Debtor (or any affiliate or subsidiary thereof). The foregoing indemnity shall survive the payment of the Obligations, the termination of this Agreement and the termination or non-renewal of the Loan Agreement.

(n) Debtor shall promptly pay Secured Party for any and all expenditures made by Secured Party pursuant to the provisions of this Agreement or for the defense, protection or enforcement of the Obligations, the Collateral, or the security interests and collateral assignment granted hereunder, including, but not limited to, all filing or recording fees, court costs, collection charges, travel expenses, and attorneys' and professionals' fees and legal expenses. Such expenditures shall be payable on demand, together with interest at the rate then applicable

to the indebtedness of Debtor to Secured Party set forth in the Loan Agreement and shall be part of the Obligations secured hereby.

#### 4. EVENTS OF DEFAULT

All Obligations shall become immediately due and payable, without notice or demand, at the option of Secured Party, upon the occurrence of any Event of Default, as such term is defined in the Loan Agreement (each an "Event of Default" hereunder).

#### 5. RIGHTS AND REMEDIES

At any time an Event of Default exists or has occurred and is continuing, in addition to all other rights and remedies of Secured Party, whether provided under this Agreement, the Loan Agreement, the other Financing Agreements, applicable law or otherwise, Secured Party shall have the following rights and remedies which may be exercised without notice to, or consent by, Debtor except as such notice or consent is expressly provided for hereunder:

(a) Secured Party may require that neither Debtor nor any affiliate or subsidiary of Debtor make any use of the Trademarks or any marks similar thereto for any purpose whatsoever. Secured Party may make use of any Trademarks for the sale of goods, completion of work-in-process or rendering of services or otherwise in connection with enforcing any other security interest granted to Secured Party by Debtor or any subsidiary or affiliate of Debtor or for such other reason as Secured Party may determine.

(b) Secured Party may grant such license or licenses relating to the Collateral for such term or terms, on such conditions, and in such manner, as Secured Party shall in its discretion deem appropriate. Such license or licenses may be general, special or otherwise, and may be granted on an exclusive or non-exclusive basis throughout all or any part of the United States of America, its territories and possessions, and all foreign countries.

(c) Secured Party may assign, sell or otherwise dispose of the Collateral or any part thereof, either with or without special conditions or stipulations except that if notice to Debtor of intended disposition of Collateral is required by law, the giving of ten (10) days prior written notice to Debtor of any proposed disposition shall be deemed reasonable notice thereof and Debtor waives any other notice with respect thereto. Secured Party shall have the power to buy the Collateral or any part thereof, and Secured Party shall also have the power to execute assurances and perform all other acts which Secured Party may, in its discretion, deem appropriate or proper to complete such assignment, sale, or disposition. In any such event, Debtor shall be liable for any deficiency.

(d) Secured Party may appoint or reappoint by instrument in writing, any person or persons, whether an officer or officers or any employee or employees of Secured Party or not, to be a receiver or receivers (hereinafter called a "Receiver", which term when used herein shall include a receiver and/or manager) of any Collateral of Debtor (including any interest, income or profits therefrom) and may remove any Receiver so appointed and appoint another in his/her stead. Any such Receiver shall, so far as concerns responsibility for his/her acts, be deemed the agent of the Debtor and not Secured Party, and Secured Party shall not be in any way responsible for any misconduct, negligence or non-feasance on the part of any such Receiver, his/her servants, agents or employees. Subject to the provisions of the instrument appointing him/her,

any such Receiver shall have power to take possession of the Collateral, to preserve the Collateral or its value, to carry on or concur in carrying on all or any part of the business of the Debtor and to sell, lease, license or otherwise dispose of or concur in selling, leasing, licensing or otherwise disposing of the Collateral. To facilitate the foregoing powers, any such Receiver may, to the exclusion of all others, including the Debtor, enter upon, use and occupy all premises owned or occupied by the applicable Debtor wherein the Collateral may be situate, maintain Collateral upon such premises, borrow money on a secured or unsecured basis and use the Collateral directly in carrying on the Debtor's business or as security for loans or advances to enable the Receiver to carry on Debtor's business or otherwise, as such Receiver shall, in its discretion, determine. Except as may be otherwise directed by the Secured Party, all money received from time to time by such Receiver in carrying out his/her appointment shall be received in trust for and paid over to the Secured Party. Every such Receiver may, in the discretion of the Secured Party, be vested with all or any of the rights and powers of the Secured Party. The Secured Party, may, either directly or through its agents or nominees, exercise any or all powers and rights given to a Receiver by virtue of the foregoing provisions of this paragraph.

(e) In addition to the foregoing, in order to implement the assignment, sale, or other disposition of any of the Collateral pursuant to the terms hereof, Secured Party may at any time execute and deliver on behalf of Debtor, pursuant to the authority granted in the Powers of Attorney described in Section 3(g) hereof, one or more instruments of assignment of the Trademarks (or any application, registration, or recording relating thereto), in form suitable for filing, recording, or registration. Debtor agrees to pay Secured Party on demand all costs incurred in any such transfer of the Collateral, including, but not limited to, any taxes, fees, and attorneys' and professionals' fees and legal expenses. Debtor agrees that Secured Party has no obligation to preserve rights to the Trademarks against any other parties.

(f) Secured Party may first apply the proceeds actually received from any such license, assignment, sale or other disposition of any of the Collateral to the costs and expenses thereof, including, without limitation, attorneys' and professionals' fees and all legal, travel and other expenses which may be incurred by Secured Party. Thereafter, Secured Party may apply any remaining proceeds to such of the Obligations as Secured Party may in its discretion determine. Debtor shall remain liable to Secured Party for any of the Obligations remaining unpaid after the application of such proceeds, and Debtor shall pay Secured Party on demand any such unpaid amount, together with interest at the rate then applicable to the indebtedness of Debtor to Secured Party set forth in the Loan Agreement.

(g) Debtor shall supply to Secured Party or to Secured Party's designee, Debtor's knowledge and expertise relating to the manufacture, sale and distribution of the products and services bearing the Trademarks and Debtor's customer lists and other records relating to the Trademarks and the distribution thereof.

(h) Nothing contained herein shall be construed as requiring Secured Party to take any such action at any time. All of Secured Party's rights and remedies, whether provided under this Agreement, the other Financing Agreements, applicable law, or otherwise, shall be cumulative and none is exclusive. Such rights and remedies may be enforced alternatively, successively, or concurrently.

All references to the term "Person" or "person" herein shall mean any individual, sole proprietorship, partnership, corporation (including, without limitation, any corporation which elects subchapter S status under the Internal Revenue Code of 1986, as amended), limited or unlimited liability company, limited liability partnership, business trust, unincorporated association, joint stock company, trust, joint venture or other entity or any government or any agency or instrumentality or political subdivision thereof.

(c) This Agreement, the other Financing Agreements and any other document referred to herein or therein shall be binding upon Debtor and its successors and assigns and inure to the benefit of and be enforceable by Secured Party and its successors and assigns.

(d) If any provision of this Agreement is held to be illegal, invalid or unenforceable, such illegality, invalidity or unenforceability shall not invalidate this Agreement as a whole, but this Agreement shall be construed as though it did not contain the particular provision held to be illegal, invalid or unenforceable and the rights and obligations of the parties shall be construed and enforced only to such extent as shall be permitted by applicable law.

(e) Neither this Agreement nor any provision hereof shall be amended, modified, waived or discharged orally or by course of conduct, but only by a written agreement signed by an authorized officer of Secured Party. Secured Party shall not, by any act, delay, omission or otherwise be deemed to have expressly or impliedly waived any of its rights, powers and/or remedies unless such waiver shall be in writing and signed by an authorized officer of Secured Party. Any such waiver shall be enforceable only to the extent specifically set forth therein. A waiver by Secured Party of any right, power and/or remedy on any one occasion shall not be construed as a bar to or waiver of any such right, power and/or remedy which Secured Party would otherwise have on any future occasion, whether similar in kind or otherwise.

(f) This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of this Agreement by telefacsimile or other means of electronic transmission shall have the same force and effect as the delivery of an original executed counterpart of this Agreement. Any party delivering an executed counterpart of this Agreement by telefacsimile or other means of electronic transmission shall also deliver an original executed counterpart, but the failure to do so shall not affect the validity, enforceability or binding effect of this Agreement.

IN WITNESS WHEREOF, Debtor and Secured Party have executed this Agreement as of the day and year first above written.
