Notwithstanding anything herein to the contrary, the lien and security interest granted to the Second Lien Agent pursuant to this Agreement and the exercise of any right or remedy by the Second Lien Agent hereunder are subject to the provisions of the Amended and Restated Intercreditor Agreement, dated as of June 19, 2007, as the same may be amended, supplemented, modified or replaced from time to time (the "Intercreditor Agreement") among North Fork Business Capital Corporation, as First Lien Agent, LBC Credit Partners, L.P., as Second Lien Agent, and the Grantors (as defined therein) from time to time a party thereto. In the event of any conflict between the terms of the Intercreditor Agreement and this IP Security Agreement, the terms of the Intercreditor Agreement shall govern.

INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (as amended, supplemented or otherwise modified from time to time, this "IP Security Agreement") is made and effective as of June 19, 2007, by BRENNER TANK LLC, a Wisconsin limited liability company, ("Brenner Tank") and BRENNER TANK SERVICES LLC, a Wisconsin limited liability company ("Brenner Services," and together with Brenner Tank, and including any of their respective successors or permitted assignees, each a "Grantor" and collectively the "Grantors"), in favor of LBC CREDIT PARTNERS, L.P., as a Lender (as defined below) and as agent for the Lenders (in such capacity, the "Agent"). Capitalized terms used in this IP Security Agreement and not otherwise defined shall have the respective meanings ascribed to such terms in the Loan Agreement (as defined below).

RECITALS

WHEREAS, pursuant to that certain Amended and Restated Second Lien Loan and Security Agreement, dated as of the date hereof, by and among the Grantors, certain of their affiliates party thereto, Agent and the financial institutions from time to time party thereto as lenders (the "Lenders") (as amended, supplemented or otherwise modified from time to time, the "Loan Agreement"), the Lenders have agreed, subject to the terms and conditions set forth therein, to lend to the Grantors certain amounts pursuant to a term loan facility (the "Loan"); and

WHEREAS, it is a condition precedent to the obligation of Agent and the Lenders to execute and perform under the Loan Agreement that Grantors shall have executed and delivered this IP Security Agreement to Agent, for the ratable benefit of the Lenders;

NOW, THEREFORE, in consideration of the willingness of Agent and the Lenders to enter into the Loan Agreement and to agree, subject to the terms and conditions set forth therein, to make the Loans to the Borrowers pursuant thereto, and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is hereby agreed as follows:

1. Grant of Security Interest. To secure the Grantors' prompt and complete payment of the Loans and the performance and observance of all of the Grantors' Obligations under the Loan Agreement, each Grantor hereby grants to Agent, for the ratable

benefit of the Lenders, a continuing security interest in all of the right, title and interest of such Grantor in and to any and all of the following collateral, whether now owned or hereafter acquired, but excluding any Intellectual Property (as defined in the Loan Agreement) for which the granting of a security interest therein would terminate, invalidate, void, cancel, degrade or abandon such Intellectual Property (the "IP Collateral"):

(a) The U.S. and foreign copyrights, associated copyright registrations and applications for copyright registration, set forth on Schedule A attached hereto (collectively, the "Copyrights");

(b) The U.S. and foreign patents and patent applications set forth on Schedule B attached hereto, including, without limitation, divisions, continuations, reissues, extensions and continuations-in-part of the same (collectively, the "Patents");

(c) The U.S., state and foreign trademark and service mark registrations, trademark and service mark applications set forth on Schedule C attached hereto and all goodwill associated with the foregoing (collectively, the "Trademarks");

(d) The domain names and registrations set forth on Schedule D attached hereto and all goodwill associated with the foregoing (collectively, the "Domain Names");

(e) Any and all claims and causes of action for past, present or future infringement of any of the foregoing, with the right, but not the obligation, to sue for and collect damages for infringement of the foregoing;

(f) Any and all licenses or rights granted under any of the foregoing, and all license fees and royalties arising from such licenses or rights, in each case to the extent permitted by such licenses or rights;

(g) Any and all amendments, renewals, extensions, reissuances and replacements of any of the foregoing; and

(h) Any and all products and proceeds of any of the foregoing.

2. Requested Recordation. Each Grantor authorizes and requests that the Register of Copyrights and the Commissioner of Patents and Trademarks (and any state, foreign or other authority to which this IP Security Agreement is submitted) file and record this IP Security Agreement (and any corresponding or separate forms of such jurisdiction) in order to publicly reflect the interests of Agent and the Lenders in the IP Collateral.

3. Assignment. Upon the occurrence and during the continuance of an Event of Default, each Grantor shall execute and deliver to the Agent an absolute assignment transferring its entire right, title, and interest in and to the IP Collateral to the Agent, for the ratable benefit of the Lenders.

4. Power of Attorney. Each Grantor hereby irrevocably grants to the Agent, for the ratable benefit of the Lenders, a power of attorney, to act as such Grantor's attorney-in-fact, with full authority in the name, place and stead of such Grantor, from time

to time in the Agent's discretion, to take any action and to execute any instrument that the Agent may reasonably deem necessary or advisable to accomplish the purposes of this IP Security Agreement. This authority includes, without limitation, the following:

(a) To modify or amend (in the sole discretion of Agent and the Lenders without first obtaining such Grantor's approval thereof or signature thereto), but after providing notice to Administrative Borrower, Schedule A, Schedule B, Schedule C, and/or Schedule D hereof, as appropriate, to include references to any registered Intellectual Property (or application or license therefor) acquired by such Grantor after the execution hereof or to delete any reference to any IP Collateral in which such Grantor no longer has or claims any right, title or interest;

(b) To execute, file and pursue (in the sole discretion of Agent and the Lenders without first obtaining such Grantor's approval thereof or signature thereto, unless otherwise prohibited by applicable law) any application, form or other document in order to perfect, maintain, continue or otherwise protect the Agent's interest or such Grantor's rights in the IP Collateral, including, without limitation, executing and filing (i) any financing statement, any continuation statement or any amendment thereto, and (ii) any document in any proceeding before the United States Patent and Trademark Office, the United States Copyright Office or the relevant office of any state or foreign jurisdiction (including, without limitation, the filing of applications for renewal, affidavits of use, affidavits of incontestability and opposition, interference and cancellation proceedings) and to pay any fees and taxes in connection therewith or otherwise; provided, however, unless an Event of Default has occurred and is continuing, Agent will not take any actions which result in an assignment or transfer of title of such IP Collateral to Agent. Notwithstanding the foregoing, unless an Event of Default has occurred and is continuing, neither Agent nor Lender shall undertake prosecution of any pending patent application listed in Schedule B before the United States Patent and Trademark Office; responsibility for such prosecution of any pending patent application listed on Schedule B shall remain with the Grantor's attorney of record before the United States Patent and Trademark Office.

(c) To execute any document required to acknowledge, register or perfect the interest of Agent and the Lenders in any part of the IP Collateral without the signature of such Grantor unless prohibited by applicable law; and

(d) Upon the occurrence and during the continuation of an Event of Default, to (i) endorse the respective Grantor's name on all applications, documents, papers and instruments necessary or desirable for Agent in the use of the IP Collateral, and (ii) take any other actions with respect to the IP Collateral as Agent deems to be in the best interest of Agent.

The foregoing power of attorney is coupled with an interest and is irrevocable until the Obligations secured hereby have been unconditionally and indefeasibly paid or performed in full and the Loan Agreement has been terminated (except for any obligations designated under the Loan Agreement as continuing on an unsecured basis).

5. Release. Unless otherwise agreed in writing by the parties, the security interests granted herein will terminate (and all rights to the IP Collateral will revert to each of the Grantors) upon satisfaction of the following conditions: (a) payment and performance in full of all the Obligations secured hereby unconditionally and indefeasibly and (b) the termination of the Loan Agreement (except for any obligations designated thereunder as continuing on an unsecured basis). Upon any such termination, the Agent (at the Grantors' request and sole expense) will promptly execute and deliver to the Grantors (with such customary representations and warranties from a secured lender releasing its lien as Grantor may reasonably request) such documents as the Grantors may reasonably request and as are provided to the Agent to evidence such termination.

6. Newly Registered Copyrights, Patents and Trademarks. Each Grantor hereby agrees to provide the Agent, for the ratable benefit of the Lenders, every three (3) months, a schedule of newly registered Copyrights, Patents and Trademarks (if any).

7. Miscellaneous.

(a) This IP Security Agreement has been entered into in conjunction with the provisions of and the security interest granted to Agent, for the ratable benefit of the Lenders, under the Loan Agreement. The rights and remedies of the Grantors and Agent with respect to the security interests granted herein are in addition and without prejudice to those set forth in the Loan Agreement, all terms and provisions of which are hereby incorporated herein by reference. In the event that any provisions of this IP Security Agreement are deemed to conflict with the Loan Agreement or the other Loan Documents, the provisions of the Loan Agreement or the other Loan Documents shall govern.

(b) This IP Security Agreement may be executed in any number of counterparts with the same effect as if all the signatures on such counterparts appeared on one document. Each such counterpart will be deemed to be an original, but all counterparts together will constitute one and the same instrument.
