TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT, dated as of July 2, 2007, is made by each of the entities listed on the signature pages hereof (each a "*Grantor*" and, collectively, the "*Grantors*"), in favor of York Street Mezzanine Partners II, L.P., a Delaware limited partnership, and PennantPark Investment Corporation, a Maryland corporation (together with their successors and permitted assigns, "*Purchasers*" and individually each a "*Purchaser*").

WITNESSETH:

WHEREAS, pursuant to the Note Purchase Agreement, dated as of July 2, 2007 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "*Note Purchase Agreement*"), among Performance, Inc. ("*Company*"), certain subsidiaries of Company party thereto as Subsidiary Issuers ("*Subsidiary Issuers*", and together with Company, "*Issuers*"), Performance Holdings, Inc., the other Persons party thereto designated as "*Issuer Parties*" and the Purchasers, the Purchasers have severally agreed to purchase Term Notes (as defined in the Note Purchase Agreement) of the Issuers upon the terms and subject to the conditions set forth therein;

WHEREAS, each Grantor has agreed, pursuant to a Guaranty and Security Agreement of even date herewith in favor of the Purchasers (the "*Guaranty and Security Agreement*"), to guarantee the Obligations (as defined in the Note Purchase Agreement) of each Issuer; and

WHEREAS, all of the Grantors are party to the Guaranty and Security Agreement pursuant to which the Grantors are required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Purchasers to enter into the Note Purchase Agreement and to induce the Purchasers to purchase the Term Notes of the Issuers thereunder, each Grantor hereby agrees with the Purchasers as follows:

Section 1. Defined Terms. Capitalized terms used herein without definition are used as defined in the Guaranty and Security Agreement.

Section 2. Grant of Security Interest in Trademark Collateral. Each Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations of such Grantor hereby mortgages, pledges and hypothecates to the Purchasers, and grants to the Purchasers a Lien on and security interest in, all of its right, title and interest in, to and under the following Collateral of such Grantor (the "*Trademark Collateral*");

(a) all of its Trademarks and all IP Licenses providing for the grant by or to such Grantor of any right under any Trademark, including, without limitation, those referred to on Schedule 1 hereto;

(b) all renewals and extensions of the foregoing;

(c) all goodwill of the business connected with the use of, and symbolized by, each such Trademark; and

(d) all income, royalties, proceeds and Liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

Section 3. Guaranty and Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to the Purchasers pursuant to the Guaranty and Security Agreement and each Grantor hereby acknowledges and agrees that the rights and remedies of the Purchasers with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Guaranty and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

Section 4. Grantor Remains Liable. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, as between Grantor and Purchasers, such Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with their Trademarks and IP Licenses subject to a security interest hereunder.

Section 5. Counterparts. This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

Section 6. Governing Law. This Trademark Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

Section 7. Intercreditor Agreement. Notwithstanding anything to the contrary set forth herein, this Trademark Security Agreement, the Liens created hereby and the rights and remedies of Purchasers hereunder are subject to the terms and provisions of the Intercreditor Agreement. In the event of any inconsistency between the provisions of this Trademark Security Agreement and the Intercreditor Agreement, the provisions of the Intercreditor Agreement shall supersede the provisions of this Trademark Security Agreement.
