**TRADEMARK ASSIGNMENT**

This Trademark Assignment (this "Assignment") is made this 17th day of July, 2007, between Senvid, Inc., a Delaware corporation ("Assignor"), of the one part, and Western Digital Technologies, Inc., a Delaware corporation ("Assignee"), of the other part.

A. WHEREAS, Assignor and Assignee have entered into that certain Asset Purchase Agreement, dated of even date herewith (the "Purchase Agreement"), whereby Assignor has agreed to buy and acquire all rights, title and interest in and to the United States and foreign trademark applications listed in Schedule A of this Assignment, the trademarks covered by such applications and any registrations that may issue from such applications, all of which are part of the Acquired Assets (as defined in the Purchase Agreement) (collectively, the "Trademarks").

B. WHEREAS, Assignor is willing to assign to Assignee its respective rights, title and interest in the Trademarks to the Assignee;

C. WHEREAS, Assignee desires to obtain ownership of the Trademarks in accordance with the terms and conditions set forth in this Assignment.

NOW, THEREFORE, in consideration of the mutual promises set forth in the Purchase Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, the parties agree as follows:

1. Assignment. Assignor hereby sells, assigns, transfers and sets over, unto Assignee, its successors, legal representatives and assigns, and Assignee hereby accepts from Assignor, Assignor's entire right, title and interest in, to and under the Trademarks, together with (i) the goodwill of the business symbolized by the Trademarks, (ii) that part of the business to which the Trademarks pertain (which Assignor and Assignee acknowledge is ongoing and existing, and is transferred pursuant to the Purchase Agreement) and (iii) all causes of action, claims, judgments, and/or other legal and equitable rights and remedies arising out of or in connection with ownership of the Trademarks that have accrued or taken place prior to the date of this instrument, including without limitation, the right to sue third parties for infringement of any or all of the Trademarks; the same to be held and enjoyed by Assignee for its own use and benefit and for the use and benefit of its successors and assigns, as fully and entirely as if the same would have been held and enjoyed by Assignor in the absence of this instrument. Assignor hereby authorizes and requests the United States Patent and Trademark Office to issue all registrations related to the Trademarks to Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

2. Authorization. Each party hereto hereby represents and warrants that it has the full power and complete authority to execute this instrument and to carry out its respective obligations hereunder and has complied with all corporate formalities required to give full legal effect to this instrument. Assignor further represents and warrants to Assignee that Assignor has not previously assigned the Trademarks to any third party. Notwithstanding any other provisions in this instrument, each of Assignor and Assignee, by its execution of this instrument, hereby acknowledges and agrees that neither the representations and warranties nor the rights and remedies of either party under the Purchase Agreement will be deemed to be enlarged, modified

or altered in any way by this instrument.

3. Future Prosecution. Assignee accepts all responsibility for prosecuting any pending applications for any of the Trademarks and for all renewal and other future costs in regard to the Trademarks.

4. Cooperation. Assignor shall, at Assignee's expense, execute all documents and do all such other lawful acts as may be necessary or appropriate to carry out the intent and/or purpose of this Assignment.

5. Governing Law. This instrument shall be governed by and construed in accordance with the laws of the United States and the State of California, without giving effect to conflict of laws principles.
