About Accredo Health Group

Accredo Health Group, Inc. provides specialized pharmacy and related services for the treatment of patients with certain chronic diseases.

Accredo offers the following products and services:

- ❖ **Specialty Retail Pharmacy Services** - We sell and provide timely delivery of specialty pharmaceuticals and ancillary supplies directly to the patient or patient's physician in packaging specially designed to maintain appropriate temperatures.
- ❖ **Customized Support Services** - We offer customized services to biopharmaceutical manufacturers and payors designed to meet specific needs that arise at various stages in the life cycles of their products.
- ❖ **Clinical Services** - We work with the patient and the patient's physician to implement the prescribed plan of care.
- ❖ **Reimbursement Services** - We have developed significant expertise in managing reimbursement issues related to the patient's condition and treatment program.

Headquartered in Memphis, Tennessee, Accredo provides overnight, temperature-controlled delivery of our products to patients' homes, physicians' offices or other clinical settings where these medications are typically reconstituted and injected.

These include drugs to treat hemophilia, pulmonary arterial hypertension (PAH), respiratory syncytial virus (RSV), multiple sclerosis, growth hormone deficiency, Gaucher disease and other chronic diseases. See complete [Product Portfolio](#).

Our patient support systems provide a host of services for patients. Our pharmacists and customer service representatives communicate frequently with patients via telephone helping them comply with prescribed treatment schedules and educating them about ways to manage their complex diseases more effectively.

Our reimbursement specialists manage the complicated paperwork required to collect payment for the patient's medication from insurance companies, managed care plans and government payors.

Healthcare Professionals

Comprehensive Clinical and Reimbursement Services for Healthcare Professionals

- ❖ **Insurance Authorization & Claims Filing** - Reimbursement specialists will research the patient's benefits, obtain prior authorizations and file claims on the patient's behalf.
- ❖ **Delivery to the Administration Location** - For many medications, we will ship to the patient's home or office, physician's office or administration location, at no additional cost to the patient. Accredo dispenses from four centralize facilities and over 30 branch locations.
- ❖ **Clinical Counseling and Support** - Our pharmacists and registered nurses educate new patients on realistic expectations of therapy, medication usage, administration and storage guidelines.
- ❖ **Patient Specific Billing Program** - Patients authorize the pharmacy to ship the drug to the administration location (home, office or clinic) but send the bill to the patient's insurance provider.
- ❖ **Compliance and Persistence Assistance** - We encourage compliance and persistence by providing initial clinical counseling, personal support from experienced pharmacy teams, therapy educational materials, home injection training, lifestyle integration support and regular patient contact.
- ❖ **Triage Services** - Occasionally Accredo Health Group is out of network and is unable to service a patient. In these cases we have a commitment to quickly triage the prescription to the appropriate pharmacy and inform the physician or clearinghouse where it was sent.

Additional Services for Certain Therapies

- ❖ **Home Injection Training** - One-on-one injection training helps ensure patients have a more complete understanding of the medication and can successfully manage their injections.
- ❖ **Coordinate Home Infusion** - If you decide a patient would benefit from home infusions, Accredo can coordinate the details. We will research the patient's benefits, deliver the therapy and supplies to the home and arrange for a nurse to make the home visit.
- ❖ **Testing Reminder** - For therapies that require testing prior to the initiation of therapy, the Accredo team will call the patients to discuss testing requirements and to help them understand the importance of these tests.
- ❖ **Local Nursing Support** - With over 30 branch pharmacies and a nationwide network of registered nurses, we can provide clinical support and intervention on a regional basis.
