TRADEMARK ASSIGNMENT AGREEMENT

This Trademark Assignment Agreement (this "Agreement") is made effective as of September 14, 2007 by and between CMP Media LLC, a Delaware limited liability company ("Assignor"), and NSTL, Inc., a Delaware corporation ("Assignee").

WHEREAS, the Assignor, is a party to that certain License Agreement ("**License Agreement**") effective as of June 30, 2001, with Assignee, pursuant to which, among other things, Assignor has licensed to Assignee use of the Trademarks (as that term is defined in the License Agreement), copies of which are attached hereto as Exhibit A; and

WHEREAS, pursuant to Section I(7)(a) of the License Agreement, Assignee wishes to pay to Assignor the consideration stipulated under the License Agreement for transfer of the Trademarks to Assignee;

NOW, THEREFORE, in consideration of the foregoing premises and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, intending to be legally bound, Assignor represents, warrants and covenants as follows:

1. Assignment. Upon the terms and subject to the satisfaction of the conditions contained in this Agreement, in consideration of the payment by Assignee to Assignor (by wire transfer to the account designated by Assignor) of (a) US\$400,000.00, and (b) all royalty payment amounts due to Assignor under the License Agreement with respect to Revenues (as defined in the License Agreement) that have been collected through the date hereof (together with applicable reports), Assignor hereby sells, conveys and assigns all of its right, title and interest in and to the Trademarks, together with all related goodwill, to Assignee, its successors and assigns, to have and to hold, effective as of the date hereof.

2. Assignor Representations, Warranties and Covenants. Assignor represents and warrants that (a) it is fully authorized to execute, deliver and perform this Agreement, and such execution, delivery and performance will not conflict with or give rise to any default under any agreement, law, rule, regulation, order or decree to which Assignor is a party; and (b) Assignor's title to the Trademarks, as transferred to Assignee hereunder, is free and clear of all liens, claims and encumbrances. Assignee represents and warrants that it is fully authorized to execute, deliver and perform this Agreement, and such execution, delivery and performance will not conflict with or give rise to any default under any agreement, law, rule, regulation, order or decree to which Assignee is a party. Assignor further acknowledges and agrees that from and after the date hereof Assignor retains no rights in the Trademarks; that Assignor will not use any marks confusingly similar to or derivative from the Trademarks; and that Assignor will do nothing detrimental to Assignee's rights to or use of the Trademarks.

3. Termination of License Agreement. Assignor and Assignee hereby consent to the termination of the License Agreement; provided, however, that Assignee's royalty payment obligations to Assignor under Article II of the License Agreement with respect

to gross amounts booked by Assignee for services performed through the date hereof that have not been collected as of such date shall survive and remain in full force and effect. To the extent such Revenues (as defined in the License Agreement) are collected after the date hereof, Assignee shall pay Assignor the applicable royalty payments with respect to such Revenues as contemplated by Section II(1)(a) of the License Agreement.

4. Amendments; Entire Agreement. This Agreement may be amended or modified only by a written instrument signed by the parties.

5. Miscellaneous. This Agreement (a) shall be binding upon the parties hereto, their successors and assigns; and (b) the form of assignment document set forth as Exhibit B may be executed by the parties and recorded in any governmental office as required to evidence and give effect to its provisions, at Assignee's cost.
