THIS RELEASE OF SECURITY INTEREST IN INTELLECTUAL PROPERTY (this "Release") dated SEPTEMBER, 2007 is made by Steel City Capital Funding LLC, ("the Secured Party"), a successor to PNC Bank National Association, party to a security agreement dated April 16, 2001 ("the Security Agreement") with CTG Operations, Inc., a predecessor to Crane Cams Inc. ("the Debtor");

WITNESSETH:

WHEREAS, pursuant to the Security Agreement, the Debtor granted to the Secured Party a security interest in certain of the Debtor's intellectual property, including its United States patents and patent applications listed in Schedule A (collectively referred to herein as the "Patents"), United States trademark registrations and trademark applications listed in Schedule B (collectively referred to herein as the "US Trademarks"), foreign and State of Florida trademark registrations and trademark applications listed in Schedule C (collectively referred to herein as the "Foreign and State Trademarks"), copyright registrations listed in Schedule D ("the Copyrights"), and other intellectual property identified in the Security Agreement, (the Patents, US Trademarks, Foreign and State Trademarks, Copyrights and other intellectual property collectively referred to herein as the "Intellectual Property") to secure the payment and performance by the Debtor of certain of its obligations;

WHEREAS, Debtors obligations under the Security Agreement have been met and the Secured Party wishes to: (i) release all of its security interest covering Debtor's Intellectual Property; (ii) restore all right, title and interest in and to the Intellectual Property to Debtor; and (iii) to dissolve any and all liens and encumbrances held by the Secured Party respecting the Intellectual Property.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the Secured Party does hereby release its security interest in the Intellectual Property, including all reissues, divisions, continuations, renewals, extensions and continuations in part of the Patents, and discharges, quit claims and relinquishes unto the Debtor (in each case without recourse and without any representation or warranty) any and all rights, title and interest it has in and to the Intellectual Property, including without limitation royalties payable in respect thereof and any rights to sue for past, present and future infringement thereof, throughout the world.
