## ASSIGNMENT OF TRADEMARKS

This Assignment of Trademarks is made as of October 31, 2007, between The Krystal Company, a Tennessee corporation ("Assignor") and Krystal Trademark Company, a Nevada corporation ("Assignee").

WHEREAS, Assignor is the owner of the trademarks and service marks listed on Attachment 1 attached hereto and incorporated herein (the "Marks"), the United States Registrations listed on Attachment 1 (the "Registrations"), and the pending United States applications for registration listed on Attachment 1 (the "Registration Applications"). Assignee desires to acquire and own exclusively the entire right, title and interest in and to the Marks, the Registrations and the Registration Applications (collectively, the "Trademark Rights") for all purposes, and all goodwill relating thereto, whether such rights are based in common law or under federal or state statute.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over to Assignee and its successors and assigns, full and exclusive right, title and interest in and to the Trademark Rights that Assignor may now have or ever has had for any and all purposes, together with all goodwill of the business symbolized by the Trademark Rights. The foregoing assignment of the Trademark Rights includes, without limitation, (a) the right to register the Trademark Rights in the United States and in any foreign country, (b) all right, title and interest in and to the Registrations and the Registration Applications, (c) the exclusive right to sell, assign, lease, license, use or otherwise transfer or exploit the Trademark Rights, and (d) the right to enforce, sue for and collect damages by reason of any past, present or future infringement or misuse of any of the Marks. To the extent that any of the Registration Applications being assigned to Assignee hereunder are "intent-to-use" registration applications, Assignor acknowledges and agrees that such Registration Applications are being assigned to Assignee in connection with a transfer of all goodwill relating to the business in connection with which the Marks covered by such intent to use Registration Applications will be used.

Assignor agrees to execute and deliver to Assignee any and all instruments and documents that Assignee may reasonably consider necessary or convenient, and to provide all assistance reasonably requested by Assignee, to evidence, maintain, defend, effect or enforce this Assignment as well as Assignee's right, title and interest in and to the Trademark Rights, and to effect the assignment and transfer of the Registrations and the Registration Applications to Assignee, including but not limited to the recordation of this Assignment in the United States Patent and Trademark Office and in any foreign country and jurisdiction.

This Assignment is absolute, exclusive and irrevocable.

This Assignment shall bind and inure to the benefit of the parties and their respective successors and assigns.

IN WITNESS WHEREOF, this Assignment of Trademarks has been duly executed by the parties hereto as of the date first above written.
