TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT dated as of August 29, 2007 (the "Effective Date"), is made by Electronic Technologies, Inc., a New York corporation, ("Assignor") to Gateway EDI, Inc., a Missouri corporation, ("Assignee").

Assignor has adopted, and is currently using in interstate commerce, the trademark TRACKEDI, as described in U.S. Trademark Registration Number 3,156,294, filed on November 11, 2004, and registered in the U.S. Patent and Trademark Office on October 17, 2006 (the "Mark"). The Mark reflects and symbolizes the considerable goodwill of Assignor associated with its business of selling and offering for sale the goods identified by the Mark.

Assignor desires to assign to Assignee, and Assignee desires to receive from Assignor all of Assignor's right, title, and interest in and to the Mark, together with all of Assignor's goodwill associated with and symbolized by the Mark.

NOW, THEREFORE, in consideration of Ten Dollars (\$10.00) and other good and valuable consideration, receipt and sufficiency of which being acknowledged, Assignor makes the following Assignment unto Assignee.

1. Assignment. Assignor hereby assigns, transfers, conveys and delivers to Assignee its entire right, title, and interest in and to the Mark throughout the world, and any and all rights to any registrations thereof or applications for registrations thereof which may now or hereafter exist, together with all of Assignor's goodwill associated with and symbolized by the Mark. This assignment is made in connection with the transfer of Assignor's related business interests and assets to Assignee.

2. Goodwill. The sale, transfer, assignment, and conveyance includes all the goodwill of the business of Assignor associated with and symbolized by the Mark.

3. Other Acts. Assignor agrees to execute and deliver all instruments and documents and to do all other reasonable acts appropriate to perfect in Assignee clear title to the Mark.

4. Additional Rights. Assignor specifically assigns to Assignee all its right, title and interest in and to any claim to recover for any infringement or other violation of ownership rights of the Mark, whether such infringement or violation occurs in the future or has occurred in the past. These rights specifically include the right to sue for injunctive relief and monetary damages and to recover attorney's fees for its own account and benefit and with no duty to account to Assignor. Assignor agrees to cooperate with Assignee in any such action, at Assignee's expense. Assignee is authorized to communicate with the United States Patent and Trademark Office (and corresponding offices or agencies in other countries of the world), which office is authorized to receive and act upon all instructions, communications, correspondence, or other information sent or provided by Assignee to the same extent as if this Assignment had not been made and such item had been received from Assignor.

5. Representations and Warranties. Assignor warrants and represents (i) that before the Effective Date, no license, assignment or legal or equitable charge has been granted or made in

respect of the Mark or any interest therein; (ii) that Assignor has not done any act, or failed to do any act, and to the best of its knowledge and belief after due inquiry, no event has occurred, whereby the registration of the Mark may have been or may be declared void or invalidated; and (iii) that all appropriate and necessary consents, approvals and authorizations in connection with the transfer of ownership and use by Assignee of the Mark have been obtained and are in full force and effect.

IN WITNESS WHEREOF, Assignor has executed this Trademark Assignment as of the day and year first above written.

ELECTRONIC TECHNOLOGIES, INC., a New York corporation

By: Wayne P Koch
Name: Wayne P Koch
Title: President

STATE OF Missouri)
) ss.
COUNTY OF St. Louis)
