TRADEMARK ASSIGNMENT

This Assignment is made on this 17th day of August, 2007 (the "Trademark Assignment") by and between HMP Communications, LLC, a Delaware limited liability company ("Assignor"), and HMP Communications Acquisition, LLC, a Delaware limited liability company ("Assignee"). Capitalized terms used and not otherwise defined shall have the meanings ascribed to them in the Asset Purchase Agreement (as defined below).

WHEREAS, by an Asset Purchase Agreement, dated as of July 16, 2007 by and among Assignor, Assignee, and Majority Seller Member (the "Asset Purchase Agreement"), Assignor has sold the Purchased Assets to Assignee, and in connection therewith, Assignor has sold all of its right, title, and interest in and to the Purchased Assets to Assignee, and in connection therewith, Assignor has agreed to assign, and Assignee has agreed to acquire, all Assignor's right, title and interest in and to all of the trademarks (including common law rights), trade names, service marks, trade dress, logos, trade names and corporate names, along with the goodwill associated therewith, including but not limited to the trademarks listed on Exhibit A hereto, and all registrations, renewals and applications therefor, owned and used by Assignor in connection with the operation of its business (the "Trademarks"); and

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby assign, sell, transfer and convey to Assignee, its successors and assigns, all of Assignor's right, title, and interest in and to the Trademarks throughout the world, including all applications thereof and all goodwill pertaining thereto, the portion of the business of Assignor to which any intent-to-use application pertains to, and all rights to sue and to collect all damages and payments for claims of past or future infringements or misappropriations thereof.

This Trademark Assignment does not extend upon or limit the rights, obligations, representations, warranties and/or indemnifications provided in the Asset Purchase Agreement. Notwithstanding anything to the contrary set forth herein, if there is any conflict between the terms and conditions of this Trademark Assignment and the terms and conditions of the Asset Purchase Agreement, the terms and conditions of the Asset Purchase Agreement shall control.

Assignor hereby agrees to execute upon the request of Assignee, at Assignee's expense, such additional documents as are reasonably necessary to register and otherwise give full effect to and to perfect the rights of Assignee under this Trademark Assignment in and to the Trademarks, including, without limitation, all documents reasonably necessary to register in the name of Assignee the assignment of the Trademarks with the United States Patent & Trademark Office and, with respect to any equivalent foreign rights, with any other appropriate foreign or international office or registrar, and reasonably assist, at Assignee's sole cost and expense (except as provided in the Asset Purchase Agreement), in any proceedings relating to Assignee's right, title, interest and benefit in and to the Trademarks.

This Trademark Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

This Trademark Assignment shall be governed by, construed and enforced in accordance with the laws of the State of New York (without application of principles of conflicts of law).

This Trademark Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
